ST. LOUIS POST-DISPATCH

FINAL ★

Vol. 105. No. 234. (75th Year) ST. LOUIS, SATURDAY, MAY 23, 1953—20 PAGES PRICE 5 CENTS

CHURCHILL REPORTED READY TO PRESS FOR MEETING WITH RUSSIANS IN JULY OR AUGUST

DATE FOR PLAZA BOND ELECTION TENTATIVELY SET FOR NEXT SEPT. 10

Simplified Ballot Would Be Used in Second Vote on $1,500,000 Issue for Redevelopment Project.

The date for another election to authorize issuance of $1,500,000 in bonds for plaza improvements in the proposed $30,000,000 urban redevelopment project has been set tentatively for Thursday, Sept. 10.

Bond issue funds would be used to connect Memorial and Aloe plazas. The city would receive credit for this expenditure as its share of the cost of land clearance for the urban redevelopment project which will surround the new plaza extension.

The new date was selected yesterday by Mayor Raymond R. Tucker and members of the Land Clearance Authority at a conference in the Mayor's office. This will enable the use of the simplified ballot form authorized by new legislation which becomes effective in August.

An earlier proposal seeking authority to issue the bonds failed to obtain the necessary two-thirds majority by 4030 votes at an election on March 13. There were 78,940 votes in favor of the issue and 47,215 against it. In many quarters it was felt that the complicated wording of the ballot confused the voters.

A proposed ordinance calling for the new election will be submitted for approval of the Board of Public Service and the Board of Estimate and Apportionment prior to introduction in the Board of Aldermen on Friday, Mayor Tucker said.

The city must determine also the question of whether the aldermen can legally approve a measure embodying the language for the ballot before the legislation providing for the new language becomes effective. Ordinarily, the aldermen recess during the summer and it is hoped they can enact the ordinance calling for the election before they adjourn for summer vacation.

NIGHT CLUB JAUNT KEEPS HIGH SCHOOL SENIORS AT PROM

NEW BRUNSWICK, N. J., May 23 (AP)—High school seniors of New Brunswick had a gay night in New York last night with approval of parents and school officials.

As in many other schools, the senior prom in the high school gym was becoming simply a place to meet to start for somewhere else. The prom band often was left playing to a practically empty floor—and to chaperones who had been left behind.

This year, school officials, the Parent-Teacher Association and student leaders arranged things to satisfy young and old alike.

The students stayed at the prom until it ended shortly before midnight. Then they — and the chaperones — piled into six chartered busses and drove 35 miles to Hotel Astor in New York for more dancing and partying. They stayed there until the wee hours, then the busses took them to the Roger Smith hotel in New Brunswick for breakfast. The kids got home about 6 a.m.

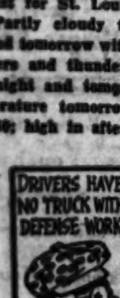
Robert C. Carlson, high school principal, called the plan "a decided success." Mrs. Charles Cafaro, P.-T.-A. president, said she was "very happy at the way the whole thing worked out." The students said they hoped it would become a regular event for the future senior classes.

Partly Cloudy

Official forecast for St. Louis and vicinity: Partly cloudy to cloudy tonight and tomorrow with occasional showers and thunderstorms late tonight and tomorrow; low temperature tomorrow morning about 60; high in afternoon near 80.

TEMPERATURES.

[illegible]



Sunset, 8:13 p.m.; sunrise (tomorrow), 5:42 a.m.

Stage of the Mississippi at St. Louis, 12.8 feet, a fall of 0.8; the Missouri at St. Charles, 15.7 feet, a fall of 0.6.

Girl, 2, Found in Michigan Woods, Believed Victim of Kidnaper

—Associated Press Wirephoto.
BEVERLY BRADLEY is visited by UNDER SHERIFF JOHN REINDL at Menominee (Mich.) hospital.

Rescued by Helicopter Crew After 2-Day Search — Left to Die, Sheriff Thinks.

MENOMINEE, Mich., May 23 (UP)—Authorities suspected today that a 2½-year-old girl was abducted and left to die in upper Michigan woodlands while hundreds searched for her.

Sheriff Edward Reindl said it was "impossible" that Beverly Bradley had wandered in rough timberland for two days before she was found yesterday.

"It looks almost inevitable that someone had been holding her captive and left her in the woods a few hours before she was found," he said. "And I don't think the someone meant her to be discovered."

A Coast Guard helicopter crew spotted the girl lying on her face behind a stump in the woods around Carbondale, Mich., yesterday.

She was taken to a Menominee hospital for a happy reunion with her parents and grandparents. The mother, Mrs. Ocalla Bradley, wept as she cuddled Beverly in the hospital room later. Mrs. Bradley's divorced husband, Paul A. Bradley of Greenville, O., was there, too.

The girl did not talk much during the hours following her discovery and Reindl said he did not think she had yet told the story of her ordeal.

Reindl listed the following facts in support of his suspicion that Beverly had been the victim of an abductor:

1.—A search party had passed by the spot where Beverly was found only three hours before her discovery. One of the searchers told Reindl "he looked at the exact spot where they found her later."

2.—None of Beverly's clothes were wet, and her shoes were not soiled, although the child had been supposedly wandering in marshy woodlands which were lashed by storms following her disappearance. "There was mud and water all around her," Reindl said.

3.—Although the woods are infested with mosquitoes, "Beverly hardly had a bite on her." Moreover, she was not scratched by brambles.

4.—Beverly was dressed only in red underpants and a T-shirt when she was found. Her doll, which she was playing with when she disappeared from the cottage, was lying nearby. Her jeans were found five feet away from her.

Reindl said that, if an abductor had spirited the child into the woods and left her, he apparently didn't intend the child to be found.

"That stump she was lying behind concealed her almost completely," he said.

AIRLINER MAKING OSLO-TOKYO FLIGHT OVER POLAR ROUTE

OSLO, May 22 (AP)—A Scandinavian Airlines plane took off here today on what was believed to be the first commercial flight from Europe to Tokyo via the North Polar region.

Carrying 40 workers assigned to relief duty at the Norwegian field hospital in Korea, the airliner Hjalmar Viking left Oslo's international airport at nearby Gardermoen at 10 a.m. (4 a.m. St. Louis time).

Actual flying time for the 7553-mile trip is estimated at 33 hours but the plane was scheduled to stop at Anchorage, Alaska, for 16 hours and at Shemya, in the Aleutian islands. It was due in Tokyo at 11 p.m. (9 a.m. St. Louis time).

A Scandinavian Airlines announcement said this was the first time the polar shortcut had been used for a flight to Asia. It said the flight was made possible by the establishment of United States air bases in Alaska.

The airline is negotiating with American authorities for use of the Alaska bases for a regular Scandinavia-Japan route.

2,000,000 PARKING TICKETS LOST BY CHICAGO OFFICIALS

CHICAGO, May 23 (UP)—More than 2,000,000 tickets issued to Chicago motorists in the last five years have disappeared, a judge said today.

Judge Joseph H. McGarry said the tickets, issued to persons charged with illegal parking, apparently vanished while they were being taken from one court to another in a duffel bag.

The city may have lost millions of dollars of revenue as a result, McGarry said.

McGarry explained that tickets for motorists who do not pay their fines immediately are shipped from the violations bureau to the traffic court. Then, if the tickets are not paid at traffic court, they go back to the violations bureau in a duffel bag.

But millions of summonses have failed to reach their destination on this return trip, McGarry said.

"What happens to these unpaid . . . summonses nobody seems to know for certain," McGarry said. "These summonses are not placed upon the court sheets for . . . action and therefore we have no record as to . . . the disposition of such cases."

Snakes 'Short' Out City's Lights.

DURBAN, South Africa, May 25 (AP) Two snakes chased a rat into a power station and touched a 6000-volt high tension conductor, causing a blowout which killed all three. A two-hour electric blackout in the Durban suburb of Westville resulted.

DURKIN CHANGES WOULD 'WRECK' TAFT LABOR LAW, C. OF C. CHARGES

Bulletin Says Secretary's Proposals to White House Will Come as a 'Shock' to Management.

WASHINGTON, May 23 (UP)—The United States Chamber of Commerce reported today that Secretary of Labor Martin P. Durkin has recommended to the White House changes which the chamber said would "wreck" the Taft-Hartley law.

In a special bulletin to its members, the chamber published what it said was a complete list of Durkin's proposals for amending the controversial act. It said these would come as "a shock" to management.

As previously reported, one of the recommendations listed by the chamber calls for legalizing the closed shop and all ther forms of union security contracts now prohibited or restricted by the Taft-Hartey law.

Durkin previously announced he had prepared recommendations for submission to President Eisenhower, but he had never made them public. As president of the AFL Plumbers Union before he was named Secretary of Labor, the Democratic Cabinet member was an advocate of complete repeal of the Taft-Hartley law.

The Chamber of Commerce said Durkin had given the White House a set of proposals for special amendments along with more general comments on other provisions and a list of proposed amendments which he opposed.

Besides legalizing hte closed shop, the chamber said some of Durkin's other recommendations would:

1. Allow building industry employers to make pre-hiring union shop contracts requiring new employes to join unions within seven days instead of the 30-day period of grace allowed by the Taft-Hartley law for union shop contracts.

2. Scrap the provision requiring non-Communist affidavits from union offices seeking to use National Labor Relations Broad machinery.

3. Repeal the provision barring "economic" strikers from voting in bargaining representation elections after they have been replaced in their jobs. (Eisenhower has indorsed this proposal.)

4. Permit employers to waive participation in employe welfare funds.

5. Narrow the definition of illegal secondary boycotts.

6. Eliminate the present mandatory requirement that the Government must seek injunctions against secondary boycotts, and jurisdictional strikes.

The chamber says Durkin described the Taft-Hartley provision dealing with national emergency strikes as "unfair and unworkable' but made no specific recommendation.

He was said also to have recommended "appropriate" anti-Communist legislation which would not be directed at labor unions as such.

The chamber said Durkin had declared his opposition to imposing curbs on industry-wide bargaining, to applying the anti-trust laws to labor unions and to requiring non-Communist affidavits from employers using the NLRB.

He was reported also opposed to provisions which would yield federal jurisdiction over labor relations to states.

BAREFOOTED, KISS-STEALING BURGLAR AT HOTEL SOUGHT

Police were searching for a barefooted young burglar who stole a kiss from Miss Helen Madara, a nurse, while he was ransacking her apartment at the Parkedge Hotel, 4907 West Pine boulevard, early today police said.

Miss Madara said she was awakened by the kiss. As she gasped in amazement, she said, the intruder went into the next room and momentarily held the hand of the sleeping Miss Jean Sales, another nurse who shares the apartment.

Then he took $15 and a wristwatch from a bedroom table and walked out a doorway leading to the hall.

EIGHT NEW YORK POLICEMEN TO BE TRIED FOR BRUTALITY

The New York Herald Tribune-Post-Dispatch Special Dispatch.

NEW YORK, May 23—Eight city policemen were ordered yesterday to stand departmental trial beginning next Wednesday on charges of police brutality in eight separate cases extending back to 1945.

Most of the cases were yellowing in the files but were brought to light by the recent filing of civil suits for more than $1,000,000 in damages against the officers, the police department and the city.

Diamonds Found on River Bank.

FORT FRANCES, Ont., May 23 (UP)—Two large diamonds have been found on the banks of the Rainy river. A jeweler said he had examined a 20-carat stone found Wednesday by Elmer Corrigan, a prospector. The jeweler estimated the value of the stone at $100,000. A second stone, weight not yet determined, was found yesterday near the same spot.

HOUSE UNIT URGES 16.9 PCT. CUT IN FUNDS FOR RIVER, HARBOR PROJECTS

No Appropriations Included for Tuttle Creek or Table Rock — Missouri River Work in Nebraska Cut Out.

WASHINGTON, May 23 (AP)—The House Appropriations Committee today recommended a 16.9 per cent slash in funds requested by President Eisenhower for rivers and harbors, and flood control projects of the Army engineers in the fiscal years beginning July 1.

The total of $398,884,100 recommended is a reduction of $163,022,500 under the current year's aappropriations, and is 39.6 per cent below the budget recommendations of last January by President Truman.

The funds for general construction on the scores of local water projects throughout the country constituted the major part of appropriations recommended to finance the civil functions of the Army for the coming year.

For all these functions, including such things as maintenance of national cemeteries and operation of the Panama canal, the engineers were allowed a total of $415,991,600—a reduction of $168,075,000 under current 1953 funds.

Up for Debate Tuesday.

The bill will be called up for House debate Tuesday. A final vote is expected Wednesday or Thursday.

Money in the bill for flood control and navigation represents a cut of $262,640,000 from the budget recommendations of former President Truman and a reduction of $80,606,000 from the revised budget estimates of Eisenhower last April 20.

Last year Congress voted $561,906,000 for flood control and navigation projects.

The committee bill and report made no mention of Tuttle Creek, highly controversial project proposed for the Blue river in Kansas. Last year Congress voted five million dollars to start Tuttle Creek.

Likewise no funds were in the bill for the Table Rock dam power and flood control project in southern Missouri. Congress voted $3,000,000 last year to start Table Rock.

Neither Tuttle Creek nor Table Rock were in the Eisenhower budget although the Truman budget recommended $15,800,000 and $10,800,000, respectively for them.

Against Nebraska Project.

In its report to Congress the committee said that although its bill contains no money for several projects recommended by Eisenhower, sufficient funds remain available from previous appropriations for Army engineers to carry forward a "realistic construction program for most of the deleted projects." For three projects, however, the committee specified that "no funds whatsoever be obligated." These projects are the Coralville reservoir, Iowa, Amazon creek, Oregon, and Missouri river bank stabilization, Omaha to Sioux City.

Eisenhower had suggested that $10,000,000 in unobligated balances from previous appropriations would be available for work next year and recommended that $1,000,000 of such funds be allocated to each of ten projects.

The committee, however, said it expected these unobligated balances to total $80,000,000—the approximate amount of the cut made from the Eisenhower budget—and $15,000,000 could be applied to work this year. It did not specify where this $15,000,000 would be applied.

Thus it approved $266,496,000 for construction work in the coming year but said the actual appropriation by Congress need only be $251,496,000.

In addition to the waterway program, the bill carries $4,870,000 for cemeteries and $12,237,500 for the Panama Canal zone government.

By the United Press.

State-by-State List.

Included is a state-by-state breakdown of the construction funds for projects with the first figure representing the original Truman budget request, the second the revised Eisenhower request, and the third the funds voted by the committee. The breakdown included:

Missouri: Missouri river, Kansas City to mouth, $35,500,000; $2,300,000; $2,300,000.

Illinois: Degognia and Fountain Bluff levee and drainage district, $775,000; $600,000; $600,000; Mississippi river projects in Illinois, Iowa, and Missouri between Missouri river and Minneapolis (exclusive of St. Anthony Falls, Minn., and Lock 19 at Keokuk, Ia.), $70,000; $70,000; $70,000; north, Alexander drainage and levee district, $490,000, $340,000, $340,000; Wilson and Wenkel and Prairie du Pont drainage and levee district, $775,000, $525,000, $280,000; Wood River drainage and levee district, $975,000, $575,000, $500,000; Sny basin, $980,000, none, none.

Arkansas: Arkansas river and tributaries, Arkansas and Oklahoma (bank stabilization and channel rectification), $4,800,000; $4,800,000; $2,800,000; Blakely mountain reservoir, $6,000,000; $5,500,-

PREDICTS HOUSE GROUP WILL OK DEFENSE BUDGET DESPITE PROTESTS

Ford of Michigan Expects Tentative Approval Without Change—Yorty Urges Secretary Wilson to Resign.

WASHINGTON, May 23 (AP)—A House Appropriations Committee member today predicted tentative approval without change of the trimmed-down military budget, despite protests against slashes in Air Force funds.

The prediction, from Representative Ford (Rep.), Michigan, came on the heels of suggestions that Secretary of Defense Wilson resign and that generals who have led the Air Force appear for committee questioning.

Ford said he was sure there would be no change and certainly no increases when a subcommittee now considering the Air Force budget sends it on to a higher subcommittee studying the whole $36,100,000,000 military budget.

A check of the three members of the smaller subcommittee showed them divided on whether, as maintained in an Air Force report, the proposed cut-backs would reduce air power below the "absolute minimum" for national security.

Comments in Subcommittee.

Chairman Scriner (Rep.), Kansas, generally supported the proposed reductions, Representative Mahon (Dem.), Texas, said he "deplored" them and Representative Hruska (Rep.), Nebraska, said he had not yet reached a decision although he "trusted President Eisenhower's military judgment."

This group, however, is only the first rung on the ladder. Action would follow in the military subcommittee, the full Appropriations committee and the House itself. Senate action is comparable.

A member of the Senate Appropriations committee, Senator Maybank (Dem.), South Carolina, asked that Gen. Hoyt S. Vandenberg, retiring Air Force chief, and Gen. Carl Spaatz, retired former head, be called for testimony.

Maybank is among a number in Congress who are publicly questioning plans to cut more than five billion dollars from Air Force funds and lower the Air Force goal from 143 wings by mid-1955 to 120 wings.

Representative Yorty (Dem.), California, a World War II Air Force intelligence officer, said Wilson should quit as defense chief, adding in a statement: "The dollars he worships will not shoot down attacking planes."

Assails Atom Cannon Spending.

Representative Steed (Dem.), Oklahoma, an air power enthusiast, said millions of dollars had been wasted on the Army's atomic cannon. He said the money could much better be spent on additional aircraft to deliver atomic bombs.

Yorty earlier had put in the Congressional Record what he called an Air Force reply to Wilson's budget and spending cutbacks.

An Air Force spokesman said it was prepared at Yorty's request in the office of Maj. Gen. Robert E. L. Elton, director of legislative liaison.

Chairman Ferguson (Rep.), Michigan, of the Senate Appropriations subcommittee handling the defense funds said he would insist that Air Force personnel responsible for the report testify before his group.

"I am appealing publicly to the persons involved to come forward and testify," Ferguson said.

After Maybank's appeal for testimony from Vandenberg and Spaatz, Ferguson said he would ask them to testify along with "anyone else any committeeman wants to appear."

Vandenberg and Spaatz, as they have in the past, would be expected to oppose the reduction in goals and in funds—from $16,778,000,000 proposed by former President Truman to $11,688,000,000.

Yorty released a letter from

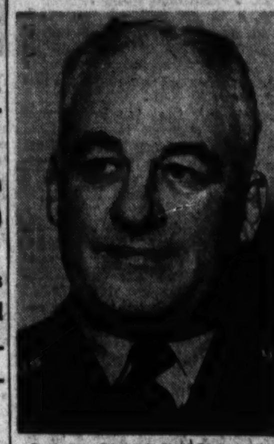
Cites Air Problems



—By a Post-Dispatch Staff Photographer.
GEN. NATHAN F. TWINING

ASSERTS AIR FUND SLASH MAY FORCE CUT IN OUTPUT

Chief of Staff Twining Says Full Research Must Go on, Even at Production's Expense.

By DAVID R. WALLIN
A Staff Correspondent of the Post-Dispatch.

DALLAS, Tex., May 23—A scheduled five-billion-dollar cut in the Air Force budget may force a reduction in operational units and manufacturing programs in order to keep research on new aircraft at top speed, Gen. Nathan F. Twining, soon to become Air Force chief of staff, told the Post-Dispatch here last night.

Gen. Twining refused to comment directly on a statement by Secretary of the Air Force Harold C. Talbott to the effect that he hoped the budget cut would not force curtailment of research or reduce the number of combat planes being manufactured.

"We don't know exactly what the effect of such a reduction in funds would be yet," Gen. Twining said. "The announcement was made so recently that we haven't been able to complete studies of its effect yet.

"However, as a general thing if you are forced to reduce the number of planes being made you have to step up the amount of research on improved aircraft types."

Research Possibilities.

At present, he said, it appears that work now under way at the Consolidate-Vultee Aircraft Corp. plant at Dallas on development of a heavy supersonic bomber will be continued. No details of the project have been announced as yet.

Gen. Twining was in Dallas to address the annual dinner of the Aviation Writers Association last night. The annual convention of the organization ends today.

In his speach, his first major public appearance since being designated recently as the new Air Force chief of staff, Gen. Twining emphasized the need for a completely modern bomber force by the United States.

"There can be little doubt of our ability to penetrate the most elaborate and expensive air defense system that it now appears possible to devise for so huge an area as Soviet Russia, if they should plunge us into war," Gen. Twining said, "provided that we have sufficient high performance planes and highly skilled crews."

Relative Atomic Stockpiles.

"Nor can there be any doubt that the already large atomic stockpile of the United States could destroy the installations and facilities vital to the Soviet war machine. We must face the fact that the growing Russian atomic stockpile may soon be sufficient cripple American industry if the new Soviet long-range Air Force can deliver it against the most important targets over here.

"Our improving air defense

AIDS SAY HE WILL PUT PLAN BEFORE U.S. AND FRANCE IN BERMUDA TALKS

Premier Believes Time Is Ripe for Accord With Kremlin, Delay Until Fall Might Ruin All Chances.

By JOSEPH NEWMAN.
The New York Herald Tribune-Post-Dispatch Special Radio.

LONDON, May 23—Prime Minister Sir Winston Churchill, at the meeting in Bermuda next month with President Eisenhower and the next Premier of France, will propose a four-power conference with Russia in July or August, responsible informants here report.

The informants said that Churchill will appeal to Eisenhower not to delay an approach to Russia—not even until fall. He believes that the golden opportunity for reaching some agreement with Russia is now—this summer—and that it may fade or disappear by fall.

It is known that Churchill was led to this view by his feelings, rather than by any new facts. Downing street has received no more information about Soviet foreign policy than what has been made available to the general public.

No Exchanges With Kremlin.

It was learned yesterday on the highest authority that Churchill has engaged in no exchanges with any Soviet officials, formal or informal, regarding any major international problems. His latest information, those in touch with him say, was contained in the reply of Pravda, Soviet Communist party newspaper, on April 25 to Eisenhower's Washington speech proposing a settlement of differences with Russia.

American Ambassador Winthrop W. Aldrich visited Churchill at 10 Downing street yesterday to discuss incidental arrangements for the Bermuda meeting, including the exact time and place.

Churchill prefers June 17, or thereabouts, and he wants a meeting on land. He is opposed to the idea, reported from Bermuda, of conferring on board an American warship.

It also was learned that Churchill prefers a three-power conference without a specific and detailed agenda. If Eisenhower and the French Premier agree, he would like the conference to proceed without any agenda at all, so that the participants would be entirely free to wander over all the major problems of the world as they relate to a possible meeting with Russia.

Wants Few at Parley.

Churchill has definite views on one more point—that the leaders of the three Western powers take as few officials with them to Bermuda as possible. He would like to have the conference limited largely to the three principals concerned.

The Prime Minister expressed similar views regarding the agenda and size of the meeting when he proposed high-level talks with Russia in his House of Commons speech May 11.

Commons adjourned yesterday until June 9, for Whitesuntide and the coronation, and Churchill left for Chartwell manor, his country home outside London. He will return Wednesday and confer with members of the cabinet.

On that day, deputies of the Big Four powers are scheduled to meet here to resume negotiations on an Austrian peace treaty. Western officials expect the Soviet delegate, Jacob A. Malik, the new Russian Ambasador, to provide some indication of the Kremlin's foreign policy intentions.

No Word From Moscow.

While the three Western powers agreed to send deputies to the meeting, no reply has yet been received from Moscow. Churchill evidently expects a favorable response. If Malik indicates that he has instructions to be conciliatory, Churchill's hand will be strengthened in pressing Eisenhower to agree to immediate top-level talks with Soviet Prime Minister Malenkov.

Churchill is now said to be fully aware that it would be politically difficult for Eisenhower to agree to an early meeting with the Russians until the latter have given more evidence of good faith.

London is counting on the conclusion of an armistice in Korea before the middle of June, the suggested time of the projected Bermuda meeting. This, together with a possible conciliatory Soviet approach to the Austrian treaty, might meet Eisenhower's prior conditions for a four-power conference.

President Reported Planning to Take 'Few' Aids to Bermuda.

WASHINGTON, May 23 (UP)—President Eisenhower believes next month's Big Three conference in Bermuda should be an informal get-together of friends, unencumbered by the usual army

Duck Hunt With Drinking Guide In Frozen Water Cures Caudle

WASHINGTON, May 22 (UP)—If it is of any comfort to ducks, T. Lamar Caudle isn't going hunting for them anymore.

His decision is understandable. He told the story yesterday to a House subcommittee which has been investigating tax fraud cases.

The former Assistant Attorney General was questioned about a hunting trip he took in 1949 with John J. Hooker, Nashville attorney whose client's tax case had been dismissed.

Caudle said he was down in Tennessee and was asked to go duck hunting at the place owned by "Rube" McKinney, then Tennessee Democratic chairman, on the Mississippi river.

He said he complained it was too cold to go duck hunting. It was December. But his friends insisted, and "I borrowed some long underwear that was too big and some britches that were too tight," he related.

"Smith and I were the only ones who actually went hunting," he said, referring to his assistant, Turner L. Smith. "The others stayed around the fire."

"They kept talking about ducks," Caudle went on in his North Caroline drawl, "but when 5 a.m. came Mr. Smith and I were the only ones that went hunting. All the others stayed by the fire."

He said he and Smith didn't realize their guide had been drinking until he sent their motorboat roaring into a stand of saplings.

"The boat was parting trees just like you part your hair," Caudle told the entranced legislators.

At the duck blind the water was frozen and had to be broken by the boat.

"We went back and forth," Caudle related, "and all of a sudden I noticed the ice sawed the boat in two. Water was just a-flyin'. I told the guide we were about to sink, so we got back to the blind.

"I was begging for 'em just to find me a tree.

"We stayed there three or four hours and some poor old duck came by. Mr. Smith grabbed a gun but blasted a decoy.

"By night somebody came and got us," he said. "We called our wives long distance to say we were safe."

When he got back to his hotel room, Caudle said, "I opened the bureau drawer and lay my hand on a Gideon and said 'Lord never let me be tempted to go on another duck hunt.'"

Joined Twins Both Anesthetized For Operation on One of Them

BOSTON, May 23 (UP)—Joined twin sisters both were anesthetized at a hospital here today though only one underwent an operation.

Two operating tables were placed together and covered by an over-size mattress for 41-year-old Margaret and Mary Gibb of Holyoke, Mass., believed to be the oldest joined twins in the country.

The abdominal operation for removal of a fiberous tumor, was performed on Margaret by Dr. Frank H. Lahey, director of the clinic that bears his name. Both twins were reported in excellent condition after the hour-long operation.

Dr. Lahey quoted Mary as saying that her "only concern was for Margaret." He said Mary would suffer post-operative shock, even though she was not operated on.

The twins will remain in the hospital about two weeks.

The Gibb sisters, former circus and stage attractions, are joined at the base of their spines and share a common circulatory system.

Twice in their lives their parents decided against risking an operation to separate the Gibb girls. That was when the twins were three and again in 1928, when they were 16.

The twins, now in retirement, have operated a shop in Holyoke.

ALLIES REPORTED TO PLAN 'LAST CHANCE' OFFER TO REDS ON TRUCE

Revised Proposal to Be Presented Monday — Negotiators 'Don't Intend to Let Talks Drag On.'

TOKYO, May 23 (AP)—Lt. Gen. William K. Harrison is ready to return to the Panmunjom truce table with what high United Nations Command sources today called a showdown Korean armistice plan.

The sources said the chief Allied negotiator will issue a "last chance" ultimatum to the Reds when the talks resume Monday after an eight-day break.

Gen. Harrison is expected to leave Tokyo soon with a revised plan to settle the bitter controversy over exchanging prisoners of war.

(In Washington, some members of Congress who talked with Acting Secretary of State Walter Bedell Smith about the truce parleys said they expected no major change in United States policies.

(Senator Sparkman (Dem.), Alabama, who attended the Washington session, said negotiators were "very near" a truce—if the Reds really want one.

(Sparkman, a member of the Senate Foreign Relations Far Eastern subcommittee, said he felt that if the projected Allied offer is rejected, the U.N. will break off negotiations immediately.)

Conferences in Tokyo.

Harrison has been in Tokyo a week, holding almost daily conferences with Gen. Mark W. Clark and Ambassador Robert Murphy, political adviser to the Far East commander.

"We do not intend to let these talks merely drag on," a high source at Gen. Clark's headquarters said.

The North Korean radio at Pyongyang tonight appealed to the U.N. in an unusually-restrained broadcast to accept Communist truce terms or "face war and all the responsibilities."

"Don't spend any more useless time and don't let the world people brand the United States as a real warmonger," the broadcast said.

The Communist Peiping radio has jumped on the possibility of a rift between the United States and Britain, stemming from London criticism over the way the U.N. is conducting the talks.

Charges of Torture.

The Chinese propaganda radio also is beaming programs to Asian countries accusing the United States of sabotaging hopes for an armistice and of torturing prisoners.

Peiping charged that close examination of sick and wounded Reds already sent home by the Allies made it clear the 48,500 described by the U.N. as resisting repatriation were driven by fear of torture into taking their present stand.

Allied proposals to date have called for a quick release of 34,500 North Koreans to civilian status and a similar release of 14,000 Chinese Reds if a five-neutral commission fails to solve their fate within 60 days.

There were unofficial reports that the revised Allied proposal would agree to permit the post-armistice political conference to discuss the fate of the Chinese.

Allied Planes Back in Action. One MIG Downed.

SEOUL, May 23 (AP)—United States Sabre jets destroyed one Communist MIG and damaged another today as Allied and Red pilots tangled for the first time since Monday.

Scores of Allied fighters and bombers streaked over North Korea as skies cleared after two days of wind and rain.

The Fifth Air Force, meanwhile, reported 28 MIG kills by Sabres for the week ending Friday night. One Sabre was lost in air combat and two others to "other causes." Six Allied warplanes were reported lost to Communist ground fire.

On the ground, South Korean infantry men killed or wounded more than 300 Chinese in small scale but savage fighting.

MERCY MISSIONS DELAY HELICOPTER SUPPLY TEST

SEOUL, May 23 (UP)—Helicopters were diverted from a two-day battle supply test today to rush six critically wounded Allied soldiers from the front to Army hospitals.

One of the wounded, a Turk, was in a severe state of shock. Doctors said the speedy air evacuation probably saved his life.

The exercise in use of helicopters to supply a front-line division was delayed only temporarily by the mercy mission. The United States Sixth Helicopter Company carried 133,717 pounds of rations, fuel and ammunition to the division during the day — 30,000 pounds more than in the first day of the test.

Discharged Airman Flown Back To Korea to Face Murder Charge

First Ex-Service Man to Be Returned to Military Custody Under New Code.

TOKYO, May 23 (AP)—A young Pittsburgh steel worker honorably discharged from the Air Force almost six months ago has been flown back to Korea under guard to face a murder charge in the killing of a South Korean civilian.

Air Force headquarters said Robert W. Toth, 21 years old, landed in Korea last Monday, five days after he was arrested at work by Military Police.

Toth is accused of "premeditated murder and conspiracy to commit premeditated murder" in connection with the death of a Korean named Kil Bong Soon last fall.

At Seoul, the Air Force said additional charges may be filed "in two or three days" after the Judge Advocate section completes a study of additional evidence.

Held at Base Near Taegu.

Toth is held under "maximum guard" at an air base near Taegu, about mid-way between Seoul and Pusan. The Air Force said that before leaving the United States Toth refused "the opportunity to demand a defense counsel of his own desire." It said counsel will be named for him.

Most witnesses must be flown to Korea from the United States, the Air Force said.

Toth is the first former member of the Armed Forces to be returned to military custody for court martial under the Uniform Code of Military Justice. Under the code, which went into effect June 1, 1951, an ex-serviceman charged with committing an offense punishable by a prison term of five or more years, for which he cannot be tried in civilian courts, is subject to arrest for trial by court martial.

Crime Committed in September.

The official announcement in Washington yesterday—first word of Toth's arrest—said:

—Associated Press Wirephoto.
ROBERT W. TOTH

"The alleged crime was committed last September when Toth was on duty with his unit and involved the shooting, without apparent provocation, of a South Korean citizen."

It said he was discharged "prior to discovery of evidence relating to the alleged offenses."

Mrs. Jacob Mertz, Toth's mother, said in Pittsburgh that her son was in Korea for 18 months prior to his discharge last December and "got a Bronze Star and an honorable discharge."

She said Toth was arrested at the plant where he worked and did not get in touch with her for several hours. One of his friends telephoned to say Robert had been arrested by Military Police and taken back to Korea, Mrs. Mertz said.

"We were frantic and called all the military places we could think of—even called the FBI—but nobody knew anything about it," she said.

At 9 o'clock that night, she added, her son called from Pittsburgh airport to say he was being taken to Korea by Military Police. He asked her to pick up his work clothes at the airport because he was back in uniform.

ASIANS IN KENYA TO BE DRAFTED IN FIGHT ON MAU MAU

NAIROBI, Kenya, May 23 (AP)—The Kenya government has decided to set up combat units of Asian-origin settlers in this East African British colony to aid in the fight against the Mau Mau terrorists. It also is extending compulsory military service to Asians as well as Europeans.

In announcing the steps last night the government said both were taken at the request of the Asian community. Asian settlers in Kenya outnumber Europeans by about three to one.

The plan calls for the establishment of about three or four Asian combat units to be included in Kenya's police reserve. All male Asians between the ages of 18 and 23 will be required to register for the security forces.

This compulsory service is planned mainly to provide the forces with clerks, drivers, mechanics and other behind-the-lines workers.

PASTOR TO PRISON OVER PAMPHLETS IN RED GERMANY

BERLIN, May 23 (AP)—Protestant Pastor Herbert Bohnke was sentenced to eight years' imprisonment by a Soviet zone district court at Kottbus, the American radio station Rias reported today.

The pastor was charged with keeping "inflammatory" phamphlets at his home and with having read a pastoral letter by Bishop Otto Dibelius from the pulpit.

Bishop Dibelius is the spiritual leader of 40 million Protestants in East and West Germany.

DISASTER LOANS AVAILABLE TO AREA HIT BY TORNADO

PORT HURON, Mich., May 23 (AP)—Kenton R. Cravens of St. Louis, administrator of the Reconstruction Finance Corporation, yesterday made Port Huron and its surrounding United States area, struck by a tornado Thursday, eligible for disaster loans to owners of homes and businesses.

The storm destroyed 83 homes in Port Huron and damaged 202 before it struck again across the St. Clair river in Sarnia, Ont.

TOLEDO, Ill., May 23 (AP)—A small tornado struck near this southeastern Illinois city yesterday, damaging some rural buildings, uprooting trees and causing other minor damage. There were no injuries reported. Toledo is about 115 miles east of St. Louis, in Cumberland county.

COURT RULING IN STEP TOWARD NEW YORK SUBWAY FARE RISE

The New York Herald Tribune-Post-Dispatch Special Dispatch.

NEW YORK, May 23—The city's 6,000,000 daily subway riders were brought a step closer to an increase in the 10-cent fare when the appelate division of the State Supreme Court declared yesterday that the New York Transit Authority did not conflict with the State Constitution.

Mayor Vincent R. Impellitteri announced the city would appeal to the court of appeals, the highest court in the state.

The authority, opposed by the City Administration, was sponsored by New York Gov. Thomas E. Dewey. It would take over the deficit-ridden city transit system with power to increase the fares.

SHIP'S CAPTAIN LOST AT SEA

AMSTERDAM, Holland, May 23 (UP)—A Swedish ship radioed today its captain had disappeared in the North Sea off Holland's north coast.

The ship's message, picked up by a coastal radio station, said "Captain disappeared. Last seen on board at 9:30 p.m." The captain was not identified.

BREWERY EX-MANAGER CONVICTED IN TAX SUIT

Gets 4 Years—Accused of Making Fortune by Selling Beer Over Ceiling.

INDIANAPOLIS, May 23 (AP)—Lawrence P. Bardin, former general manager of the now-defunct Indianapolis Brewing Co., was convicted of income tax evasion yesterday and sentenced to four years in prison. He now lives at Houston, Tex.

Bardin, who is reported to have made his fortune by selling beer at above-ceiling prices during the postwar shortage, was convicted on two counts. He was accused of evading his 1946 tax by falsely reporting his income and concealing his assets in an attempt to avoid payment. The Government says he owes nearly $640,000.

Bardin said he would appeal the verdict, and United States District Judge William E. Steckler increased his bond from $5000 $15,000 pending filing of appeal notice. The jury deliberated an hour before returning the verdict.

Witnesses testified during the four-day trial that they gave Bardin "premiums" ranging from 35 cents to $1.50 a case above Office of Price Administration ceilings in order to buy beer. They told also of buying stock in Bardin's firm and selling it back at lower prices.

An Internal Revenue agent said the Government's figures indicated that Bardin's financial worth increased from $51,000 to $963,000 in less than 14 months.

TRUCKER TO PRISON FOR CRASH IN WHICH 10 IN FAMILY DIED

BELVIDERE, N.J., May 23 (AP)—John Scarantino, 21-year-old Scranton (Pa.) truck driver, was sentenced yesterday to two to three years in prison for the deaths of 10 members of a farm family in a single traffic collision. He had pleaded guilty at his trial on an indictment charging him with causing death by auto.

Scarantino told the court he was sorry about the deaths but said he thought he used proper judgment in the operation of the truck.

Clarence Matlock, a dairy farmer, his wife, five children, two sisters and mother, were killed in a collision with a truck Scarantino was driving on March 20 on a two-lane highway in nearby Washington township. The National Safety Council said the death toll was the "greatest number of people ever to be killed as occupants of a single passenger automobile."

MITCHELL SAYS M'KAY GAVE AWAY 'FINEST DAMSITE'

Democratic Chairman Asserts Hells Canyon Action Hurt Phosphate Development.

SALT LAKE CITY, May 23 (UP)—Stephen A. Mitchell, national Democratic chairman, charged here last night that the Eisenhower Republican Administration has "given away" what he called "perhaps the finest undeveloped hydroelectric power damsite" in the country.

Mitchell spoke at a rally of Utah Democratic party leaders and workers. He devoted much of his address to the controversy over Hells Canyon of the Snake river, along the Idaho-Oregon border. Democrats had proposed constructing a multi-purpose power-reclamation-flood control dam there but Secretary of Interior McKay recently withdrew the federal bid.

McKay, asserted Mitchell, in his action "gave away perhaps the finest undeveloped damsite in the country" by "abandoning a great public project in favor of a small dam to be built by a private company."

"The west will get a small amount of high-cost power instead of an outpouring of low cost power," Mitchell said, "and will get none of the other benefits of a multi-purpose dam."

Symington Says Tuttle Dam Is Badly Needed.

WASHINGTON, May 23 (AP)—Another flood in the Kansas City area like that of 1951 would bring damages more than 10 times the cost of Tuttle Creek dam, Senator Symington has told Budget Director Dodge.

Symington and other proponents of the big Kansas dam argue it would protect Kansas City and the general area from floods. Work was started on the project during the Truman administration, but the Eisenhower budget eliminated all funds previously requested for Tuttle Creek work during the year beginning July 1.

Symington's latest statement was made in reply to Dodge's answer to a telegram Symington sent the budget chief May 7. In that wire the Senator said the 1951 flood cost Kansas City and surrounding areas one billion dollars. He asked that elimination of the dam's funds be reviewed "against the terrible damage."

Dodge replied:

"The objective of proceeding toward the accomplishment of a balanced budget has involved the deferral of construction projects in many categories until a more favorable fiscal situation is developed.

"A reconsideration and review of costly programs in every area has been required and has been particularly essential in connection with proposals or projects involving substantial elements of controversy.

"I am not unmindful of the need for an adequate flood control program. A careful review will be undertaken to establish appropriate policies within the administration's program and budgetary objectives."

Symington said he was "sorry" to read Dodge's letter and added:

"If we have another comparable flood around Kansas City, this year or any other year, and the damage of said flood equals the last, the people of the United States, with their ever-reducing resources, will pay over 10 times more than the total cost of this dam as the result of one flood."

PRESIDENT GIVES GOLF SHOES TO KOREAN CLOTHING DRIVE

WASHINGTON, May 23 (UP)—President Eisenhower yesterday gave the Korean clothing drive a pair of spiked golf shoes.

The White House staff collected nearly a half-ton of clothing for the drive. Servants put four dresses from Mrs. Eisenhower, and trousers, socks, and shirts from the President into the clothing boxes.

At the last minute, a pair of the President's golf shoes were added to the top of the heap, along with rainboots from young David Eisenhower, the President's grandson.

MONSANTO PLANT IN TEXAS SLIGHTLY DAMAGED BY FIRE

TEXAS CITY, Texas, May 23 (UP)—A flash fire that lasted only 12 minutes caused $500 damage last night to a unit of the Monsanto Chemical Co. plant on the Texas City waterfront where one of the nation's worst disasters in April 1947, killed more than 550 persons. No one was hurt last night.

Despite reports there had been an explosion prior to the fire, the company said there was none. The explosion report was attributed to police.

DEMANDS NAMES OF BRITISH SHIPS SAID TO HAUL REDS

Mundt Calls on Administration to Take Off 'Blinders' — Backed by McClellan.

WASHINGTON, May 23 (AP)—Senator Mundt (Rep.), South Dakota, said today he will demand that the Eisenhower Administration take off the "blinders on ourselves" and reveal the names of British ships alleged to have transported Chinese Communist troops.

Senator McClellan (Dem.), Arkansas, promptly announced he will back Mundt's move to demand cancellation of an order making the ship names an official secret.

Both are members of the Senate investigations subcommittee which heard testimony Wednesday that two or more British-owned ships were used as troop transports along the China coast and may still be so used.

Demand Not Sent.

The subcommittee, which has announced sending a demand to Eisenhower that he state publicly what he thinks of this, said last night such a demand was never sent and may never be.

Francis D. Flanagan, subcommittee chief counsel, confirmed reports that the letter had been withheld on orders from McCarthy.

Flanagan, when told that word had leaked out that the White House letter was being withheld, said: "Senator McCarthy wants to discuss it further with the subcommittee."

McCarthy dictated the letter Wednesday shortly before he entered the navy medical center at Bethesda, Md., for a checkup.

In testimony Wednesday, the Wheelock Marden Co. of Hong Kong was mentioned as operator of at least one ship which allegedly carried Red China troops. The company has denied the charge and the British Government has called for a transcript of the testimony.

'The Villain in the Piece.'

Senator Magnuson (Dem.), Washington, lashed out at Britain as "the villain in the piece" in Red China trade during a maritime day address at Los Angeles yesterday.

"Ships of foreign nations which we consider allies today seem more eager to trade with our Communist enemies than to trade with us," Magnuson said.

In London, a foreign office representative remarked it was difficult "to comment on a report that unidentified ships of unknown tonnage carried unspecified numbers of so-called troops at a date not known between unstated ports."

The British Information Service in Washington also said it was impossible to answer "allegations as vague as this."

The information service declared that "no goods of strategic importance go to Chinese ports from British sources or in British ships, but . . . some trade in non-strategic goods continues."

McCarthy to Keep Names Secret.

McCarthy announced at the hearing that he would respect the order keeping the ship names secret although he indicated he does not approve it.

Senator McCarthy (Rep.), Wisconsin, who heads the subcommittee, said the secrecy order was imposed by government agencies. He did not specify which agencies. Committee aids said the order came from a single agency, but declined to name it.

The subcommittee, investigating western Allies' trade with Red China, has recessed its hearings until possibly Tuesday, amid indications of sharp new controversy between its leadership and the State Department over the issue.

A Government official, declining to be named, said Secretary of State John Foster Dulles in two letters to McCarthy has declared the Government policy to be:

1. That a cessation of all trade by western Allies with China would be desirable but that,

2. The United States is not prepared to insist that the western Allies should embargo the shipping of non-strategic goods to the Reds, if there is a net trade advantage to the Allied shippers in the goods they receive in return.

Chiang Agency Says 31 British Ships Were in Red China Trade.

NEW YORK, May 23 (UP)—The Central Chinese News Agency reported today that the Nationalist Chinese Navy intercepted 31 ships of British registry carrying iron, steel and munitions to Red Chinese ports over a three-year period.

The news agency, quoting an official statement from Chiang Kai-shek's Ministry of Defense, said the ships were among 59 vessels intercepted by the Nationalists between August 1949 and September 1952.

BILL TO EXTEND WHISKY BONDING TO 12 YEARS APPROVED

WASHINGTON, May 23 (UP)—The House Ways and Means Committee agreed on compromise legislation yesterday to extend the bonding period on whisky from eight to 12 years.

The legislation, if it becomes a law, means that distillers can keep whisky in the warehouse for as long as 12 years without being required to pay the excise tax on it. The present limit is eight years.

The committee decided to put a provision in the bill to prohibit distillers who hold whisky for 12 years from advertising it as 12-year-old whisky.

It was understood that the compromise bill is acceptable to all segments of the liquor industry in the United States. Some distillers originally opposed extending the bonding period, but committee members said they withdrew their objections when the advertising prohibition was adopted.

Gulf Divers Find Plane Believed To Be One on Which 46 Died

MOBILE, Ala., May 23 (UP) — Divers' reports of finding a plane "entombed in sand" at the bottom of the Gulf of Mexico stirred hope today of recovering some of the 29 bodies still missing in a crash that killed 46 persons.

Divers Roland L. Riviere, 53 years old, and his son, Roland Jr., 25, said they are confident they found the main fuselage of the National Air Lines DC-6 which crashed into the Gulf near the entrance to Mobile bay last Feb. 14.

"The plane is lying on its back, entombed in sand," said the young Riviere, who with his father volunteered their services in a search financed by relatives of the missing victims. Many of the relatives planned to gather here over the weekend.

"The landing gear—a twin wheel type—is sticking up about four feet out of the sand. But we didn't see any sign of clothing or bodies, or anything like that. It was very, very dark, because the water was rough."

Airline and Civil Aeronautics Board officials immediately began arrangements to get better diving and salvage equipment to raise the hulk next week from the 49-foot depth. The Rivieres have been using breathing devices but not protective suits.

The Rivieres yesterday brought up a 20-foot square metal section containing a window and one escape hatch which Capt. E. J. Kershaw, National Airlines vice president in charge of operations, said appeared to be a segment of the DC-6.

The Coast Guard cutter Black Thorn went to the spot the Rivieres had marked with a buoy but found its equipment was not big enough to raise the main hulk.

Deputy Minister in 'Doctors Plot' Punished, Russian Official Says

Announcement of Ryumin's Punishment Comes From Republic Instead of All-Union Government.

MOSCOW, May 23 (AP)—Nikolai M. Vasiliev, minister of state control of the Russian republic, said yesterday the Soviet government has punished such guilty officials as Ryumin, former U.S.S.R. deputy minister of state security who was accused of helping fabricate the "doctors' plot."

Ryumin, and apparently others, had been arrested on a charge of manufacturing false accusations against a group of Soviet doctors and causing their arrests. The doctors, who had confessed because of what later were called "inadmissible methods," were liberated April 6, three months after announcement of the plot.

(The doctors' plot, involving a number of Jewish doctors, was announced before the death of Joseph Stalin and repudiated after his death, giving rise to speculation that Stalin himself may have been responsible. The doctors had been accused of using treatments which caused the death of Soviet leaders, and of marking others for death, on orders of Zionist and American employers.

Shocking Effect.

(The fact that yesterday's announcement comes not from the all-union government but from an organ of the Russian republic government seems significant. Ordinarily, such an announcement would be expected to come from the ministry of Lavrenty P. Beria, the No. 2 man in the Kremlin. This may be an effort to disassociate the higher-ups of the Soviet Hierarchy from the case, which must have have had a shocking effect upon many Soviet people).

Vasiliev, announcing the punishment (this dispatch did not say what the punishment was) made this statement in the press:

"Great tasks confront our Soviet machinery in the matter of strictest maintenance of Socialist legality, safeguarding the rights of Soviet citizens written into the constitution of the U.S.S.R. As can be seen from the recent communique of the Ministry of Internal Affairs, organs of the former Ministry of State Security grossly violated Soviet legality and engaged in arbitrary action and malpractices. Despicable adventures such as Ryumin who wormed themselves into the Soviet machinery entered a path of deception of the government and for criminal ends resorted to direct falsification of indictment materials and dared violate the inviolable rights of Soviet citizens.

Guilty Punished.

"The Soviet government has exposed and punished the guilty officials of the state machinery who engaged in lawlessness, and frankly and directly spoke of this to the people."

Another Soviet press dispatch told of criticism of officials in the Georgian republic (the home republic of Stalin). The article sharply criticized those who resort to "one-man rule" as opposed to "internal party democracy," adding that no one man could possess the knowledge and capabilities of collective leadership. The article singled out the former secretary of the Tiflis Communist party, V. Balavadze.

(The reference to "former" secretary indicates that another Georgian party official has been fired in a continuing purge which began after Stalin's death. Those purged were the former purgers, who had been placed in office after a personal trip to the republic by Beria long before Stalin's death.)

FRANCE ASKS U.S. FOR CARRIER TO USE IN INDOCHINA WAR

WASHINGTON, May 23 (AP)—France has asked the United States for another small aircraft carrier for use in the Indochina war, and the American government is considering the request.

Diplomatic officials said today the urgent request was made by the French embassy to the State Department within the last week. It was described as being in addition to the regular flow of military materiel for the anti-Communist forces in the Indochina war.

French naval forces in Indochina were given one light carrier, the Langley, in January 1951. There are about 30 escort and light carriers in the United States "mothball" fleet now.

France recently requested and obtained a force of C-119 "flying boxcars" to meet emergency needs of the defense against the Communist invasion of Laos. The United States acted quickly when that request was made and it was believed the Government would deal speedily with the new request, if it has authority under present laws to transfer a naval vessel of this kind.

MRS. MARY ELLEN MURPHY FUNERAL WILL BE MONDAY

Funeral services for Mrs. Mary Ellen Murphy, owner of the old Star Hotel in East St. Louis, will be at 9 a.m. Monday at St. Henry's Catholic Church, Fifth street and Broadway, East St. Louis. Burial will be in Mount Carmel Cemetery, Belleville.

Mrs. Murphy, who was 83 years old, died of infirmities yesterday at Bohannon Nursing Home in Lebanon, Ill. She lived at 15E Gompers Apartments, East St. Louis. Her first husband, Edward P. Kehoe died 54 years ago. In 1903 she married Joseph Murphy, who died in 1931.

Surviving are three sons, Edward P., John H. and Martin J. Kehoe Sr., and four daughters, Mrs. Frances Twesten, Mrs. Agnes Joergensen, Mrs. Cecelia Herin and Mrs. Catherine Compton. All are of East St. Louis except Martin J. Kehoe, who lives at 1060 Francis place, Richmond Heights.

JEEP DRIVER DASHES DAILY OVER ROAD UNDER RED GUNS

SOMEWHERE IN KOREA, May 23 (UP)—Cpl. Earl R. Jennings, a "jeep pilot" who dashes almost daily over a road exposed to Communist artillery fire, said today he is "thinking about putting in for flight pay."

The soldier from Clifton, N.J., has completed 26 "daylight missions" over the three-mile stretch of road in the United States Forty-Fifth Division sector, which is under constant enemy observation.

"You just put the windshield down, camouflage the jeep a little and then take off like mad," Jennings said.

BRITISH SHIP BUILDER DIES

BODNANT, Wales, May 23 (AP)—Lord Aberconway, whose shipbuilding firm, John Brown, Ltd., built the British luxury liners Queen Elizabeth and Queen Mary, died in his home today. He was 74 years old.

Besides being chairman of the shipbuilding firm, Lord Aberconway was head of several coal, iron and steel companies and a director of the National Provincial Bank and the London Assurance Co.

RUSSIA-NORWAY BARTER PACT

OSLO, May 23 (UP)—Norway has signed a barter agreement with Russia for 1953, the Foreign Ministry announced today.

Under the agreement Norway will export fats, herrings and aluminum to the Soviet Union in return for mangan ore, phosphates, wheat and rye.

PAKISTAN'S PREMIER CONFERS WITH DULLES

Secretary of State Also Sees Foreign Minister—More Talks Planned.

KARACHI, May 23 (UP)—United States Secretary of State John Foster Dulles conferred today with two old friends—Premier Mohammed Ali and Foreign Minister Mohammed Zafrullah Khan. The subjects of their conversations were not disclosed.

Dulles and United States Ambassador Horace Hildreth drove early today to the Premier's residence, where they were closeted for 45 minutes with Ali. They spent about 10 minutes for press and newsreel photographers before their private meeting.

The Premier saw Dulles to his auto after their meeting. Just before driving off, the Secretary of State said, "I'm happy to meet you again. I'll see you tomorrow"—indicating for the first time that the two men have scheduled further talks.

Hildreth and Dulles drove from Ali's home to the embassy residence, where they soon were joined by Zafrullah for a meeting that lasted an hour.

Before Dulles arrived yesterday from New Delhi, Premier Ali, who formerly was Ambassador to Washington, issued a foreign policy statement in which he said Pakistan — the largest Moslem state—fully supports the principles of collective security in the Middle East.

Ali indicated he expected to discuss with Dulles the Suez canal question, the Iranian oil problem and the admission of Communist China to the United Nations once the Korean war is ended.

Nehru, Pakistan's Premier to Confer at Coronation.

NEW DELHI, May 23 (AP)—A government spokesman announced today that Prime Minister Jawaharlae Nehru and Pakiston's Premier Mohammed Ali will meet at Coronation time in London to discuss a three-point agenda "for the purpose of arriving at a settlement of all Indian-Pakistan differences."

The official announcement said the leaders would hold "preliminary talks" on the Kashmir dispute, the 1950 Nehru-Liaquat Ali Khan minorities pact, and the evacuee property payment tangle resulting from the movement of refugees after the partition of the subcontinent in 1947.

MEXICAN COMPOSERS DECLARE WAR ON SINGING COMMERCIALS

MEXICO CITY, May 23 (AP)—Mexican composers have declared war on singing commercials, increasingly common on the nation's airwaves.

In a statement last night, the Mexican Syndicate of Authors and Composers and Editors of Music announced that the tunesmiths will refuse to sell either past or future works for use as commercials for radio, television or motion pictures.

SOCIALIST ASKED TO TRY TO FORM FRENCH CABINET

Guy Mollet Given Task of Setting Up Government to Replace Mayer's.

PARIS, May 23 (AP)—President Vincent Auriol announced late today he is going to ask Socialist leader Guy Mollet to try to form a cabinet replacing that of Premier Rene Mayer, ousted Thursday.

Mollet, whose party has balked at the proposed rearmament of western Germany, served as vice-premier under Henri Queuille in 1951. Earlier that year he tried himself to form a cabinet during one of France's many crises but failed to get parliamentary approval of the cabinet he wanted to appoint.

He has served as French Minister of State for Affairs of the Council of Europe—the parliamentary body that aims at federating western Europe.

Mollet, secretary-general of the French Socialist party, was in northern France today. He was not expected to reply to the president's proposal before tomorrow morning.

It was not certain that he would accept. Political experts gave him little chance of success if he did try. The Socialists, who with 105 deputies have the largest group in the National Assembly, have preferred to stay out of recent French cabinets.

Mollet is 47 years old. His Socialist party's powerful bloc in Parliament has been one of the factors holding up French ratification of the European Defense Community treaty, which would link West Germany with France, Italy, Belgium, Holland and Luxembourg in a common security setup.

The Socialists want certain changes in the treaty providing for more guarantees that a rearmed Germany won't get out of hand. They also have insisted that Britain be more closely tied to the EDC.

Unseasonal hot weather combined with the Pentecost weekend to drive many Parisians into the country and the attitude, even among legislators in the National Assembly corridors toward political events was listless.

Report Criticizes French Bureaucracy in Indochina.

PARIS, May 23 (UP)—French deputies demanded today that a debate of Indochina be made a first order of business when a new government is formed. Their concern resulted from a bitterly critical report on French policy in that area, compiled by an Assembly commission.

The report charged that the French bureaucracy has created "a virtual dictatorship" in Indochina and warned that "such a regime cannot endure."

Four deputies compiled the unofficially-published report after making an on-the-scene investigation.

They said an inefficient and unwieldy bureaucracy, shot through with rivalries and self-interest, is daily alienating the loyal Viet Nam population and reducing the chances for a French victory over the Communist-led Vietminh rebels.

25 MISSOURI EDITORS ATTEND ASSOCIATED PRESS MEETING

About 25 representatives of Missouri newspapers attended the spring meeting of Missouri Associated Press members today at Hotel Jefferson.

The editors discussed newsgathering problems with representatives of the press service in a morning session. Among the subjects were news style, handling of features and a plan to build up picture libraries of the newspapers.

The meeting concluded with a luncheon at which members were guests of the St. Louis Post-Dispatch and Globe-Democrat.

27,000 BUILDING WORKERS IDLE IN DRIVER STRIKE, TALKS ARE SOUGHT

Trades Council Secretary Trying to Set Up Employer-Union Conferences Early Next Week.

Early conferences leading to settlement of the strike of AFL construction drivers were being sought by Joseph C. Payne, executive secretary of the Building Trades council, it was reported today.

Approximately 27,000 members of AFL building crafts are in enforced idleness here, due to the refusal of 1200 drivers to deliver materials to jobs having an estimated cost of $75,000,000. The drivers, whose union, Local 682, is affiliated with the Building Trades Council, are in a wage dispute with five groups of contractors and material dealers.

Payne, who returned Thursday from the convention of the Missouri State Federation of Labor at Springfield, said he is seeking to set up meetings of representatives of employers and the union early next week. A survey of the deadlock in the dispute over wage increases and changes in working conditions indicates a wide breach, Payne said.

"It's a tough situation, but I'm trying to get them all together early next week," the union secretary observed.

Conciliators Active.

The United States Conciliation Service also is trying to end the strike, now in its fifth day. Conciliator Nicholas Fillo announced a meeting for 2 p.m. next Wednesday of the union and the Associated General Contractors, whose 400 drivers are among the strikers.

Key to the situation, however, is the dispute between material dealers and the 500 members of the union they employ. Without material deliveries jobs would remain idle, even though the contractors and their drivers reached an agreement.

A new complication in the construction dispute occurred last night when 1000 AFL ironworkers voted to strike on Monday. The ironworkers, who were affected by the construction drivers' strike, have been seeking a new wage agreement with the Associated General Contractors.

Henry S. Till Jr., manager of the contractors' association, said the union demanded an increase of 25 cents an hour, and was offered 5 cents Oct. 1 and another 5 cents next May 1, for a two-year contract. Under a previous agreement, the ironworkers received 7½ cents an hour for welfare purposes May 1.

The settlement offered the ironworkers was the same as that accepted recently by AFL carpenters, Till said. The ironworkers' wage scale is $2.90 an hour.

The drivers' strike has stopped deliveries of airplane fuselage sections, manufactured here, to the Douglas Aircraft plant at Tulsa, Ok. Fuselage sections have been transported from the St. Charles plant of the American Car & Foundry Co. by the Daniel Hamm Drayage Co., whose drivers are members of Local 682. Jurisdiction for this type of heavy hauling belongs to members of Local 682, rather than to over-the-road drivers. The result is the strike aimed at building construction is affecting aircraft building.

Prolongation of the walkout also will have some effect on ammunition production at the St. Louis Ordnance Plant, 4300 Goodfellow boulevard. The strike has halted construction at the new Army Publication Center, in St. Louis county, along with other major projects here. As a result, publication units now occupying space at 4300 Goodfellow, which is needed for ammunition production, may be delayed in moving to their new quarters.

Empress Hears Marian Anderson.

TOKYO, May 23 (AP)—Japan's imperial court today had as its guest Marian Anderson, famed American Negro contralto. Miss Anderson sang Negro spirituals and classical German songs for Empress Nagako and her two children—Prince Yoshi and Princess Suga.

Missouri-Illinois Forecasts

Missouri: Mostly cloudy tonight and tomorrow with thundershowers in south and central tonight and in southeast and extreme south tomorrow; locally heavy thunderstorms with strong gusty winds and possibly hail in south tonight; little change in temperature; low tonight 50 in north to 65 in south; high tomorrow 70 in northeast to 80 in southwest.

Illinois: Partly cloudy to cloudy tonight and tomorrow with thundershowers developing in south and west central tonight; spreading over entire state tomorrow; a little warmer in north and central tonight and in south and central tomorrow; low tonight 50 to 56 in north to 56 to 64 in south; high tomorrow 66 to 74 in north to 72 to 80 in south.

Describing 'Founders Garden' Area

—By a Post-Dispatch Staff Photographer.

DR. EDGAR ANDERSON (foreground), assistant director of Missouri Botanical (Shaw's) Gardens, describing the area of a "Founders' Garden," dedicated yesterday by the Federated Garden Clubs of Missouri.

CITY JAIL CROWDED, DOWD'S AIDS SEEK PLEAS OF GUILTY

Assistant circuit attorneys today paid calls on prisoners held at city jail in lieu of bail bonds while awaiting trial, in a move to relieve heavy court dockets and prevent overcrowding at the jail during the summer circuit court trial holiday.

They began interviewing 77 prisoners who Warden E. E. Hensley says are willing to plead guilty rather than face trial. Hensley reported that continued arrests through the summer may force him to "sleep" some surplus prisoners on the floor.

Jail population, Hensley said, is about 100 higher than last year, an increase attributed to Circuit Attorney Edward L. Dowd's refusal to accept guilty pleas in return for light sentences where former convicts are involved. Many prisoners have elected to stand trial rather than agree to penitentiary terms.

First Assistant Circuit Attorney Raymond A. Bruntrager, directing today's prisoner negotiations, gave an advance warning: "There will be no bargain offers."

LANDS AT AIRPORT, ONLY 5 GALLONS OF FUEL IN TANKS

Maj. R. M. Magowan, executive officer of the 152nd Fighter-Bomber Squadron of the Rhode Island Air National Guard, landed his small training plane at Lambert-St. Louis Field last night with only five gallons of gasoline in the tanks.

He was en route from Enid, Okla., to Providence, R.I. The officer said he had miscalculated the distance between Vichy, Mo., and St. Louis and when thunderstorms made his radio and radio compass useless, he used up valuable fuel while trying to find his course. He had estimated the distance at 31 miles, instead of 81 miles.

Finally he managed to contact the control tower at the airport, which alerted the Naval Air Station's Ground Control Approach System. His plane was picked up on the radar scope when it was 12 miles south of St. Louis, and was guided to a safe landing with enough fuel left for only four minutes of flying.

TWO SERIOUSLY HURT IN AUTO CRASH NEAR BELLEVILLE

Vincent Rick, a farmer who lives near Belleville, and his wife, Mrs. Mary Rick, were injured seriously late yesterday when the automobile Rick was driving collided with another machine on a curve on Old Collinsville road, about one mile north of Belleville.

Rick, 63 years old, suffered internal injuries, and his wife was treated at St. Elizabeth's Hospital in Belleville for head injuries. Their two daughters, Coletta, 12, and Eunice, 8, suffered cuts and bruises.

George Monroe, 34, of Lebanon, driver of the other automobile, also was treated for cuts and bruises on his arms and legs.

RUBBISH FLARES INTO FLAMES AT BURNED FURNITURE BUILDING

Smouldering rubbish burned briefly last night at the main office and warehouse of Dau the House Furnisher, Inc., 3950-52 Olive street, where a spectacular fire Thursday night and early yesterday caused more than $100,000 damage.

An area of the burned building was sprayed with water for an hour last night after the new flare-up was detected about 10 p.m. The building was ordered condemned yesterday following the five-alarm fire, in which five firemen were injured.

State Club Group to Develop Shaw's Garden One-Acre Tract

Fund to Be Set Up for Redesigning, Replanting—Area to Be Named 'Federation Plaza.'

Development of a tract of land in Missouri Botanical (Shaw's) Garden will be undertaken by the Federated Garden Clubs of Missouri, which will finance redesigning and replanting of the area, it was announced yesterday.

The tract, site of Henry Shaw's original country home and garden, was largely unused for a number of years while the public portion of Shaw's Garden grew up around it.

Included in the area, about an acre in size, are the Shaw residence, a mausoleum and a museum building which is being renovated to house a permanent exhibit of garden plants and feed crops. Entrance to the area is through the old Shaw's Garden gate at the end of Cleveland avenue.

Meeting Place.

Increased use of the museum building as a meeting place for various garden clubs and horticultural organizations led to the decision to rehabilitate the entire area, Edgar Anderson, assistant director of Shaw's Garden, said.

"It is appropriate," he said, "that this area should be made more useful and attractive, for it is exactly where Henry Shaw had the garden in his country estate more than a century ago."

The work will be carried on over a period of years with money from a fund set up by the Federated Garden Clubs of Missouri, which concluded its twentieth annual convention yesterday at Hotel Jefferson. The redeveloped tract will be named "Federation Plaza."

As the first step in the project, a small portion of the tract was dedicated yesterday at "Founders' Garden" in honor of founders of the federation. A number of rare and unusual plants have been placed in the garden plot east of the museum.

Gift of Officers.

The garden plot, described as a test planting of ornamental trees, shrubs and plants, is the gift of past and present officers of the federation. Other rare plants, many thought to be of potential value as additions to Missouri gardens, will be added from time to time.

The trial planting was described by Anderson at the brief dedication ceremony, at which two founders of the federation were honored. They were Mrs. Hermann Von Schrenk, Florissant, and Mrs. J. P. Larson, 414 Selma avenue, Webster Groves. Names of other founders were read from an honor roll.

Establishment of a $1500 scholarship loan in botany at Washington University was announced at a concluding session of the convention yesterday.

The loan fund, given by the federation, will be awarded to students planning graduate work at the university's Henry Shaw School of Botany. A similar loan already has been set up by the federation at the University of Missouri.

WOMAN IN $480,000 BANK SWINDLE GETS 6 YEARS IN PRISON

The New York Herald Tribune-Post-Dispatch Special Dispatch.

MINEOLA, N.Y., May 23—Mrs. Lillian Robinson, executive of two building products companies, who pleaded guilty of engineering a $480,000 swindle of the Central National Bank of Mineola, was sentenced yesterday to six to 12 years in prison. County Judge Norman F. Lint called her acts "cold and calculating" forgery.

Mrs. Robinson, 47 years old, was charged with forging contracts for work to be done and obtaining loans on them at the bank. William H. Abel, president of the bank, and Joseph P. McCarthy, a former employe of Mrs. Robinson, are under indictment and are yet to be tried.

ROBBER CAUGHT BY BYSTANDER IS GIVEN 4-YEAR SENTENCE

Roy M. Frank, chased by a bystander and captured by police after he held up Winkelmann's drugstore, 2800 Chippewa street, last Nov. 15, was sentenced to four years in the penitentiary yesterday by Circuit Judge John K. Regan.

Frank, a plumber, 3815A California avenue, pleaded guilty of assault with intent to rob. The charge had been reduced from first-degree robbery by Assistant Circuit Attorney William J. Shaw, who recommended the sentence. Frank had no previous felony record.

A customer in the store, George Bittner, 3850 California, saw a clerk hand some currency to the robber, who was armed with a pistol. Bittner struggled with the holdup man, disarmed him and gave chase when the robber broke away. Police in a passing scout car arrested Frank a block from the store. They recovered $245 which he had thrown into an ash pit.

EDITOR OVERRULED ON HIS PLEA JURY CALL IS PUNITIVE

NASHVILLE, Tenn., May 23 (AP)—Coleman A. Harwell, editor of the Tennessean, was sworn in as a federal grand juror yesterday despite his plea that the judge was punishing him for editorials and news stories published about the court.

Elisha T. Hanson of Washington, chief counsel for the American Newspaper Publishers' Association, argued the case before Judge Elmer D. Davies. He quoted a letter to the editor signed by Judge Davies, which said in part:

"I have directed the clerk to place the names of your editors in the jury box when the jury is drawn for the next term of this court."

Associate Editor John H. Nya of the Tennessean was summoned shortly thereafter and served on a trial jury in Judge Davies' court.

Hanson contended that under federal law only the clerk of the court and the jury commissioner have authority to select the names for jury service.

Overruling the plea, Judge Davies said if it had been his purpose to penalize the editor, he would have asked that he be put on a petit jury panel, which serves for several days at a time, rather than the grand jury, which normally serves only one or two days at a time.

After the motion was denied, Harwell issued a statement:

"My purpose was not to avoid jury duty but rather to protect the jury system itself. My attorneys advised me to take action to have my name excluded from the jury list. I accepted the summons and will serve willingly. I consider jury service not only a duty but a privilege."

2 ARRESTED FLEEING HOLDUP

Police arrested two youths last night as they were fleeing in an automobile after stealing $23 in a holdup of a confectionery operated by Mrs. Ruth Fetter at 3132 Oregon avenue. She told police they threatened her with revolvers.

Police in a scout car, responding to a broadcast giving the license number of the robbers' car, obtained by Mrs. Fetter, overhauled the car at Grand boulevard and Folsom avenues. They arrested the occupants who admitted the robbery and gave their names as Clifford H. Evans, 1525 Marcus avenue, and Leonard Curry, 1812 Cora avenue. Both are Negroes.

19 Students Start 4000-Mile Trip By Bus With $2100 They Raised

After a year-long series of fund-raising projects to finance a long bus trip, 19 Valley Park High School seniors got off to an early start this morning — they left at 2 a.m.

The youngsters met at the school to pile into a school bus and get a pre-dawn start on a 4000-mile trip which will carry them through the eastern part of the United States, and into Canada.

Money, totaling $2100, for the trip was raised by sponsoring dances, parties, a play and a paper drive. Valley Park seniors annually take such a trip, but this one is the longest ever scheduled.

George Knight, superintendent of Valley Park schools, Mrs. Anne Ritter, high school principal, and Mrs. Marjorie Hoffeld, senior class sponsor, will accompany the group.

UNION ELECTRIC STILL AIDS STRUCK PLANT, UNION SAYS

Quincy Utility Getting Power Through Third Company, Operating Engineers Charge.

A threat to picket power plants of the Union Electric Co., of Missouri remained today as officers of the AFL Operating Engineers charged that power still was being routed from the St. Louis utility to the strike-bound Central Illinois Public Service Co., at Quincy.

Union Electric, in an effort to avert stoppages at its St. Louis, Cahokia, Bagnell Dam and Keokuk (Ia.) plants, announced yesterday it would cease delivering 20,000 kilowatt hours of power daily to Central Illinois.

However, W. J. (Whitey) Stuhr of Collinsville, district representative and international vice president of the union, said a total of 110,000 kilowatt hours was reaching the Quincy company, 30,000 of which was being channeled from Union Electric through a third utility, the Illinois Power Co.

Employes' Unrest.

Peyton H. Kunce of Murphysboro, Ill., attorney for four engineers' locals negotiating with Central Illinois, said he had received information of unrest among individual employes over reports that the strike-bound company is getting power.

"We are unable to state whether an independent and unauthorized picket line may be set up," he said. "But neither the union joint negotiating committee; their chairman, William Douglas of Harrisburg; Stuhr, nor myself have advised anyone to picket Union Electric."

No progress toward settlement of the strike, which began Sunday, was reported following yesterday's seven-hour negotiation session at Springfield, Ill., and no further sessions were scheduled. A panel of three federal conciliators took part.

Kunce said the sale of power by Union Electric to the struck company had caused a new issue to be injected into the discussions. The union now is insisting on a clause in the new contract providing that it will not be a violation of the agreement for employes to refuse to cross a picket line or to refuse to work if the utility furnishes power to any other utility affected by a strike.

He pointed out that without this agreement any man refusing to cross a picket line or to work at a company not on strike may be discharged.

Industry Bargaining.

The operating engineers also plan to consider the possibility of industry-wide bargaining with power companies as another means of combating inter-utility sale of power, he said.

Power is sold by Union Electric to Central Illinois Public Service Co. and the Illinois Power Co. under an agreement by which reserve capacities of the three companies are available to each of the others for protection in the event of major equipment failures or local disaster.

In addition to the 30,000 kilowatt hours which the union claims is being routed through Illinois Power to Central Illinois, Union Electric is continuing to furnish about 60,000 kilowatt hours daily to Central Illinois for use of the Atomic Energy Commission at Paducah, Ky.

Central Illinois employes struck as a result of a dispute over wages and job classifications.

WOMAN CROSSES ATLANTIC ALONE IN 23-FOOT BOAT

NASSAU, Bahamas, May 23 (AP) — A 38-year-old Gloucestershire (England) widow arrived here today after sailing alone across the Atlantic in the 23-foot boat, Felicity Ann.

Mrs. Ann Davidson, whose husband was swept off their yacht at the start of an ocean voyage four years ago, left Plymouth, England, in May 1952. After a few days' rest, she plans to continue to Miami, Fla., and then fly to New York.

Her voyage took her to France, Spain, Gibraltar, Casablanca, Canary Islands, Dominica, Antigua, Nevis and St. Thomas, Virgin Islands. She was becalmed for three weeks in mid-Atlantic and was buffeted by storms many times.

The Felicity Ann, which draws five feet and is powered by a five-horsepower diesel engine, carries fuel for 800 miles. It has a radio receiving set.

"Would you attempt the trip again?" a reporter asked.

"Why, of course," she replied.

OFF-STREET PARKING SURVEY SET FOR WELLSTON AREA

A survey of off-street parking needs in the Wellston business area within the city limits will be made by Ramp, Inc., which is making a survey of the needs in the downtown area, it was announced today by Comptroller Milton Carpenter.

Members of the Wellston Chamber of Commerce deposited with Carpenter $3750 to pay for the cost of the survey, if revenue bonds for facilities in Wellston are not issued. In its contract with the city, the Ramp firm will be reimbursed from the sale of revenue bonds.

The arrangement was made after representatives of the Wellston merchants conferred with Carpenter and Mayor Raymond R. Tucker about parking needs in the area. Legislation to permit condemnation of residential property for off-street parking facilities was sought by the Wellston group but failed of passage in the Missouri Legislature. This complicates the problem of providing facilities in the area, it was pointed out.

EARNINGS TAX GETS TACIT OK OF RESEARCH GROUP

Public Expenditure Survey Says Cities Must Be Allowed to Use More Revenue Sources.

The board of trustees of the Missouri Public Expenditure Survey, a non-profit organization devoted to economy and efficiency in government, yesterday gave tacit approval to authorization of a city earnings tax or some other equitable levy for relief of the city's needs.

In a resolution adopted at its annual spring meeting at Hotel Statler, the board stated that "municipalities and local governmental units should be authorized to resort to sources of revenue, within reasonable limits, to meet their needs."

The resolution followed a discussion of the earnings tax, Robert E. Blake, one of the trustees and chairman of the executive committee, told the Post-Dispatch, although it did not specify any particular tax.

More Tax Sources Needed.

It was felt, he said, that cities must have some additional sources of taxation and that the Legislature should authorize an earnings tax or a sharing of the state income tax or some other equitable form of taxation. He was a member of the commission, appointed by former Mayor Aloys P. Kaufmann in 1947, which recommended the earnings tax or a sharing of the income tax.

The city's authority to levy a tax of one-half of 1 per cent on the gross wages and salaries of employes and the net profits of corporations and self-employed individuals expires next April. The Legislature has refused the city's request to make the tax permanent. It produces about $8,000,000 annually and its expiration next year will cripple many vital city services, Mayor Raymond R. Tucker has declared.

Urges Challenge of Government.

At the annual invitation luncheon, the trustees and more than 200 members from throughout the state heard Herbert J. Miller, executive director of the Tax Foundation, Washington, declare that the individual citizen's constant challenge of his Government is a part of the American concept of life and a necessary one.

Declaring the change of administration in Washington is no cause for relaxation, Miller said Americans must always challenge their Government—"challenge it with approving or disapproving eye, but appraise it continuously."

More specifically, he called for relief from taxes that "dull incentive," and suggested the way to achieve this relief was by reducing governmental expenditures.

Miller said he believed the people want a balanced budget, and he predicted that President Eisenhower's proposal for some tax reduction next January would not go far enough to suit the nation's taxpayers.

WAVES SWAMP TOWING BOAT, DELAYING WATER SKIER'S TRIP

The attempt of Frank Beddor, Minneapolis printing firm salesman, to water-ski down the Mississippi river to new Orleans was delayed yesterday when the boat towing him was swamped by high waves near Barnhart, 25 miles south of St. Louis.

The submerged craft and crew, together with Beddor, were rescued by the advance party in other boats and the entire group continued the trip to Cape Girardeau where the towing boat is being reconditioned.

Beddor, whose trip is aimed at publicizing the vacation facilities of Minnesota, said he hopes to make the 285 miles to Memphis in a non-stop run tomorrow. He left Minneapolis last Saturday and expects to reach New Orleans Thursday.

BOY SEPARATED FROM BROTHER IN OPERATION TO BE ON TV

CHICAGO, May 23 (AP)—Rodney Dee Brodie is to appear on a commercially-sponsored television show.

The 20-month-old boy, separated from his brother, Roger Lee, in a history-making operation Dec. 17, will appear on a program carried by more than 30 television stations. It will have a program entitled "The March of Medicine," scheduled by the National Broadcasting Co. for June 4.

Roger died a month after the operation. He and his brother were joined at the head.

Wounded in Auto

MRS. ESTELLA HOPSON

AFL ORDERS UNION TO OUST LOCAL OR FACE EXPULSION

WASHINGTON, May 23 (AP)—The AFL Executive Council yesterday told its Auto Workers' International Union to lift the charter of the union's New York local No. 102 or have the entire International booted out of the AFL.

The council delivered the same warning last February in accusing the local of invading jurisdictional fields of other AFL unions and of having leaders with unsavory reputations.

Yesterday's warning made it plain that unless the local is ousted, the entire Auto Workers' Union, with a claimed 100,000 membership, will be driven out of the AFL next fall at the federation's convention in St. Louis.

AFL President George Meany told reporters earlier the local's leadership would have to go in any case, but the local's members may be transferred to the AFL Teamsters' Union. Most of the local's members are New York City taxicab drivers, over whom the teamsters claim jurisdiction.

LEE B. SCHUMACHER TRIAL CONTINUED INDEFINITELY

The trial of Lee B. Schumacher, Kirkwood metallurgist and building supply dealer, was ordered continued for an indefinite period yesterday by United States District Judge Roy W. Harper. The order came after four physicians reported that Fred Z. Salomon, an important witness, was unable to testify without danger to his health.

Schumacher is charged with perjury and obstruction of justice in testifying that he did not advise Salomon, vice president of the May Department Stores Co. (Famous-Barr), to hire William M. Boyle Jr., former Democratic national chairman, as attorney in a $10,000,000 May Co. tax refund claim.

Salomon, 81 years old, became ill March 23 and was unable to testify that day, when the case was first set for trial. The physicians said he had suffered a stroke, and called his ability to testify in the future problematical. They were Drs. John J. Hammond and Andrew B. Jones, appointed by the court, and Drs. J. G. Probstein and Joseph J. Gitt, Salomon's personal physicians.

3 BUSINESS MEN FINED $1000 IN EXPORT OF SURPLUS PLANES

NEWARK, N.J., May 23 (UP)—Three Detroit business men paid fines of $1000 each yesterday on charges they made false statements to export 21 surplus airplanes from Newark airport in 1948 and 1949. Arthur Leebove, Sam Stein and George Wilson were fined by United States District Judge Alfred E. Modarelli on their no defense pleas.

Originally the Government charged the planes were bound for the Arabs for use against Israel. Defense attorneys protested this, claiming they were consigned for Egypt. They pointed out that Leebove and Stein were Jews and would not "sell their people short."

Three others previously were fined in the case, one was exonerated and the eight, Sam Hanna, has not been apprehended.

WOMAN HIT BY BULLET FIRED AT STOLEN AUTO

Victim Wounded by Policeman Was in Parked Vehicle With 3 Children.

A bullet fired by a policeman at a stolen automobile yesterday entered the rear window of a parked machine, striking and slightly wounding a woman. Her three small children in the back seat were unharmed.

Mrs. Estella Hopson, 6704 Pennsylvania avenue, was treated at DePaul Hospital for slight hand and forehead wounds. She said she had parked the machine in the 5500 block of Natural Bridge avenue to wait for her husband, Carl, to leave his place of employment.

Patrolman Willard Cole said he fired the shot from a scout car as he and Patrolman Edwin Ryan pursued a machine bearing a license plate reported stolen. He said the bullet which struck Mrs. Hopson had been aimed at the fleeing automobile' gasoline tank.

The machine, stolen Thursday, was later found in the 5300 block of Patton avenue, where residents reported seeing three youths abandon it. The Hopson children are Carl, 10 years old; Orville, 7, and Karlo, 5.

ICC BARS PROPOSED RAILROAD FEES FOR CHECKING BAGGAGE

WASHINGTON, May 23 (AP)—The Interstate Commerce Commission yesterday rejected a railroad proposal to set up special service charges for checking the baggage of travelers.

The idea was advanced last year by the carriers operating east of the Mississippi river, except for those in New England. The plan was to charge 25 cents for checking hand baggage and 40 cents for trunks, regardless of weight. The present practice generally is to provide free checking for any kind of baggage up to 150 pounds per ticket.

The ICC held that "custom and usage" entitles a passenger to a limited amount of checking service. If the extra charge were allowed the commission said, some patronage would be diverted to competing forms of transportation. In another ruling, affecting travelers, a commission examiner, C. W. Griffin, said current rates for Pullman sleeping car accommodations are reasonable and should not be disturbed.

IRISH POST OFFICE BLASTS LAID TO CORONATION PROTESTS

BELFAST, May 23 (AP)—A so-called "letter bomb" exploded with a loud bang in Belfast's main post office today. There were no injuries but police immediately began a search of the mails that netted six similar explosive envelopes.

An explosion destroyed a mail box yesterday outside the post office at Kikell in County Down. Officials said they believed the charge had been placed by Irish Republican sympathizers protesting plans for celebrating the June 2 coronation of Queen Elizabeth II.

The six northern counties of Ireland are still a part of the United Kingdom despite Irish claims that they should be incorporated into the Irish republic.

LETTERS FROM THE PEOPLE

The name and address of the writer must accompany every letter, but on request will not be published. Letters not exceeding 200 words receive preference.

One With Senator Bricker

To the Editor of the Post-Dispatch:

Your editorial of May 12, "A Shot to the Bull's-Eye," would have been more accurate had it been called "A Bull's-Eye Shot to the Heart of the American Constitution."

You praise to the skies Jacob M. Lashly, former president of the American bar, because he in substance takes the strange position that to publicly debate the question of the propriety of U.N. treaties superseding the rights of the American people under our Constitution "would arouse such passion and unreason" as to unhappily reflect on the U.N., which he regards as the world's best hope.

The purpose of the proposed Bricker Amendment to our Constitution is to make certain that no treaty, even though approved by the President and the Congress, shall deprive American citizens of their rights under our Constitution, even though that treaty is one made with the U.N.

* * *

Even President Eisenhower, in his opposition to the Bricker Amendment, has felt it necessary to assure the American people that he would never approve the proposed U.N. treaty or covenant on human rights.

It is an ill-concealed scheme to socialize the world at the expense of the American people. In this wise assurance, the President also completely nullified his opposition to the Bricker Amendment.

Anyone who takes the position taken by the *Post-Dispatch* and Mr. Lashly could not conscientiously qualify to take an oath to support the Constitution of the United States in order to qualify for a position of trust under that Constitution because he wants any approved U.N. treaty, which nullified constitutional rights of Americans, to be superior to that Constitution.

* * *

That also happens to be exactly what the Communists desire so they can help make laws for the American people, though you try to give the impression the Russians or the Communists favor the Bricker Amendment.

A logical, well-reasoned, legally and factually supported thesis in behalf of the Bricker Amendment is that of the former American bar president, Frank E. Holman of Seattle.

It effectively knocks into a cocked hat everything that the *Post-Dispatch* and Mr. Lashly say in opposition to the Bricker Amendment, as does the Garet Garrett article of May 4 in the *Freeman Magazine*. WILLIAM R. SCHNEIDER.

For A Long Time

To the Editor of the Post-Dispatch:

Congratulations to Chief Federal Judge Moore, the federal grand jury and the *St. Louis Post-Dispatch* for going after the low characters in the unions. Put the racketeers and criminals where they belong for a long time.

Florissant. J. H. DeMETRE.

Two Traffic Bottlenecks

To the Editor of the Post-Dispatch:

I most sincerely commend the efforts of the civic organizations which are endeavoring to clear up the downtown traffic situation.

But I would like to suggest that the block on Broadway between Delmar and Franklin be cleared up. This is a remnant of Produce Row and, despite the signs which direct parallel parking, motorists still park at an angle. This eliminates a traffic lane and compresses northbound traffic into a single line along the east side of Broadway.

On Fourth street, between Delmar and Franklin, vehicles park in all directions, particularly highway trucks and trailers—even to the point of parking in front of fire plugs. These drivers have, for years, violated every city traffic ordinance. This is a problem for both the Commissioner of Streets and the Police Traffic Bureau.

J. M. O'TOOLE.

A Right to Know

To the Editor of the Post-Dispatch:

The people have a right to know who are the chief executives of this nation. Taft and McCarthy, or Eisenhower and Nixon? R. F. WOODLEY.

If Illinois Followed Suit

To the Editor of the Post-Dispatch:

"Services rendered, services rendered" that's all we read about the earnings tax. What kind of services rendered do we people from Illinois get?

Suppose Illinois put an earnings tax on Missouri workers in Illinois? You would howl to high heaven against the injustice, and the workers themselves would surely let you know they wouldn't be taxed twice.

Get off that idea of "service rendered" and put up a good argument!

AN ILLINOIS READER.

Oil for G.O.P. Lamps

To the Editor of the Post-Dispatch:

Oil for the light of the Republican lamps is the heart of the offshore-oil bill. Fortunately for the American nation, oil lamps of Republican manufacture soon go out, and with them their owners. R. F. HIOB.
Jennings.

An Issue to Be Resolved

Clear aside from the question of the defense cuts, good or bad, Secretary Wilson made a very poor witness before the Senate Appropriations Subcommittee. His chief questioner was the Senate's only woman member, Margaret Chase Smith of Maine, and no matter what she asked she could get no direct conclusive answer to her inquiries about the role which the Joint Chiefs of Staff might have played in arranging for the cuts.

Secretary Wilson, who is the former head of General Motors Corp., must have known the answer to this question at least. He must have known also that there would be newspaper reporters, like those of the *Post-Dispatch*, who would persist until the answer was forthcoming somewhere. As it happens he delayed the answer less than 24 hours. Our readers now know that the Joint Chiefs were not asked for their advice or objections—that the schedule of cuts was handed to them only 36 hours before delivery to Congress.

* * *

Why then should Secretary Wilson have been so hesitating, so reluctant in dealing with Senator Smith that Senator Hill of Alabama, a veteran of 30 years in Congress, could describe this outstanding businessman as the most evasive Cabinet officer he had ever heard testify before a congressional committee? He even went so far as to tell Senator Smith that if she wanted answers to her questions for her to ask the military men and see what they had to say. This from the Secretary of Defense who is the civilian official responsible for the administration of the armed forces!

The nearest Mr. Wilson came to explaining the cuts was when he said that changing technology of weapons and the use of atomic energy made desirable "a completely new appraisal of the situation." This seemed to be an echo of President Eisenhower's remark last Tuesday night that "today three aircraft with modern weapons can practically duplicate the destructive power of all the 2700 planes we unleashed in the great breakout from the Normandy beachhead."

* * *

Do these allusions by President Eisenhower and Secretary Wilson mean that the United States has new arms of such power that old concepts are out the window? If so it should be possible to find a way to say so that will be reassuring without giving away our military secrets.

As the situation stands now there is the Eisenhower Administration on one side and seemingly at least the military authorities, including the Air Force, on the other.

This would seem to be the very kind of issue which Dwight D. Eisenhower is equipped to resolve. The amazing thing is that it has come up the way it has—as a part of the drift that has characterized the new Republican Administration.

Knowland Tries Intimidation

Senator Knowland, once regarded as a supporter of the Eisenhower Administration, has aimed a shotgun at its heart with his resolution calling upon this country to get out of the United Nations if Communist China ever comes in.

The California Republican with this gesture is making precisely the same effort to snatch the conduct of foreign policy out of executive hands as Senator McCarthy has made before him. He is using the weapon of political intimidation to force his own views upon the President and the Secretary of State.

Senator Knowland chooses to ignore the fact that China is a permanent member of the United Nations Security Council by the terms of the U.N. charter—on exactly the same footing as the United States itself. The United States cannot "veto" Chinese membership in the U.N. The most it can do is to make its views felt on the question of who represents China.

Heretofore our Government has sedulously maintained the idea that the Chinese Government is the exiled regime headed by Chiang Kai-shek on Formosa. There are reasons for maintaining this position so long as the Korean fighting goes on. But if the fighting should come to an end, if a Far Eastern settlement which is in the American interest should become possible, if a breach between Communist China and Communist Russia called for exploitation, then there might arise other reasons for recognizing the fact that the going government of China is actually seated at Peiping.

Nobody knows whether future circumstances will produce such reasons, but at the very least American policy should be kept open and flexible so that it can best serve American interests in the circumstances that actually come to exist. Senator Knowland is trying to destroy that flexibility, and he is doing neither the country nor the Eisenhower Administration a service.

That Tax 'Inheritance'

President Eisenhower, in his tax message, again dwelt with some asperity on the "unsound state of financial affairs" which his Administration "inherited." In fairness, he might have gone on to explain how that "inheritance" came to be what it was. Had he done so he would have had to absolve President Truman, at least, from primary responsibility.

In January, 1951, President Truman had the courage to face the situation which has now developed. He asked Congress for a $10,000,000,000 tax increase and announced that he would request a second bite later as defense spending mounted. He pleaded earnestly and repeatedly for a "pay-as-you-go" program to avoid Treasury deficits.

What happened? The House cut Mr. Truman's tax bill by 30 per cent, with the Republican minority voting 149 to 36 against the bill which finally passed. The Senate declined to act at all until October of 1951, and then it cut the tax bill to $5,500,000,000. The record shows that the Republican Senators voted heavily against amendments which would have brought the bill more nearly in line with the President's requests. In the end, a conference report approved a tax bill to yield $5,700,000,000 instead of $10,000,000,000 President Truman repeatedly warned was necessary.

At the beginning of 1952, President Truman came back to Congress with another warning, and another request for more taxes. But this was an election year, and Congress made it clear that no tax bill whatever would be considered. As in 1951, Congress went on adopting the appropriations which were to set in motion the "C.O.D. orders" of which Mr. Eisenhower now complains, but it persistently refused to levy enough taxes to pay the bills when they should come due.

If the President is dismayed by the fact that the post-Korea tax increases are now beginning to expire at a time when defense expenditures are still mounting, he might in justice recognize that the situation was created by the Eighty-second Congress over the protests of the preceding Administration. And if he were to render full justice, he would recognize that while both Democrats and Republicans share responsibility for the situation he is now facing, the major pressure against adequate taxes came from the leading members of his own party.

Sharing Public Power Fairly

The 15 utility companies which are attacking the power preference clause in the Missouri Basin are in reality attempting to pre-empt publicly-produced power for themselves.

The law which gives public distribution systems first call on publicly-produced electric power has been national policy for almost 50 years. All it says is that the same public that paid for the power plants should get all the power it needs from them before private corporations are served.

In practice this law does not confer a preference so much as it establishes a safeguard. In terms of volume, the private companies still get the preference by a large percentage. For instance, in a recent fiscal year 64.9 per cent of all the power generated by publicly-owned plants in the United States was sold to private companies. Only 24.5 per cent was sold to public distribution agencies. The preference clause only made certain that they got this 24.5 per cent.

By contrast, if the power from the proposed St. Lawrence project is marketed without preference to public agencies, as the New York Power Authority proposes, privately-owned utility companies will get at least 95 per cent of it. Publicly-owned systems will be left out in the cold for power the public's own money paid for.

The reason for this is that the demand will be roughly double the supply. A parallel situation exists in the Missouri Valley. It is estimated that in the next 18 years demand for electric power in this region will increase 170 per cent.

The 15 utilities, among them the Union Electric Co. of Missouri, say that scrapping of the preference clause will enable them to contract for public power "on equal terms with other agencies."

This is not true. It would enable them to compete for the power on highly unequal terms. They have their own power sources on which they can depend, and they can build more. Publicly owned plants are the only source on which publicly owned distribution systems can depend. Some of them buy power from private companies, but the latter have shown no great enthusiasm for supplying public systems when they are the sole dependency. In many cases the higher rates the private companies would charge would put the public systems out of business.

The preference clause is the heart of the public power system, as the transmission line is its lifeline. It is the security of the more than 3,000,000 farm families served by REA, plus many other customers in the cities.

Privately owned companies would never think of giving public systems equal call on their generating facilities even before their own needs were met.

Why should they urge as good business for public systems these and other practices which they would reject as unsound business practices in their own operations?

'Intervention' in the Philippines

President Quirino's Liberal party says it suspects that Americans may contribute several million dollars to the opposing Nationalist party before the Philippine election. Consequently the Quirino Government is trying to stop this by checking bank channels and arriving visitors.

Such charges of American intervention are a regular part of Filipino politics. Oddly enough, in the past it was the Nationalists who accused the Liberals of getting American assistance. This year, however, the Nationalists are running the popular former Defense Minister, Ramon Magsaysay, and the Liberals apparently feel the shoe may be on the other foot.

So far there is no evidence of actual American economic intervention, but it would certainly be a mistake for Americans to attempt it, privately or otherwise. Cash aid for one party would pay off only in resentment, if not in votes for the other party. For the Filipinos are free of American rule and they feel free to decide who will run their Government, without foreign help. In that respect they are no different from ourselves.

"You'll Be Happy . . ."

A bill to reduce Illinois truck taxes "whizzed through the State Senate" this week, and the Associated Press description seems appropriate. Gov. Stratton was for it, and only two members of the top-heavy Republican majority voted against it. Yet the bill means that private motorists are going to carry an increasing burden of road taxes.

First, the new bill revokes an $8,000,000 a year increase in truck fees due to go into effect in January. Second, it restores an old optional rule which allows truckers to pay a flat $5 fee for a license plate, and then pay on the basis of mileage.

Of this latter feature Senator William J. Connors of Chicago said, "People are going to get a license at half price and pay the rest when you catch them." Or, as the *Chicago Tribune* put it, "It is an ideal method for cheating the state blind."

In any case Gov. Stratton and his legislative leaders are turning back the clock on the road policies for which former Gov. Stevenson and the previous Legislature fought so hard. In February Gov. Stratton told a group of truckers, "I'm sure you'll be happy with the Administration's program. . . ."

No doubt the truckers and their powerful lobby will be happy. But how about all the other Illinoisans who use the state highways? They will have to pick up the check dropped by the truck interests and their friends in Springfield.

What Kirkwood Is Missing

Fluoridation of Kirkwood's drinking water could cut dental decay in the community's children by up to 65 per cent, but Mayor William L. Berthold and the three-member Council are too timid to act. Surely they have not been frightened off by the propaganda spread in their community.

The same kind of unthinking attacks were made against pasteurization of milk and vaccination of children. It took public officials who would stand up in the public interest to institute these health measures. Mayor Berthold and Councilmen Cerny, Farrow and Fischer should emulate those public health pioneers.

The fluoridation program is safe, cheap, effective and practical. It is indorsed by the American Medical Association, the American Dental Association, the United States Public Health Service and others of similar standing. There are no breweries or other industrial users in Kirkwood. But there are a great many youngsters. Why not make this benefit a reality for them?

'YOU WON'T FEEL A THING'
—From The Washington Post.

Two G.O.P. Views of the Tax Plan

The Mirror of Public Opinion

Two newspapers which backed Eisenhower disagree violently about new tax program; Chicago Tribune says failure to cut taxes violates campaign promises, risks 1954 election; New York Herald Tribune says President courageously placed stability before tax relief.

Chicago Daily Tribune

The President's position on taxation as set forth Tuesday night in his radio speech is so incredibly bad that it probably is without precedent.

He urged that the American people be denied the tax relief he promised them in his campaign for office.

He called upon the Republican Congress to levy a tax on business throughout the 12 months this year which the New Deal Congress had voted should be levied only during the first half of the year. The excess profits tax which he is trying to extend is a tax which leading fiscal and business authorities in the preceding Administration had said should be abandoned and which had been characterized as vicious by Senator Taft.

He asked, at a time when other governments are cutting taxes to stimulate production and sales as a preventive of a recession caused by armament cuts, that the United States take no action at all along these lines.

It cannot be denied that in the presidential campaign of 1952 an urgent demand of the people was for a reduction in taxes. Nor can it be questioned that the people were persuaded that relief would follow promptly if they voted for Gen. Eisenhower. They believed him when he said that the elimination of "waste, inefficiency, duplication and corruption" would make possible a tax cut "now."

It cannot be questioned either that the voters were told that expenditures—not new authorizations or appropriations, but expenditures—were not to exceed 70 billion dollars for fiscal 1954 and 60 billions for 1955.

Two Pledges Are Recalled

Now Mr. Eisenhower is saying that expenditures cannot be held down because of carry-over authorizations. There were no new authorizations after the campaign. Nor has there been any domestic or foreign development to justify an increase in Government costs. The election pledge of a specific cut in expenditures and of a tax cut is being broken.

Congress passed the excess profits tax in 1951 with the greatest reluctance. The pressure for it came from President Truman, who was being pushed by the union bosses. They saw that it would be easier to get pay boosts if the larger part of the increases paid would otherwise go to the Government. The excess profits tax was voted by the Truman Congress only on the condition that it would not extend beyond June 30, 1953. If that terminal date had not been set by Congress, it would most certainly have failed of passage.

The two officials in the Truman Administration best qualified to observe the operation of the excess profits tax were Treasury Secretary John Snyder and Commerce Secretary Charles Sawyer. Mr. Snyder said at a press conference last fall that the excess profits tax should not be extended past the statutory expiration date on June 30. He called it "the most difficult tax to administer which was ever conceived." In asking for its termination, Snyder asked, "Why should you put a special tax penalty on good management and efficiency in business?"

'He Out-Trumans Truman'

Truman's Commerce Secretary Sawyer called a news conference last Oct. 21 to make clear his opposition to the excess profits tax. He said it should end because it "puts a penalty on thrift and encourages wasteful operations."

Three other Democratic Treasury secretaries have condemned the excess profits tax in the past.

Condemned as a bad tax, impossible of administration and a poor source of revenue, recommended for repeal by Truman's Cabinet members, Snyder and Sawyer; denounced as vicious by Senator Taft in a statement last Monday; adopted with reluctance for a specified period only by Congress in 1951, this destructive levy is offered a new chance of life and further opportunity to damage the national economy by President Eisenhower. He outTrumans Truman, or at least the saner members of Truman's Cabinet.

Elsewhere about the world there is recognition by governments that the time has come to lighten the burdens of government and give business men an incentive to expand their activities. Canada has again reduced taxes. The new British budget cuts taxes to encourage private industry to expand.

Americans need tax relief as much as other peoples do and it was promised them. With the mere handicap of the Eisenhower tax speech, Republicans will have difficulty in keeping control of Congress in the 1954 election. If they enact the laws he asks, they won't have a chance.

New York Herald Tribune

The President's political audacity in refusing to countenance "any tax saving at the price of essential national security" should be repaid with the support of every member of Congress who puts the nation's defensive strength and its economic stability ahead of deceptive relief to the taxpayer.

Mr. Eisenhower's tax proposals are rigorous, but when their consequences are weighed against those of some weaker alternative, they make the kind of hard sense in which the nation must deal.

So long as the prolonged tension and struggle generated by Soviet expansion continues, we cannot slack off in building military protection. That requires the continuation of a material and financial burden of a size that must inevitably strain our capacity. The material burden cannot be shaken without inviting defenselessness.

The financial burden cannot be avoided any more easily. If it is not met by taxes, it will be met by deficits so large as to thrust the economy into another wave of demoralizing inflation. The principal sufferers would be small savers and the many families and individuals dependent upon modest and relatively fixed incomes.

Indeed, the Eisenhower Administration has already scheduled savings of $4,500,000,000 below the level of spending projected by ex-President Truman for 1953-54. More, the President now has declared that he will be prepared in January to recommend a "completely revised program of taxation."

Planning Is Rock-Solid

He will then be able, as he has not been in the present circumstances, to deal freshly with the task of improving the equity of the tax burden's distribution and with the task of positively rewarding productive effort. His inheritance of 81 billion dollars in future contracts and other obligations must be partly met and wholly planned for before a basic tax revision can be undertaken.

Against this background, and in view of the tax crisis which the President had to meet, his planning is rock-solid. In accordance with his requests the excess-profits tax should be extended for another six months. The scheduled 5 per cent reduction in the regular corporate income tax, now due to take effect next April, should be pushed ahead. Similar treatment should be given to scheduled reduction in excises.

With these line-holding operations in effect, the slight but widespread relief afforded by the expiration of personal income tax increases on Dec. 31 becomes feasible, while the proposed deferment of a scheduled increase in old-age security taxes offers the hope of additional relief.

In advancing this strict regimen, the President has acted with political courage. The combination of uncompromising straightforwardness, long-range perspective, and plain sincerity that featured his message sets an example for Congress to follow and the people to approve.

JINGLE BELLS IN COLOR.

From The Hartford (Conn.) Courant.

Color television is suggested as a possibility by next Christmas, and we can hardly wait to see jolly old Santa Claus selling cigarette cartons in glorious natural hues.

Between Book Ends

Napoleon Sans Battle Smoke

THE EAGLE AND THE ROCK, by Frances Winwar. (Harper, 384 pgs., $3.95.)

Thomas C. Chubb in The New York Times.

Although Miss Winwar's packed volume about the sallow Corsican, whose plans to unite Europe with his sword kept that continent in turmoil for two decades, is offered as a historical novel, it would be just as accurate and perhaps fairer to judge it as a romantic biography.

To be sure, this is not straight history, dredged from the archives and told without imagination or inventiveness. Many of its scenes—some of them, the more effective ones—are the product of Miss Winwar's creative ability; and Victor de Laurestan, Napoleon's supposed boyhood friend, who is the narrator, does not appear to have had any existence outside of the pages of this book.

Frances Winwar

Both in its broad outlines and in many of its details, however, "The Eagle and the Rock" follows so closely not only the known facts but the more frequently related legends as to suggest that it were better to compare it with Emil Ludwig's volume on Napoleon than with any of the many works of fiction that have included the Little Corporal as a character.

This being the case, it should be stated emphatically that the story Miss Winwar tells is not only well documented but, with one startling exception, complete. She has evidently done much more than read a handful of the drier source books. Quite obviously she knows the memoir writers quite as well as the historians.

The major events are all recorded; but here, too, are most of the familiar anecdotes—the story of the lemon squeezer which betrayed Murat's disloyalty, the happy fable of the cook's mastiff that bit Josephine's objectionable pug, the legend of the spiteful conduct of Napoleon's sisters before, at and after his coronation.

If the reader who knows his Napoleon is never surprised, he will find few omissions. Indeed, only the battles are left out or dealt with inadequately. The story of the man of Austerlitz—and Waterloo—is without a convincing smell of battle smoke.

It is not this lack of battle scenes, however, that keeps Miss Winwar's book from being more than moderately effective. (After all, she is painting an interior portrait, and that is both permissible and desirable.) It is rather that having consciously or unconsciously entered the lists of history, she does not carry off the prize against other competitors.

To give an example, "The Eagle and the Rock" begins with a description of Napoleon's dying days on St. Helena. But only last spring we had, in Bertrand's journals, a real account that was just as readable and far more vivid. Nor, to take one instance from the spate of novels-about-Napoleon that have appeared so far this year, does her account of Napoleon, Madame Waleska and Marie Louise measure up to A. P. Herbert's handling of the same three persons in "Why Waterloo?"

Miss Winwar's Josephine is, to be sure, not badly done, and she does establish rather effectively that Napoleon's insecurity shaped him as much as his swift strokes and his supreme self-confidence. Her writing is clear and simple. But it takes more than that to make an enduring masterpiece—particularly in so heavily worked a field.

'Grass Harp' Sings Again

THE GRASS HARP, by Truman Capote. (Signet, 25c.)

Dolly and her cousin Collin take refuge in a tree to escape Dolly's dominating sister Verena. Soon they find themselves doing battle with not only Verena but all the forces of law-and-order. This yarn, now between paper covers, is warm and amusing, with touches of fantasy that led one critic to describe it as a "sunlit Gothic novel."

CALLS PREJUDICE REAL THREAT TO DEMOCRACY

Col. Alvin Glafka Says Truth Through Education Stifles Hatreds.

Prejudice, which blinds people to the truth of a situation, is a real threat to democracy and therefore endangers world peace, Col. Alvin R. Glafka said yesterday at the closing session of the Field Economic Mobilization Course at Soldiers Memorial, Fourteenth and Chestnut streets.

"This means serious consideration should be given to the proper training of our youth very early in their lives," Col. Glafka said. "As we develop prejudices throughout life, we find that, try as we may, we have a hard time discarding them. As we become better informed, they still tend to creep back into our thinking."

He said the most effective weapon against prejudice is truth —"truth gained through education, both formal and informal."

Referring to public opinion surveys, he said, "American history is filled with incidents in which somebody guessed wrong about what the people were thinking."

Unless reasonably accurate means are used to find out what the public's opinions are on certin issues, even the sincere and honest forecaster of opinion is likely to make serious mistakes in his predictions, Col. Glafka added.

"The most important element in continuation of the free world is a well-informed people," he said, "and perhaps the most powerful medium is the newspaper."

CLAY H. STARK FUNERAL TOMORROW IN LOUISIANA, MO.

Funeral services for Clay H. Stark, president for 17 years of Stark Brothers Nurseries & Orchards Co., will be at his residence at Louisiana, Mo., tomorrow afternoon at 2 o'clock.

Mr. Stark, a cousin of former Gov. Lloyd C. Stark, died yesterday of a gastric hemorrhage at Barnes Hospital here after a brief illness. He was 59 years old and had become ill during a recent tour of Europe. Previously he had been treated for high blood pressure.

The 137-year-old Stark nursery, one of the world's largest, is owned by the fifth and sixth generation of descendants of its founder, James Stark, who migrated to the vicinity of Louisiana on horseback from Bourbon, Ky., carrying apple tree twigs in his saddlebags.

Mr. Stark is survived by his wife and a sister, Mrs. Walter C. Logan of Hannibal, Mo.

Dr. Arthur C. Backmeyer Dies.

WASHINGTON, May 23 (AP)— Dr. Arthur Charles Bachmeyer died of a heart attack last night at Washington National Airport. He was 66 years old. He was president of the American College of Hospital Administrators in 1940-1941 and was president of the Association of American Medical Colleges in 1950.

Wins Irish Literature Award.

DUBLIN, May 23 (AP) — The Irish Academy of Letters today awarded its Gregory medal to Padraic Colum, Irish author who now lives in New York. The medal is awarded every three years for distinguished work in Irish literature.

DONNELLY HONORS ALLEN M'REYNOLDS, LAWYER 50 YEARS

JOPLIN, Mo., May 23 (UP)— Gov. Phil M. Donnelly last night honored former State Senator Allen McReynolds of Carthage, Mo., for his "outstanding contributions" to his state, his profession and his friends.

The occasion was a dinner here given to celebrate the golden anniversary of McReynolds admittance to the Missouri bar.

"The distinction of having been a member of the Missouri bar for 50 years is one which but few achieve," Gov. Donnelly said.

Donnelly, who served with McReynolds in the State Senate from 1934 to 1938, said "I know of no man who as an individual had more influence among the membership of the Senate."

The Governor reviewed McReynolds's service as a member of a variety of state boards including the Missouri University Board of Curators.

Donnelly said McReynolds would "deserve our deep and sincere gratitude" for his work in the 1943-44 constitutional convention "if he had never performed any other service to the people."

LEHMAN URGES FIGHT ON 'SPIRIT OF FEAR'

Says 'McCarthyism' Is Not One-Man 'Danger' But a Broad Movement.

WASHINGTON, May 23 (AP)— Senator Lehman (Dem.), New York, keynoting the Americans for Democratic Action convention, said today the liberals of the nation need "thousands of Paul Reveres" to arouse the country against a spreading "Spirit of Fear."

"The name which has been given to this present danger is McCarthyism," Lehman said in an address prepared for the ADA's sixth annual convention. "But I wish to make it clear that I do not consider any one man to be the sole source of this danger. It is far deeper than that . . . unless we understand the breadth and extent of this tide, and move to control it, it will inundate us."

He declared also the time has come when President Eisenhower's Administration must choose between "appeasing the irresponsibles at home and breaking up the unity of free men abroad."

"The issue," he continued, "is not between Britain and the United States, but between McCarthyism and America's role of leadership in the free world. The two are inconsistent. To attempt to reconcile them is to invite disaster."

Lehman obviously was referring to hot words swapped recently by members of Congress and the British Parliament, notably Senator McCarthy (Rep.), Wisconsin, and Clement Atlee, British Labor party leader.

WORLDMISSION ENDS; DREW RECORD CROWDS

More Than 300,000 Persons Attended 5-Day Catholic Exhibition Here.

By JOHN T. STEWART
Church Editor of the Post-Dispatch.

Tired but happy, 375 Catholic missionaries today had taken down and packed their 125 exhibits in Kiel Auditorium, and were on their way to New York, where the next Worldmission Exhibition will open on Sunday, May 31.

In five days in St. Louis, more than 300,000 persons, Catholic and non-Catholic, attended the Worldmission, which closed Thursday night. This number included 269,500 adults and children who visited the displays in Exhibition Hall.

One of the visitors on the last day was Bishop Fulton J. Sheen, who talked to missionaries and viewers in the hall, and spent 10 minutes in silent prayer before the altar in the temporary chapel. A priest from India said that though he had not seen Bishop Sheen in many years, the bishop called him by name and told him he was remembering him in his daily prayers.

Bishop Sheen's lecture in Convention Hall Thursday night was attended by 11,500 persons, and was telecast by the Post-Dispatch station KSD-TV.

"The Worldmission was a gigantic demonstration of faith," declared Bishop Charles H. Helmsing, head of the St. Louis Society for the Propagation of the Faith and director of the exhibition.

"The Worldmission was an amazing success," said Oliver L. Parks, general chairman. "I had hoped that 200,000 people would see the exhibits, but we exceeded that by nearly 70,000.

"There are many reasons for this great success," Parks said. "To begin with, we had the prayers of the religious for four or five months. We had the support of the school children from the three dioceses; more than 80,000 essays on the Worldmission were written by the children in early February and in March. Then the children sold tickets to the adults—children and members of religious orders were admitted free.

"We had 1900 laymen working on preparations for the exhibition for months in advance—we really got started last Jan. 23. Many of these laymen met with their committees twice a week, and some of them devoted full time."

PETER'S PENCE COLLECTION

Peter's Pence collection, the annual voluntary contribution of Catholics to the Pope, will be taken tomorrow in all Catholic churches. Archbishop Joseph E. Ritter, in a letter to all parishes of the St. Louis archdiocese, has urged a generous collection.

Methodist Guest

CHARLES E. FULLER

METHODIST MEN HEAR TALK ON SOCIAL TENSIONS

Christian people are called upon to "break through the barriers which separate men," Prof. Charles Edward Fuller of the Bible College of Missouri, Columbia, said in an address here last night. He spoke at the annual dinner of Methodist Men of the St. Louis district at Goodwill Industries, 4144 Forest Park avenue.

The barriers are economic injustices, religious bigotry and oppression, and race prejudice, Prof. Fuller said.

"We must have freedom of religion that is real," he said. "Religion must stand on its own merits and not on force."

Prof. Fuller served for 12 years as a Methodist missionary in Africa.

The meeting was attended by pastors and laymen from some 20 Methodist churches. City Librarian Louis M. Nourse, leader of Methodist Men of the district, presided.

ST. LOUIS DELEGATES ATTEND UNITARIANS' MAY MEETINGS

The Rev. Dr. Thaddeus B. Clark and Mrs. George W. Pieksen represent First Unitarian Church, 5015 Waterman avenue, at the annual May meetings of the American Unitarian Association being held at Boston this week.

Mrs. Pieksen is a former president of the General Alliance of Unitarian Women, and is on the board of the Unitarian Service Committee.

Howard Mumford Jones, professor of English at Harvard University, yesterday gave the annual Ware lecture at Concord, Mass., on a pilgrimage of the Unitarian group to the birthplace of Ralph Waldo Emerson in observance of the 150th anniversary of Emerson's birth.

Billy Graham Drew 384,000; Converts in Crusade 3243

Morning Prayer Meetings Attended by 27,686 Women—Local Pastors Praise Efforts of Evangelist.

Total attendance at the Billy Graham crusade meetings was 384,000, it was announced today by the campaign local headquarters.

There were 3243 conversions, or "decisions for Christ."

A total of 27,686 women attended morning prayer meetings, which were held in homes throughout the area four times a week, beginning a month before the start of the crusade.

The evangelistic crusade opened at Kiel Auditorium on Sunday, April 19, and closed last Sunday afternoon with a mass meeting in Forest Park.

Local sponsors of the crusade pointed out that on only two previous occasions had Billy Graham preached to as large a crowd as heard his last sermon in St. Louis —once on the Boston Common, and in the Rose Bowl, Pasadena, Calif.

300 Churches Participate.

More than 300 churches in the St. Louis area took part in the four-week campaign. Besides preaching every night at Kiel Auditorium, Billy Graham addressed service clubs and business men's luncheons, pastors' conferences, industrial groups; spoke on radio and television programs, and at two campus meetings at Washington University.

An evaluation of the ministry of Billy Graham in St. Louis was given by the Rev. Dr. C. Oscar Johnson, pastor of Third Baptist Church for 22 years and chairman of the pastors' conference for the crusade: "If in Billy Graham's coming to St. Louis not one soul had been saved, it would have been well worth all the thousands of dollars spent and the hours of labor utilized, just to revive the churches and unite the pastors."

Evaluation by Co-Chairman.

Another evaluation was made by the Rev. Dr. James W. Clarke, pastor of Second Presbyterian Church and co-chairman of the crusade: "The Billy Graham crusade wakened St. Louis to a religious consciousness hitherto absent and stimulated great numbers of people to return to regular church attendance.

"The two meetings at Washington University were the largest campus religious services in the history of the university. The students came with critical minds expecting a diatribe. Billy Graham met them on their own level, won them, and all without reducing or compromising the evangelistic content of the Gospel."

The Rev. Oliver R. Shields of Lafayette Park Baptist Church, general chairman of the crusade, said, "the crusade went far beyond our expectations in its ministry to our city. It was a great experience, and the results will be reaped in the days to come."

Billy Graham will open a crusade on May 31 in the 75,000-seat Cotton Bowl at Dallas, Tex.

DISCIPLES COUNCIL STARTED IN 1888 WITH $15 CAPITAL

More than 300 persons attended a dinner meeting Thursday night to celebrate the sixty-fifth anniversary of the Disciples Council of greater St. Louis. The meeting held at Compton Heights Christian Church, 2149 South Grand boulevard was presided over by Charles W. Meyer, retiring president.

Claude L. Welch, a member of Union Avenue Christian Church, was elected president. Other new officers are: vice president, Woodrow Whitlow, Memorial Boulevard Church; secretary, Mrs. Edward Crowe of Northwest Church, re-elected; treasurer, Frank Potter, Watson Terrace Church, and financial secretary, Ralph E. Davis, Webster Groves Church.

Oreon E. Scott, member of Union Avenue Church, who attended the meeting, served as president of the council in 1904.

The council was organized on May 21, 1888, by 10 St. Louis men, who provided a starting capital of $15. Last year the council received about $40,000. The annual report was read by the Rev. W. Elbert Starn, executive secretary. Rex. Davis, radio announcer and member of Webster Groves Christian Church, moved among the tables with a microphone to interview a delegate from each of the 15 churches which belong to the council.

COUSIN OF NEHRU VISITING ST. LOUIS

Indian Jurist and Author to Address Church Groups on Peace and Gandhi.

Dr. Shri S. Nehru of India and his wife, Mme. Raj. D. Nehru, are in St. Louis this weekend as guests of the Metropolitan Church Federation. They will address several Protestant church groups, and on Monday at 2 p.m. he will speak at Washington University on "Asia and the International Outlook."

Dr. Nehru is a cousin of the Prime Minister of India. He served in the British civil service of India for 35 years, then as a magistrate and judge. He retired as supreme court judge in 1948.

He will speak at Ladue Chapel, 9450 Clayton road at 9:30 a.m. tomorrow on "Peace and Religion," and at 11 a.m. on "Gandhi and His Faith." At 7 p.m. he will address the forum of Union Avenue Christian Church, 733 Union boulevard.

He will speak at a noon luncheon Monday of the St. Louis Council on World Affairs at the Statler Hotel. He speaks English, French, German and Italian, and has published many books in all four languages.

Dr. and Mme. Nehru have visited the United States 12 times. Their present tour is sponsored by the American Friends Service Committee (Quakers). He is giving lectures on the peace moves which India is making and Mahatma Gandhi's philosophy and religious life.

Cards Half Game From Lead After 4 Straight Wins

It's Native Dancer vs. Dark Star in Preakness Stakes Running, Today

BALTIMORE, Md., May 23 (UP)—Dark Star, the Kentucky Derby winner, and Native Dancer, the horse he licked, meet again today in the $100,000 Preakness Stakes with the triple crown hanging in the balance.

The gray galloping "Dancer" was a 3 to 5 favorite to thwart Dark Star's bid to become one of turf's immortals.

Royal Bay Gen, Jamie K., Tahitian King, Correspondent and Ram O'War also were scheduled to go in the mile and three-sixteenths test. But the Dark Star-Native Dancer battle was the magnet which was expected to draw a crowd of about 35,000 to the Pimlico race course.

The Maryland classic has been the key to turf glory for the eight horses which won the Kentucky Derby, the Preakness and the Belmont Stakes—the three jewels in turfdom's triple crown. Once Sir Barton, Gallant Fox, Omaha, War Admiral, Whirlaway, Count Fleet, Assault and Citation got past the Preakness, the Belmont was easy.

Pensive was the only horse which failed to make a clean sweep after winning the first two. Burgoo King and Bold Venture suffered injuries and never got to the post for the third leg after scoring Derby-Preakness doubles.

On the other hand, the Preakness has been the stumbling block which tripped up Zev, Twenty Grand, Johnstown, Shut Out and Middleground. Each won the Kentucky Derby and later the Belmont. But they failed in the Preakness.

That is the tradition Dark Star faced. Native Dancer—just as he was in the Kentucky Derby when he was beaten for the first and only time in his 13-race career—was the people's choice. He was quoted at 3 to 5 in the overnight line and is likely to be less when the small but classy field parades to the post at 4:30 p.m. (St. Louis time).

The race will have a gross value of $133,750 and a net to the winner of $65,000. Second prize will be worth $25,000.

Dark Star was 3 to 1 while Royal Bay Gem was 6, Jamie K. 12, Correspondent 15, Tahitian King 20, and Ram O'War the outsider at 30 to 1.

Eric Guerin, Alfred G. Vanderbilt's contract jockey, again will ride Native Dancer. Henry Moreno, who rode Dark Star at Churchill Downs, again will be up on the Cain Hoy Stable speedster, beaten in the Preakness Prep since his day of glory at Louisville.

Royal Bay Gem will be piloted by Jimmy Combest. Eddie Arcaro, switching from Correspondent will be up on Jamie K. Bob Summers, who rode Correspondent in California, was Arcaro's replacement on Mrs. Gordon Guiberson's colt, while Hedley Woodhouse will ride Tahitian King for Ben F. Whitaker. Ram O'War will have Charley Burr up.

Preakness Field

BALTIMORE, Md., May 23 (UP)—The field for the seventy-seventh running of the Preakness Stakes at one and three-sixteenth miles, listed in order of post positions:

Horse.	Jockey.	Prob. Odds.
Royal Bay Gem	J. Combest	6
Jamie K.	E. Arcaro	12
Dark Star	H. Moreno	3
Native Dancer	E. Guerin	3-5
Ram O'War	C. Burr	30
Correspondent	R. Summers	15
Tahitian King	H. Woodhouse	20

All carry 126 pounds.
Net value to winner with seven starters: $65,300; second, $25,000; third, $15,000; fourth, $7500.
Post Time: 4:45 p.m. (St. Louis daylight time).
Television: On KSD-TV at 4:30 p.m.

Bob Porterfield Beats Yankees For Fifth in Row

NEW YORK, May 23 (AP)—After five lean years Bob Porterfield of the Washington Senators has found May can be a wonderful month—filled with runs by his teammates and victories for himself.

Both runs and victories are a little strange to Porterfield, whose name has been a synonym for bad luck ever since the Virginian broke into the majors with the New York Yankees in 1948. For four seasons he was plagued by all kinds of injuries, from a broken finger to burns from an exploding match book. Last year he specialized in being on the wrong end of shutouts — seven times he pitched full games without the Senators scoring a single run for him.

This season started just like the others—bad. He lost his first three starts. Suddenly, the week that May began, he won a game. He's pitched four times since then and he's won four more games.

Yesterday's 12-4 victory was a particularly sweet one for Porterfield since it came against the Yankees who had given up on him to such an extent that in 1951 they traded two other pitchers with him and tossed in $50,000 cash to get Bob Kuzava.

For a change Bob's teammates got him a whole hatful of runs, the most scored against the Yanks this season. The 18-hit attack was high for the Senators this year.

Until they ran into Porterfield the Yanks had won four in a row. The loss cost them a full game of their American League lead, which now stands at two and one-half games, since the Boston Red Sox won a doubleheader from Philadelphia and took over second place.

The Red Sox won the first game, 3-2, with a pair of runs in the eighth and picked up the second game by the same score in 12 innings. Mel Parnell scored his sixth consecutive triumph in the first game.

Heafner's 140 Paces Field in Colonial Golf

FORT WORTH, Tex., May 23 (UP)—Clayton Heafner and Jerry Barber ran one-two today as the Colonial Invitation golf tournament field moved into the third round amidst hot tempers and hot weather.

The burley, 250-pound Haefner, who came here as an alternate five years ago to blister the course with four sub-par rounds for the championship, was out front by three strokes with an even par 140.

Tiny, five-foot, five-inch Barber, who finished second in his last previous start in the Ardmore, Okla., open, had a 36-hole total of 143.

From there the field was crowded as the 90-plus temperature took as big a toll of the players as did Colonial's rugged 7,000-yard layout. The heat didn't crowd the hot temper of tempestuous Tommy Bolt for headlines, however.

Bolt, who led the field with a bristling 67 Thursday, went from the sublime to the ridiculous on the second round as he soared 14 strokes to a 41-40—81—the highest score of the day. As a result, he broke and threw clubs and golf balls in disgust and wound up in a seven-way tie for 22nd place.

Haefner worked a magic putter for five birdies and one bogey yesterday to post a 33-34—67 over the par 35-35—70 river bordered layout.

Bracketed in a seven-way tie for third place at 144 were Harry Todd of Dallas, Doug Ford of Harrison, N.Y.; Ben Hogan, the pre-tournament favorite from Fort Worth and Palm Springs, Calif.; Al Besselink of Grossingers, N.Y.; Ted Kroll of New Hartford, N.Y.; Chandler Harper of Portsmouth, Va., and Peter Thomson, the lone foreign entry from Melbourne, Australia.

Birds Get 11 Hits in 4-2 Victory

By Bob Broeg

The Cardinals had to wait until the eve of the Fourth of July fireworks last year to pull as far over the .500 mark as they were today—six games on the sunny side of the break-even point.

The importance of early foot in any race as demonstrated so aptly by Dark Star in the Kentucky Derby, can be observed by a further comparison with last season's National League pennant fight.

The Redbirds, paying the penalty for a poor break from the barrier, had played almost half their schedule—74 games, to be exact—before they went six up on the "won" side of the standings as a result of Harry Brecheen's three-hit 2-0 shutout over the Cincinnati Reds here.

This time it took only 28 games to go a half dozen over .500, and the big difference is that the Cardinals now are only a half game out of first place. By the time they had it so good last year, the race had been run. The Redbirds were in fourth place, 11 games out—and 14 on the decisive defeat side.

Musial Gets Second Homer.

The longest winning streak of the new season—four straight—has furnished the favorable comparison with things as they were a year ago. The fourth in succession came over the Reds last night at Busch Stadium, 4 to 2.

The Cardinals still swung active bats, collecting 11 hits, including Stan Musial's second homer and four doubles, but their run-making was down. So stout pitching was necessary to turn back the power-packed Cincinnati lineup.

Vinegar Bend Mizell, gaining his fourth victory against only one defeat, was a whizz-bang for three innings, striking out six batters. The rangy sophomore southpaw fanned another in the fifth, too, but by then was mixing his curve ball more often with his sizzling high hard one. And eventually he needed help from Mike Clark and Al Brazle.

Jim Greengrass, the Joe Palooka of the diamond, hammered Mizell for a single and a double that set up both Redleg runs. And when he delivered a high wind-blown pop fly triple in the eighth off Clark, the broad-shouldered Cincinnati outfielder boosted his batting average to .365 and unseated Red Schoendienst as the National League batting leader.

Schoendienst was held to a double in four trips, but that blow set up the Cardinals' final run, an eighth-inning tally fetched home by Ray Jablonski's single off lefty Harry Perkowski.

Earlier the Redbirds had scored three times off right-hander Clyde King as Musial batted in two runs. Stan the Man singled behind Solly Hemus's double in the first and hammered a change-up to the pavilion roof for a homer in the third.

Bilko at .488 Home Pace.

The second home-side marker came on second inning doubles by Steve Bilko and Del Rice, who—like Musial and Hemus—had two hits each. Big Bilko, who has batted at a savage .488 pace while hitting safely in 10 straight games at home, now has had eight blows in his last 13 trips. And he's over the .300 mark.

For the Reds, held to seven hits, Greengrass's double and Bob Borkowski's single produced a run in the fourth. A single by Greengrass, a wild pitch and Ted Kluszewski's two-base blow provided the second tally in the sixth and routed Mizell with one out.

Clark, stopping the Reds then, gave up only Greengrass's high pop fly that was blown away from Schoendienst with one out in the eighth for a triple. Black Mike retired Borkowski on an infield grounder, as the tying run held third, but with the left-handed-slugging Kluszewski coming up, Manager Eddie Stanky switched to Southpaw Brazle.

Old Alfie, an exasperating cuss, walked the man he was sent in to get, but fanned pinch-hitter Andy Seminick and then turned back the visitors quickly in the ninth.

Six up and . . . well, Billy Southworth had the formula. "You don't even begin to THINK pennant," Southworth said, "until you're 30 games over .500."

Redbird Notes.

Cliff Chambers, cuffed out and defeated by the Reds in his only previous start, will face Cincinnati tonight at 8 o'clock. Right-hander Bud (1-4) Podbielan, whose only victory came over Brooklyn last Monday, probably will hurl for Rogers Hornsby's club.

Stanky and Coaches Mike Ryba, Johnny Riddle and Dixie Walker had a busy night. They held a clinic for some 1000 high school athletes before the game and afterward visited in the right-field grandstand with 150 crippled children from Elias Michael School.

August A. Busch Jr., president of the Cardinals, announced that veteran Third Baseman Billy Johnson, released by the Redbirds to get down to the player limit last week, had been signed as a playing coach with their Columbus American Association farm club.

Pitcher Eddie Yuhas, on the disabled list until June 11, was given permission to go to his Ohio home, where a brother was injured in a steel mill accident.

Fancy Stepping by Athletic Pitcher

—United Press Telephoto.

MARTIN FRICANO, Philadelphia Athletic pitcher, dances away from Catcher DEL WILBER to score in the eighth inning of the second Athletics-Red Sox game. Fricano came home on Ed Robinson's fly to Tom Umphlett. The throw was late and both the ball and glove got away from Wilber. HANK SOAR is the umpire and KEITH THOMAS is watching the play. The Red Sox won 3-2.

Giovanelli Wins From Martinez; Bids for Rookie of Year Honors

NEW YORK, May 23 (AP)—Danny Giovanelli, 20-year-old Brooklyn busybody, is off and running for the 1953 boxing rookie of the year title at the expense of last year's winner, Vince Martinez.

Shooting at the moon in his first Madison Square Garden main event, Danny Boy upset the 13-to-5 favorite in a stirring battle last night before 4583, paying $15,715.

It was so close that Matchmaker Billy Brown of the International Boxing Club already is trying for a rematch in July or August.

Fifteen seconds of furious action in Martinez's corner won "the big one" for Giovanelli, whose only previous Garden appearance was a six-round prelim bout.

On the deck for an eight count in the ninth round and shaken early in the tenth, he stormed back in the closing seconds to convince the two judges.

If Martinez had won the last round on the cards of Judges Harold Barnes and Artie Susskind he would have grabbed the decision. Barnes had it 4-4-1 going to the tenth and Susskind had it 5-4 for Giovanelli, but with Martinez leading on points.

The final cards showed Barnes 5-4-1 and Susskind 6-4, both for Danny. Referee Ruby Goldstein saw Martinez a 6-3-1 winner. The AP card split right down the middle with 4-4-2.

It was a wild battle with the boys fighting after the bell in two rounds. Giovanelli kept moving in while Martinez backed off and tried to look for a chance to end it with one punch. Martinez was shaken in the fourth from a solid right and Giovanelli was hurt in the sixth from a flurry of punches starting with a hook.

In the ninth, a right hand practically lifted Giovanelli off his feet. He pitched downward, landing on the bottom rope, but was ready to get up at eight. Martinez missed a chance to end it right there. He never got another.

Martinez weighed 146, Giovanelli 144¾.

Junior Soccer Cup Game Postponed Week

Tomorrow's scheduled western final in the National Junior Cup soccer competition between the Fifth District Youth Association and the Hansa Club of Chicago has been postponed until next Sunday, it was announced today.

Andrew Olenyik, program director of the Fifth District Association, announced the change after notification by John Wood, secretary of the National Cup committee, that the Chicago team would be unable to play this weekend. This game will be played at Meramec Sport Club field.

Rock Springs Wins In Women's Golf

The Rock Springs team won the St. Louis District Women's Golf Association title on the Triple A course in Forest Park yesterday. Norwood Hills was second.

Members of the Rock Springs team were Mrs. Nelson McBrien, Mrs. A. G. Ggvels, Mrs. H. G. Wickenhauser, and Mrs. C. E. Ditto.

Tigers Lose to Oklahoma, 5 to 2

NORMAN, Okla., May 23 (AP)—An 11-hit attack and flawless fielding paid off for Oklahoma yesterday as the Sooners whipped Missouri in the first game of a crucial Big Seven baseball series, 5-2.

A three-run rally in the second inning clinched the game for the Sooners who pounded two doubles and a single for two of the runs. The other was walked in by Tiger starter Don Boenker.

Mac Sanders, Oklahoma starter, also walked one in for Missouri in the top of the eighth.

Gibson Rolls 938 To Trim Carter

CHICAGO, May 23 (UP) — Ed Brosius, an unspectacular but steady 200 bowler, was favored today to win the American Bowling Congress masters invitational tournament.

Brosius, who hasn't lost a match in the classic, met the winner of the Rudy Habetler-Jim Allen match for the title and, having already whipped Allen once, had a decided edge for the crown. Brosius, a Chicagoan, rolled a 784 to Allen's 764 that sent Allen, of Alexandria, La., into the loser's bracket.

Brosius's unbeaten record in the masters was overshadowed yesterday by Therman Gibson's 938 series in his winning match against Don Carter, Detroit, who notched 817. Gibson's series was the highest rolled in any of the masters' competitions.

In other matches, Tony Lindeman won from Frank Clause, Habetler beat Chuck Hamilton and then Habetler defeated Lindeman for the right to meet Brosius.

Ned Day, far down in the standings, walloped Charles Polich, and followed with a win over Earl Brosius. Carl Richard, Parsons, Kan., beat Alex Black, Lorain, O.

In the fast-closing A.B.C. championships, Leon Reggelbrugge, Elgin, Ill., tallied a 644 singles series for the day's best score. It failed by 58 pins to break into the first 10 in the standings. E. Bandle and E. Miller, Milwaukee, rolled the top doubles score, a 1162 effort, also far down in the standings.

Baden No. 4 Team Wins Mothers' Title

The Baden No. 4 team won the Public School Playground Mothers bowling championship at Sports Bowl yesterday. The winners had an 1835 total, including a 279-pin handicap. Scores were: Mrs. Violet Mislark 431, Mrs. June Gertken 441, Mrs. Ann Newell 353 and Mrs. Alice Faber 325.

Mrs. Esther Smith, Walnut Park No. 1, had the high single, 231, and a 553 by Mrs. Alice Chapman was high three. The group's annual banquet will be at the De-Soto hotel on Wednesday.

Rosen Hits Homer Off Littlefield

SCORE BY INNINGS

	1	2	3	4	5	6	7	8	9	T.
BROWNS (At Cleveland)	0	0	0							
CLEVELAND	2	0								

By Dent McSkimming
Of the Post-Dispatch Sports Staff.

CLEVELAND, May 23—Manager Martin Marion shuffled his batting order here this afternoon as he tried to get the Browns out of a four-game losing streak. He had Bobby Young leading off for the first time, and Johnny Groth dropping to second position in the delayed series opener with the Indians.

Dick Littlefield, with a 2-2 record, opposed Cleveland's Bob Lemon, who had lost four straight games after winning his first three.

The play-by-play:

FIRST INNING: BROWNS — Young flied to Doby. Rosen threw out Groth. Wertz bunted and was out, R. Lemon to Glynn.

INDIANS — Boone struck out. Avila walked. oung tossed out Doby. Rosen hit a home run over the left field fence, scoring behind Avila. Kennedy walked. J. Lemon struck out. TWO RUNS.

SECOND—BROWNS—Lenhardt struck out. Kryhoski also struck out. Rosen threw out Elliott.

French Crowd Whistles in Awe At 'Little Mo'

PARIS, May 23 (AP)—America's queen of the courts, Maureen Connolly, made an impressive debut in the French international tennis championships yesterday, walloping Christiane De Mercellis of Belgium, 6-1, 6-3.

Vic Seixas of Philadelphia, the United States second ranked men's player, spent only 47 minutes in crushing France's Bernard Destremau, 6-1, 6-1, 6-1, in a third round match.

The crowd deserted the central stadium to swarm to the No. 2 court to whistle in awe at the power of "Little Mo" Connolly's backhand, which is stronger than that of most of Europe's men players.

Little Mo from San Diego, Calif., blew four of her own services in losing four games to the Belgian girl. The match lasted only 30 minutes.

Another American victory was turned in by Dorothy Head Knode of Alameda, Calif., who trounced Fanny Ten Bosch of Holland, 6-3, 6-3. Julie Sampson of San Marino, Calif., defeated Mme. A. Wavre of Switzerland, 6-5, 6-2.

America's third-ranked Shirley Fry of Akron, O., had to go all out to dispose of Joan Curry of Great Britain, 10-8, 6-4.

Bernard Bartzen of San Angelo, Tex., ranked eleventh in the states, defeated Sweden's Stefan Stockenberg, 6-2, 3-6, 6-2, 6-0 in a third-round test.

16 Major League Scouts Reported Interested in New England Schoolboy

CLAREMONT, N. H., May 23 (UP)—Sixteen major league scouts were chasing 200-pound Rudy Fortin of St. Mary's High School today. He's a senior who has pitched three no-hit shutouts and two one-hitters in five starts.

"I'll make up my mind after graduation next month," the 18-year-old Fortin said. "I'm undecided which offer to accept."

Among Fortin's feats this season was a perfect game against St. John of Concord in which no batter reached first base.

Fortin, who has two games to pitch before the season ends, may lean toward the Boston Red Sox, who gave him a tryout last year.

Normandy and McBride Play for State Title

Johnston To Oppose Bommarito

By Harold Tuthill

Luck ran out yesterday on two good baseball teams—St. Louis U. High and Roosevelt—and as a result Normandy and McBride today will battle for the state championship in a single game at Busch Stadium starting at 2 o'clock.

The Junior Billikens of C. J. Taylor offered no excuses as they lost to Rich Otey, Normandy's fine southpaw, 8-1, but the Blue and White played without two of its regulars. Jim Raymonds sat on the bench with a shoulder separation while Dan Crimmins was sidelined with a broken hand he received in a mishap at a class picnic.

Roosevelt was beaten by McBride, 7-6, in a contest called with two out in the last of the sixth because it was after 5 o'clock and the Cardinal groundkeepers had to prepare the field for the night major league game. The fact that no inning could start after 5 o'clock was not announced beforehand and came as a surprise to Roosevelt Coach Irl Lake and to the newspaper men covering the game who had no advance notice that seven innings would not be played.

Lake Protests.

Coach Lake immediately protested and requested the game go seven innings. Tournament manager Froebel Gaines who heard the protest said the matter would be considered by the "committee" and an answer given Lake in time for him and McBride to assemble their teams in case a replay was ordered; or a resumption of the game with McBride at bat and two out in the last of the sixth be ordered.

The rhubarb further enlivened a day made for baseball. It was hot enough for the pitchers to be at their best and Roosevelt's Malvern Murphy worked so hard and perspired so freely he had to change his shirt. He was taken out after five innings and the loss was charged to Frank Michel. Dave Hughes, sophomore right hander, received credit for the victory when he relieved Don Sheedy in the sixth inning and put out the Rough Rider fire.

Pete Palumbo, McBride coach, said his No. 1 pitcher, Joe Bommarito would work against Normandy's No. 2 lefty—Jim Johnston—in the game to see which school succeeds Central as the state king.

Otey, Art Shipherd's No. 1 southaw, gave St. Louis U. High only four hits and was in difficulty only in the fifth when a walk and Harry Hausmann's triple scored the Junior Bills' lone run. Otey fanned eight, striking out the side in the seventh to end the contest in sizzling fashion.

Three Hits for Thiele.

Hitting star for the Vikings was Jack Thiele who rapped out three singles and scored three times. Gene Schwidde, lead-off batter, singled twice and walked twice to be on base every time.

Jack Willie, junior right-hander, was charged with the loss. He was routed in the third when the Suburban League entry put over four runs, enough to win behind Otey's effortless hurling.

St. Louis U. High lost earlier in the week to Beaumont, the non-league defeat breaking an 11-game winning streak. Yesterday's setback, therefore, was only the second in the past 14 games. Quite a comeback for a team which was slow getting started, one of its early defeats coming at McBride's hands, 13-0, the first of five reverses for the Junior Bills.

Roosevelt and East St. Louis Gain Track Meet Victories

Roosevelt and East St. Louis won as expected in important track meets yesterday. Roosevelt, though strongly pressed by guest entrants Vashon and Sumner, won the Public High League event, and East St. Louis captured the Southwestern Illinois Conference meet without strong competition in either the senior or junior divisions.

The Rough Riders' point total was 91 7-10. Vashon, which was first in the junior division, had an overall total of 78½. Sumner had 65½.

East St. Louis took the senior title with 59 points to 26 1-5 for runner-up Granite City, and in the junior bracket, the Flyers had 52 1-5 to 32 for Belleville.

The 880 relay team from East St. Louis broke a 20-year record with its time of 1:32.4. Alton's Vic Belanger broke a shotput mark set in 1941 when he turned in a heave of 56 feet 6¾ inches.

In the Public League, Roosevelt's mile relay team broke the meet record to take the final event, going the distance in 3:35.5 Clarence Luckett of Vashon broke the senior low hurdle mark with :21.4.

Multiple winners included Fred Ware, Sumner, senior, 100 and 220; Thurman Poe, Washington Tech, senior 440, high hurdles, and a third in the 220; Sterling Amerson, junior 100 and 220; Jim Tate, Sumner, first in the junior 440 and second in the 100 and 220.

Beaumont was second among the Public High teams with 53 points.

Giants Recall Noble.

NEW YORK, May 23 (UP)—The New York Giants announced the sale of Outfielder George Wilson to Minneapolis in the American Association and at the same time recalled Catcher Ray Noble.

Noble, a 210-pound catcher, was batting .361, had hit four home runs and driven in 21 runs in 21 games for Minneapolis.

Sprinters Will Go in Feature At Fairmount

A field of seven sprinters will go to the post tonight in the $2500 handicap, feature of the third racing program at Fairmount Park. It will be over the six-furlong route.

Top weight of 117 pounds has been assigned to Dr. Felix by Racing Secretary Jack Klucina. Harry Lou will carry 114. Others entered are Texas Rain, Texas Flash, Fancy Food, Illstay and Laughing Fox.

That the stewards this season will stand for no interference was evinced in the running of last night's ninth race. In this event, Honey Bear, with B. Bennett up, went into the lead at the start and stayed right there. However, in the stretch, when Arthur Elrod, ridden by Rafael Sanabria, made his bid, Honey Bear was guilty of interference. Following a consultation, Honey Bear was disqualified and placed second, with Arthur Elrod getting the long end of the purse. The winner paid $11.60 for $2. Honey Bear would have paid $19.60 for $2.

A crowd of 6972 bet $221,796 on the night's races. It grew colder throughout and many fans left before the final event.

Fairmount Results.

FIRST RACE—Six furlongs:
Bo-Co (D. Bates) $4.40 $4.20 $2.80
Omitted (R. Sanabria) —— 16.80 7.80
Song of Italy (E. Hust) —— —— 5.00
Time—1:12 4-5. Martatation, Reedon, Al T. Oro Escritoro, Aunt G, Leaolino, Peace Sword, Kee Dee and Night Tack also ran.

SECOND RACE—Six furlongs:
Nedford (P. Dom'ico) $5.20 $3.40 $2.80
fSlow Flash (K. Robertson) —— 5.40 3.60
Atomic Cloud (B. Bennett) —— —— 4.60
Time—1:13 3-5. Jess D., fGoldy Wise, Cindalite, fMonolith, Miss Manora, Dee Ed, Travelingray, Balla Tim, Technicolor also ran. fField.
Daily double on Bo-Co and Nedford paid $11.40 for $2

THIRD RACE—Five and one-half furlongs:
Frost Sparks (R. Sanabria) $11.20 $5.20 3.00
Red Sockeye (F. Keene) —— 6.60 3.20
Chip's Floppy (R. Reynolds) —— —— 2.60
Time—1:07 4-5. Ilk, Tollie, Red Rhiney, Discobit and Easy Miss also ran.

FOURTH RACE—Six furlongs;
Santa Fe (E. Van Hook) $6.80 $4.40 $3.20
Angle Bar (D. Bates) —— 11.60 6.80
Xeno King (K. Griffith) —— —— 5.60
Time—1:12 2-5. Bass Boy, Bossy Fox, M'Lady Sweep, Black Larkspur, Mike's Boy, Foxy No Mark, Rosy Lane, Ace o'Day, Pigeons Pal also ran.

FIFTH RACE—Six furlongs:
Longden (L. Grandsart) $17.60 $8.20 $6.00
Perfect Mister (P. Domenico) —— 6.80 4.80
One Play (K. Griffith) —— —— 8.20
—Time—1:12, Copete, Moonblend, Espino's Quera, Last Raid, John Bauer also ran.

SIXTH RACE—Six furlongs:
Brown Pirate (B. Bennett) $5.40 $3.80 $2.80
Dandy G. (G. R. Martin) —— 5.20 3.60
Golden City (W. Brinson) —— —— 3.00
Time—1:11 2-5. Talltown, Taos Cross, Red Rudolph, Kathleen R. and Bockatay also ran.

SEVENTH RACE—Six furlongs:
Lancaster Lady (F. Becker) $5.40 $3.30 $2.60
Sir Dakota (D. Bates) —— 4.00 2.60
Fabulous South (L. Grandstart) —— —— 3.40
Time—1:12. Greek Light, Mandy's First, Kapi Boy, K Tai also ran.

EIGHTH RACE—One mile and one sixteenth:
Locarno (M. Duhon) $5.80 $3.00 $3.40
Happy Jim (E. Van Hook) —— 3.40 3.60
Whirling Feet (J. Dyer) —— —— 4.00
TIME—1:46 2-5. Big Inch, Tommy Alan, Ky Beauty, Cookina also ran.

NINE RACE—One mile and one sixteenth:
Arthur Elrod (R. Sanabria) $11.60 $7.00 $4.20
dqHoney Bear (B. Bennett) —— 9.60 7.00
Pinko (K. Griffith) —— —— 7.40
Time—1:46 4-5. Impress, Staller, Bimont, Junior Wolf, Sayre, Dixie Pebble, Punks, Brief Angel and Vinita War also ran. dqFinished first, but disqualified and placed second.
Attendance 6972.
Mutuel Handle—$221,796.

*Ever Zoomin	114	Pam Light	119
Culver Cood	111	Skyolater	116
*May-B-Later	102	Busy Liz	109
Missciset	107		

John Burroughs and Mercy Clinch Titles

Mercy and John Burroughs put the clinchers on league baseball crowns yesterday. Mercy defeated Marquette of Alton, 6-2, at Heman Park to finish with a 10-2 record and championship of the Catholic League, while John Burroughs won at home from Western Military Academy, 3-1, for the Bombers' fifth straight win and a certain ABC League title.

Dave Lauck let Marquette down with one hit, while Bobby Thym, the Burroughs pitcher, was almost as stingy as he gave up three safeties. Thym doubled for one of the four Bomber hits and also scored a run to help his own cause.

Burroughs will play at Western today, but result will not affect Burroughs' title because every other team has lost at least three games.

DeSpirito Rides Three Winners and Has Four Other Mounts in Money

BOSTON, May 23 (UP)—Tony De Spirito continued his excellent riding at Suffolk Downs yesterday by piloting three winners and finishing in the money with four other mounts.

The dark-haired youngster from Methuen, Mass., won with Occupy-Pass at $17.80 for $2; Dom W., $2.80, and Inlet Miss, $8.40.

De Spirito's latest splurge gave him a record of 10 winners in the last three days. He had four Wednesday and three Thursday.

District Women's Weekly Golf Play

(AT ALGONQUIN.)

THIRD FLIGHT (At Algonquin).

Low Gross—Mrs. L. K. Cassett, Westwood, 96; tie for runner-up honors between Mrs. M. Fruit, Sunset Hills, and Mrs. Oscar Schmidt, also Sunset Hills, 100; blind bogey—tie between Mrs. Roger Pahlmeyer, Greenbriar, and Mrs. C. Gould, Triple A, 85; fewest putts—Mrs. Julian Jaeckel, Triple A, 30.

FOURTH FLIGHT (At Algonquin).

Burglar and His Loot

—By a Post-Dispatch Staff Photographer.

CHARLES SCHRAMM looking over some of the 33 shotguns and rifles he admitted taking from a store early today. Officers who arrested him are, from left, PATROLMEN ARTHUR SCHLENK and WALTER REASONER and SGT. JOHN MESSMER.

PERON CRITICIZES 'FOREIGN BOSSES' OF NEWS AGENCIES

BUENOS AIRES, May 23 (AP)—President Juan D. Peron criticized foreign news agencies again yesterday, but said employes of the agencies in Argentina are the innocent victims of their foreign employers.

In a speech to directors and employes of the newspaper La Prensa, Peron said news stories "sent to central officers on orders of intelligence services are deliberately deformed, modifying news that was transmitted honorably." Argentine news is distorted by the agencies, he asserted, "to serve their foreign bosses."

(This dispatch did not say whether Peron referred to any specific stories he considered so affected in the editorial process. In a May day address, he specifically attacked the Associated Press, the United Press and International News Service.)

A nine-member committee appointed at Peron's request to investigate foreign news agencies conferred with him earlier yesterday.

After the meeting, Peron visited La Prensa, expropriated by the Peron government two years ago and given to the General Labor Confederation.

BROWNELL CHALKS JUSTICE DEPT. ILLS UP TO DEMOCRATS

WASHINGTON, May 23 (UP)—Attorney General Herbert Brownell Jr. has accused the Truman Administration of making "skulduggery" possible in the Department of Justice.

Brownell said that when he took office last January, "violations of trust and incompetency on the part of high-placed justice officials had sundered whatever esprit de corps might have existed." In addition, he said, "we inherited more than our fair share of odd characters, log-rollers and misfits."

In a speech before the American Law Institute last night, the Attorney General listed steps which he hopes will restore the Department of Justice to public grace.

Brownell said he has ended secrecy in granting pardons, abolished the so-called health policy in tax cases and allowed the courts to decide when a delinquent taxpayer should stand trial, and given more active aid to the Federal Bureau of Investigation in National security cases.

BRAZIL NECKLACE FOR QUEEN

RIO DE JANEIRO, May 23 (AP)—The Brazilian delegation to Queen Elizabeth's coronation next fall will present the young British ruler a necklace of 647 Brazilian diamonds and aquamarines, reported to be valued at $50,000.

The gift, to be given in the name of Brazil, has been made possible by individual contributions.

CAUGHT WITH ARMS FILLED WITH GUNS, LOOT FROM STORE

Three policemen caught Charles Schramm, a former convict, with his arms full of shotguns and rifles early today, found that Schramm had gathered up a sporting goods store's entire display of 33 shotguns and rifles.

"You'd never have taken me if my arms weren't full," Schramm told the officers when they surrounded him at the rear exit of the Kendall Sporting Goods Co., 2619 Cherokee street. They relieved him of his revolver and an armload of seven guns, and then removed 26 guns from his automobile.

Sgt. John Messmer and Patrolman Arthur Schlenk and Walter Reasoner of the Third District had been cruising in a squad car when they heard a radio message about a prowler at the store. They took positions around the building and presently saw Schramm making the last of a series of armament deliveries to his machine.

Schramm admitted he had used burglar tools to enter the building. He said he was 55 years old, a steamfitter, and had served an 8-year sentence for armed robbery beginning in 1928. He declined to say what he meant to do with his arsenal.

U.S. MILITARY BANDS PLAYING TOO MUCH, PETRILLO PROTESTS

WASHINGTON, May 23 (AP)—The AFL executive council complains that Army, Air Force, Navy and Marine bands are playing too much free music and depriving civilian musicians of pay.

The 13-man council backed up protests voiced by James C. Petrillo, president of the AFL's American Federation of Musicians. Petrillo, an AFL council member, told reporters yesterday: "These service bands are knocking my members out of work and pay. The laws and regulations are being violated every week, every month, all over the country. It's got to stop."

He said about half the union's 240,000 members lack full-time jobs.

The council's statement said there are four federal laws, plus Army regulations issued in 1947 when President Eisenhower was Army Chief of Staff, clearly spelling out the kind of occasions on which service bands may play.

The rules are being broken, the statement said, to use military bands "at premiers of movies entirely commercial in character, and at banquets of purely private organizations."

U.S. to Help Arm Ethiopia.

WASHINGTON, May 23 (AP)—The United States agreed yesterday to provide military equipment and training aid to Ethiopia's armed forces. Acting Secretary of State Walter Bedell Smith and Ato Akililou Abte Wold, the Ethiopian foreign minister, signed a mutual defense agreement. No amount is set out.

Eisenhower Responds With 'Hey!' On Cue From Boogie Woogie Piano

WASHINGTON, May 23 (AP)—Some hot licks on a boogie woogie piano drew a solo "Hey!" from President Eisenhower last night.

He came in on cue and with a solid beat, much to the delight of the White House News Photographers Association, at whose annual dinner he was guest of honor.

The pianist, a professional who performs under the single name of Liberace, was whipping through at eight to the bar, with an occasional "hey!" accompaniment from the diners.

Why not try it solo?, Liberace suggested. It would be a good chance, he said, for the President to demonstrate that, as reported, he was a boogie woogie fan.

On the next round at the proper time, Eisenhower let out a "Hey!" that rang the rafters and evoked whoops and applause.

In a serious vein during his brief address, Eisenhower applauded the "sparkling courage" of such typical Americans as singer Jane Froman, golfer Ben Hogan and Marine Cpl. Duane E. Dewey.

Miss Froman, who helped entertain at the dinner, walks with leg braces as a result of injuries in a plane crash. Hogan, seriously hurt in an automobile accident a few years ago, has fought his way back to golfing prominence. Dewey, of Muskegon and South Haven, Mich., was recently awarded the Medal of Honor by Eisenhower for throwing himself on an enemy grenade to protect his buddies.

"I some times wonder what the rest of us have to be afraid of," the President said.

Eisenhower declined a toast in his honor, a traditional gesture of the association, and asked that it honor the men in Korea instead.

He presented plaques and a trophy to seven prize winners in the association's annual photo contest, which drew more than 500 entries.

Danny Kaye, George Murphy and Ezio Pinza also were on the entertainment program presented before an audience that included Supreme Court justices, Cabinet and Congress members and other officials.

7 FLEE MICHIGAN PRISON; CIVILIAN CAPTURES ONE

Escaped Convict Gives Up to Man Pretending to Have Pistol—6 Still at Large.

MARQUETTE, Mich., May 23 (AP)—One of seven desperadoes who fled Michigan's maximum-security prison here was back behind bars today, less than 24 hours after he broke out.

He was captured by a civilian who merely thrust his hands in his pockets as if he had a pistol—he didn't.

Back was Lloyd Budgdurf, 61 years old, a life-termer. Jack Messenger, 48, a school bus driver, spotted him near Marquette's city dump last night.

Messenger stopped his car. His springer spaniel dog jumped out barking. Messenger thrust his hands in his pockets as if reaching for a gun. Burgdurf came forward, hands raised.

Authorities, however, didn't anticipate the other six would cow as quickly or easily.

Among them was Lloyd Russell, 31, serving 9½ to 10 years for assault less than the crime of murder. One of two brothers who escaped from the Ohio prison farm at London, Russell was convicted of attacking a Michigan state trooper.

Both killers and robbers were among those fleeing, and Warden Emery Jacques warned "all are dangerous and armed."

The warden gave his version of the escape, one of the few from this "Rock."

The seven, assigned to work as plumbers on radiators in Cellblock C, overpowered at knife point two guards, Sgt. Joe Butala and John Osterburg, and locked them in cells. They forced several inmates they thought may interfere into cells and locked them up.

An acetylene torch cut bars leading to the front lawn of the penitentiary, from which the seven fled.

200 GROUPS INVITED TO TAKE PART IN FOREIGN POLICY TALKS

WASHINGTON, May 23 (UP)—The State Department has announced that Secretary of State John Foster Dulles had invited representatives of approximately 200 national organizations to attend a conference here June 4-5 on U. S. foreign policy.

Groups which have designated representatives to attend the conference include farm, labor, business, women's, religious, veterans, educational and professional organizations. The representatives will exchange views on foreign policy with top State Department officials during the two-day session.

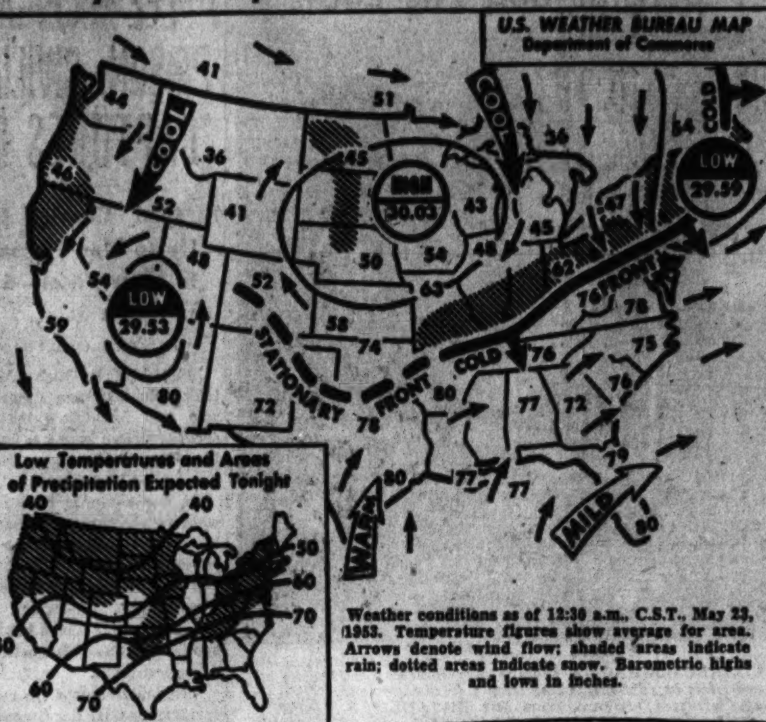
Partly Cloudy Skies, Showers Predicted



Weather conditions as of 12:30 a.m., C.S.T., May 23, 1953. Temperature figures show average for area. Arrows denote wind flow; shaded areas indicate rain; dotted areas indicate snow. Barometric highs and lows in inches.

—Associated Press Wirephoto.

Partly cloudy skies here tonight and tomorrow with a liklihood of showers was predicted by the St. Louis Weather Bureau. A low temperature tomorrow morning of 60 and an afternoon high of 80 to 85 were forecast.

A low pressure area in the west is expected to split with a part remaining relatively stationary and two others moving at a velocity of 30 miles an hour to northeastern Colorado and southeast Missouri by tomorrow. The high over the Minnesota-Iowa border should move eastward at the same speed to New York.

A cold front moving past St. Louis shortly after 6 p.m. yesterday caused the mercury to drop from a high of 90 at 6 o'clock to 79 at 7 p.m. Temperature continued to drop to 74 at 8 p.m., 70 at 9 p.m. and 61 by midnight.

Showers and thunderstorms were forecast for tonight in the middle Atlantic states, Ohio and Tennessee valleys, from northern Texas to the upper Mississippi valley and from there to the Pacific coast, as shown by the map at left.

Missouri temperatures ranged this morning from 48 at Kirksville, which had a maximum of 70 yesterday, to 70 at Joplin. The highest in the state yesterday was 93 at Joplin. Over the nation this morning minimums were from 23 at Big Piney, Wyo., to 80 at Brownsville, Tex.

Most of southwestern Texas was 100 or more degrees yesterday with the highest over the nation at Presidio with 111. Rain fell yesterday along the Pacific coast, the Dakotas, northern Nebraska and from Missouri north of the stationary cold front shown on the map above to New England.

EISENHOWER RENAMES RETREAT IN MOUNTAINS

Shangri-La of Roosevelt and Truman Becomes Camp David.

WASHINGTON, May 23 (AP)—President Eisenhower has given a new name—Camp David—to the Maryland mountain retreat known to Presidents Roosevelt and Truman as Shangri-La.

The President apparently likes the place, because he is spending today there working "very quietly." It is about 60 miles from Washington, near Thurmont, Md., in the Catoctin mountains.

Press Secretary James C. Hagerty would not say specifically that Eisenhower plans to continue using the camp, but he noted that the decision on the new name might be taken to indicate Eisenhower doesn't plan to relinquish it.

Hagerty said the name, Camp David, was chosen because the President's grandson, Dwight David Eisenhower II, 5 years old, is usually called David, the President's father's name was David, and "he likes the name David."

Eisenhower is driving to the camp with his principal assistant, Sherman Adams, and his acting special counsel, Bernard Shanley.

They are spending the day on office work, Hagerty said. He added in answer to a question that the forthcoming Anglo-French-American meeting in Bermuda would be discussed.

Eiesnhower has made one previous visit to the Maryland mountain camp—a recent inspection trip on which it was indicated he would decide whether to keep it for White House use.

The camp was named Shangri-La by Roosevelt because of its all-secret location when he used it as an occasional vacation spot in World War II. The original Shangri-La was a mythical mountain paradise in the novel, "Lost Horizon," by James Hilton.

FRENCHWOMAN, 95, IN U.S. 47 YEARS BECOMES CITIZEN

REDWOOD CITY, Calif., May 23 (AP)—Mrs. Louise Julie Felicia Rocquin, 95-year-old Frenchwoman who "loves politics," became a United States citizen yesterday.

She told Judge Murray Draper she had wanted to become a citizen "for years and years" but her children had thought her too old. She has lived in the Unitel States since 1906.

After taking the oath she said: "I am very proud. I will vote in the next election even if it is only for a bond issue. I love politics. Now I would like to go back to France once, to show them I can be an American citizen,"

Flashes of Life

Not Quite His Line.

PINCKNEYVILLE, Ill. (UP)—Ross Randolph, warden of Menard state prison, came out from behind the walls to be featured speaker at a banquet here. His subject: "The Importance of Music in the Life of a Child."

Meant Well.

SCHENECTADY, N.Y. (AP)—An expectant father was pacing the floor at St. Clare's Hospital when his name was called. He ran down a darkened hall and excitedly kissed a woman patient being wheeled from the delivery room.

In a better light, the woman proved to be a stranger. Apologies were skipped. Everyone understood.

Pay Hiked to 35c a Day.

GREEN BAY, Wis. (UP)—Officials of the Wisconsin penal system took note of the higher cost of living.

The State Welfare Board authorized wages for prisoners working inside prison walls to be boosted from 25 cents a day to 35 cents. Those working on prison farms and forestry projects will get 40 cents instead of 10 cents a day.

Jet Flight To Freedom . . .

Polish Pilot Who Went West With a MIG-15 Tells About Life In Poland Today.

Why did Lt. Franciszek Jarecki take a Russian MIG-15 jet plane from behind the Iron Curtain and turn it over to authorities in Denmark? What does he say about the Polish people's attitude towards Communism? What is it like to live in this Russian satellite today?

Read the interesting answers to these questions in a series of exclusive articles, starting tomorrow in the Post-Dispatch EVERYDAY MAGAZINE.

STARTS TOMORROW IN THE POST-DISPATCH

SLUM CLEARANCE PLAN ADVANCED BY REAL ESTATE GROUP

WASHINGTON, May 23 (AP)—The National Association of Real Estate Boards said today it was sponsoring "the most hopeful plan yet proposed" to remove slums and prevent dilapidation in American cities.

Key proposal in the association's plan is for the creation of "community conservation commissions" which could establish, with local government approval, "neighborhood conservation areas."

The commissions would help enforce health, safety and housing laws and would also have special powers to acquire buildings and lands needed for development plans and to levy taxes and special assessments.

The Federal Government would be asked to insure bonds sold by commissions, so as to make low interest rates possible, provide income tax benefits to encourage improvement of property and amend mortgage insurance laws to help mortgage financing of improvements. States would be asked to make similar tax adjustments.

Ambassador Allison in Japan.

YOKOHAMA, Japan, May 23 (UP)—John M. Allison, new United States Ambassador to Japan, arrived here today. He will replace Robert D. Murphy, who has been promoted to Assistant Secretary of State but is remaining temporarily to serve as political adviser to Gen. Mark W. Clark.

TALKS ON MOVING CHINESE OUT OF BURMA STARTED

U.S. Taking Lead in Negotiations to Disarm and Remove Guerrilla Forces.

BANGKOK, May 23 (AP)—A four-nation military commission began preliminary discussions here today on the disarming and withdrawal of 12,000 Chinese Nationalist guerrillas from North Burma.

A full conference opens Monday with representatives of the United States, Burma, Nationalist China and Thailand attending.

The United Nations General Assembly adopted a resolution condemning activities of the guerrillas, who retreated into northern Burma when the Communists overran their homeland in 1950. It called on all nations to help get the guerrillas out of Burma.

The commission which met today was formed at the initiative of the United States ambassador in Rangoon, William J. Sebald, who has been acting as a go-between for Burma and Formosa.

United States Col. Raymond Palmer is chairman of the conference here, which will be held at the American embassy.

Burma, which has tried to drive out the Nationalists, appealed to the U.N. to brand Nationalist China an aggressor. The Formosa Government has agreed to help in removal of the troops, but it has no control over them.

The Burmese army recently has stepped up its attacks on the Nationalists whom authorities accused of raiding villages and drafting into service the inhabitants of the remote area where they operate.

Thailand has agreed to permit the Nationalist irregulars to pass through on their way to Formosa if their surrender and disarmament can be worked out.

Nationalists Favor U.N. Investigation of Laos Invasion.

TAIPEH, Formosa, May 23 (AP)—Nationalist China said tonight it will give full support to Thailand's projected request to the United Nations to investigate the Communist threat stemming from the Vietminh invasion of Laos.

A foreign office spokesman said the Nationalist Government is "much concerned about the outlook for security in Thailand" because of close friendship between Thailand and Nationalist China.

OPTIC NERVE FAULT GIVES CLUE TO COLOR BLINDNESS

GENEVA, N. Y. (UP)—Color blindness may be related to an irregularity of the optic nerve, experiments by two psychology students a William Smith College indicate.

Helen Gardner, Wayne, Pa., and Teresa Mondy, Oswego, N. Y., worked for six months with 10 persons of normal vision and 10 who were color-blind to some degree.

Using a device to map the blind spot or optic disc in the right eye of each subject, they observed that 90 per cent of the normally sighted persons tested had elliptically shaped discs. An equal percentage of the color-blind persons had irregularly shaped discs.

Shelton MacLeod, professor of psychology at Hobart and William Smith Colleges, who supervised the experiment, believes the corollation of abnormally shaped discs to color blindness is significant.

The students are now busy mapping the left eyes of their subjects.

THREE WOMEN IN NATCHEZ KEEP A SECRET FOUR YEARS

NATCHEZ, Miss. (UP)—The only case on record of three women keeping a secret for four years occurred here.

It involved the development of the Melrose silver pattern by Gorham in honor of Melrose, one of the famed ante-bellum mansions here.

The firm arranged in 1941 with Mrs. George L. D. Kelly, owner of Melrose, and the presidents of the Natchez and Pilgrimage Garden Clubs—Mrs. Joseph Dixon and Shirley Boatner to issue the pattern.

But before it could be developed that plan had to be suspended because of wartime metal shortages. It was 1945 before the project could be revived and for four years the three women had to keep the secret—to preserve its publicity value.

Top Teacher at White House

—Associated Press Wirephoto.

MRS. DOROTHY HAMILTON (right) of Milford, Conn., winner of the "Teacher of the Year" award, is introduced to MRS. OVETA CULP HOBBY (left), Secretary of Health, Education and Welfare, by MRS. DWIGHT D. EISENHOWER during a visit to the White House as part of a Washington tour yesterday. Mrs. Hamilton conducts a class on "Problems in Democracy" through which her students keep a close check on happenings in the Capital. Mrs. Eisenhower holds award.

ROAD MAY BE BLOWN UP TO RELIEVE FLOOD

Highway 90 Acts as Dam Keeping Water Pent Up in Louisiana, Texas Area.

(Picture in Everyday Magazine.)

LAKE CHARLES, La., May 23 (AP)—Engineers will decide today whether to dynamite Highway 90 to allow the flood to drain from Lake Charles, a port city in southwest Louisiana, and Orange, Tex., about 30 miles southwest.

The highway is built on top of a land fill which is acting as a dam against pent up flood waters.

The Calcasieu river has flooded a third of Lake Charles and the flooding Sabine river has threatened Orange.

Fifteen thousand persons in the Lake Charles area have left their partly-flooded homes. Hundreds of homes have back water up to the window level. Damage was estimated at $10,000,000.

Louisiana Gov. Robert Kennon flew over the stricken area yesterday and said afterward the decision to dynamite would be left up to engineersw ho are making an on-the-spot survey today.

Week-long floods throughout Louisiana caused a loss estimated at more than $10,000,000 dollars and caused at least eight drownings. No casualties were reported here, but residents were advised to get typhoid shots.

Waters spilling into low-lying neighborhoods of this southwest Louisiana city appeared to be leveling off, but not falling. Lake Charles, and its outlying districts have a population of 70,000.

The Red Cross took care of more than 1000 refugees in Lake Charles churches, fraternal homes and high school. Most evacuees went to homes of relatives or friends.

The big Lake Charles Air Force Base, two miles east of the city, was nearly abandoned. B-29 bombers flew out yesterday as water crawled toward the last runway. About 4000 airmen were released and headed for town, many wading through water and carrying dress uniforms over their heads.

20 FOES OF MALAN CONVICTED ON RED CHARGE LOSE APPEAL

BLOEMFONTEIN, South Africa, May 23 (AP)—A South African high court today threw out an appeal by 20 non-white resistance leaders convicted of spreading Communist ideas.

The 20, including Dr. James S. Moroka, president of the African National Congress, were given suspended jail terms of nine months each last year by South Africa's supreme court. They were convicted under the suppression of Communism act which empowers Prime Minister Daniel F. Malan's nationalists government to arrest anyone it believes is spreading Red ideas.

Opponents of the government claim Malan is using the law to punish anyone who opposes his policies.

WHOLE BLOOD CONSTANTLY NEEDED, SAYS KOREA SURGEON

SEOUL, May 23 (UP) — Brig. Gen. L. Holmes Ginn Jr., surgeon of the United States Eighth Army, said today that there is a "constant and vital" need for whole blood in Korea.

"Plasma has not been widely used during the Korean conflict," Ginn said. "Whole blood has been used almost exclusively . . . There is absolutely no substitute for whole blood, and it can be obtained only through donations at home."

Plasma, widely used in World War II, replaces the liquid part of the blood but does not contain oxygen-carrying red blood cells.

LONG ISLAND RAILROAD TO PAY $7,500,000 IN BACK TAXES

The New York Herald Tribune-Post-Dispatch Special Dispatch.

NEW YORK, May 23—The bankrupt Long Island Railroad has reached an over-all tax settlement with the city in which it will pay $7,500,000 in back taxes, Mayor Vincent R. Impelliterri announced last night.

The Mayor indorsed a plan developed by a city attorney for private reorganization of the railroad.

The settlement, which will be in cash, must be approved by the United States district court, Brooklyn, which is supervising affairs of the railroad.

WOMEN VOTERS BACK RECIPROCAL TRADE ACT

League Urges Curtis to Oppose Any Bills Calling for Higher Tariffs.

The St. Louis League of Women Voters wenton record today in favor of continuance of the reciprocal trade agreement act and opposition to any bills calling for increased tariffs or quotas.

Sentiment of the league was expressed at its annual meeting at the Chase Hotel through a telegram to Representative Thomas B. Curtis (Rep.), of Webster Groves, urging him to support President Eisenhower's request for extension of the reciprocal trade act for a year. Curtis also was requested to oppose the Simppson bill and other measures calling for increased tariffs.

Mrs. Harry Carlson was elected president of the league succeeding Mrs. J. Hardin Smith Jr., who was elected a vice president. Mrs. William Stroud also was elected a vice president and Mrse. Frank Black was named treasurer.

Chosen as directors were Mrs. Gilbert Harris, Mrs. Al F. Pinkus, Mrs. Richard Waite and Mrs. John Seddon.

About 200 members attended the meeting which was devoted largely to preparation of a program of activities for the coming 12 months.

UNION ASKED TO OK PROPOSAL TO DISCOUNT RED PEACE TALK

CHICAGO, May 23 (UP)—The CIO International Ladies Garment Workers Union was asked today to approve a resolution discounting the recent "not unkind gestures" made by the Soviet government.

"They were not made due to a sudden fit of humaneness and a love of peace," the resolution said, "but rather to Moscow's realization that its policy of incessant irritating maneuvers has served to rouse and align the democracies for rallying sufficient strength to deter and defeat Soviet aggression."

The resolution, drafted by the international labor relations committee of the ILGWU, said the Communist empire "is dedicated to the subversion, conquest and domination of the non-Soviet lands and peoples. They cannot be satisfied by an addition to its territory here and there, by an extension of its boundary or by concessions now and then."

GRANDMOTHER, 69, STANDS GROUND AGAINST HOLDUP MAN

SIDNEY, Nebr., May 23 (UP)—A 69-year old grandmother stood her ground against a holdup man in her son's restaurant and calmly told him "I'm 69 years old; go ahead and shoot."

Mrs. Blanche King and a waitress in the Maroon Inn were preparing to close for the night last night when a man in his 20s entered, produced a pistol and demanded the money in the cash register. Mrs. King and the girl refused to open the register, but they surrendered $18 from their purses.

Mrs. King was not available for comment after the incident—she had gone to a movie.

DOUKHOBORS PROMISED LAND BACK IF THEY OBEY LAWS

VICTORIA, B.C., May 23 (UP)—Premier W. A. C. Bennett has promised troublesome Sons of Freedom Doukhobors the restoration of their lands, extension of the vote and recognition of the sect's form of marriage.

Bennett made the promises in a statement yesterday. He called the announcement "the first definite, firm and constructive policy established for the Doukhobors in British Columbia. But he warned the sect members that they must obey provincial laws.

The government policy also called for enforcement of school attendance, observance of vital statistics laws and prosecutions for all violations.

YUGOSLAVS SAY RUSSIAN PILOT BAILED OUT OF BURNING PLANE

BELGRADE, May 23 (AP)—The official news agency Tanjug said last night a Russian pilot bailed out of his flaming plane on Yugoslav soil three days ago.

The report said Lt. Roman Bondarenko, serving with the Soviet air force in Austria's Russian zone, parachuted about 14 miles north of Zagreb. Details as to the type of plane and the whereabouts and the condition of the pilot were not disclosed immediately.

Tanjug quoted the pilot as saying he was flying off course and lost at about 20,000 feet when he discovered his engine afire and jumped.

VOICE CHIEF SAYS HE WILL HIRE ONLY REAL AMERICANS

Dr. Johnson Asserts Agency Must Bring in Brilliant Men, Women to Do Its Job.

WASHINGTON, May 23 (AP)—Dr. Robert L. Johnson, chief of the International Information Administration, said today his agency "must bring in the most brilliant men and women available" to accomplish its task abroad.

He declared that every employe of the agency "must be what I would call a genuine American."

Johnson, who has advocated taking the administration out of the State Department and making it independent, spoke before the All-American Conference to Combat Communism.

Purposes Defined.

The purposes of the information program, built around the Voice of America, were defined by Johnson as covering two major undertakings:

"First, we must use all of our power to remove the misconceptions about the United States—and to answer the lies the Communists tell about us. For example, the Soviets charge that we are the aggressor in Korea. However amazing that charge is to us, unless it is answered with the truth, unless we bring the facts in the case to the attention of millions of people, the charge will, to say the least, influence their thinking and their actions.

"Second, we must inform the world by the examples of what we do and what we have done that we are not an aggressive or an imperialistic nation. We must tell other people not only of what we do each day, but of our historical actions in fostering and granting independence to the Philippines and to Puerto Rico; and of our non-aggressive aims in the two great wars of the century."

Meeting The Test.

Johnson's agency is faced with a question of determining which authors and composers meet the non-Communist test for use of their works in United States overseas information activities.

R. W. Scott McLeod, the State Department's chief of security, said yesterday he does not want the job of checking on them.

The IIA has no security division of its own. It is under orders not to use any Communist material on the Voice of America, in overseas libraries or other outlets.

McLeod discussed aspects of his work yesterday in separate interviews with the Washington Evening Star and Washington News.

He said he had asked the information agency not to submit to his division the names of any more writers for checking — that it was the agency's problem.

GENERAL TURNS DOWN ROK REQUEST FOR MORE PLANES

SEOUL, May 23 (UP)—The Far East Air Force Commander, O. P. Weyland, said today the South Korean Air Force can not be expaided until the ROKs learn more about administrative and maintenance techniques.

Weyland thus dashed South Korean President Syngman Rhee's hopes for an air force to match his country's growing army. The general said there were no plans to put R.O.K. pilots in jets at this time and they would continue to fly propeller-driven F-51 Mustangs.

The ROK air force is four times larger now than it was four years ago. "It's expanded about as much as it can at this time," W.yland said.

CHILE TO SELL ITS GOODS, POSSIBLY COPPER, TO RUSSIA

SANTIAGO, May 23 (UP) — President Carlos Ibanez has served notice that Chile intends to sell goods, possibly including strategic copper, to Russia and other Iron Curtain countries.

"I think the previous government issued a decree barring these commercial relations (with the Communist world), but it can easily be repealed if necessary," Ibanez told a press conference yesterday.

Most of Chile's copper now is sold to the United States. Ibanez said his government intends to seek markets in other nations, including "even Russia."

Eisenhower Has Toughest Job, Is Doing All Right, Says Baruch

WASHINGTON, May 23 (AP)—Bernard Baruch, veteran adviser to presidents, set up business anew yesterday at the same old stand. He lunched for an hour and a half with President Eisenhower.

The white-haired financier wouldn't tell reporters what they talked about but indicated it was a wide range of subjects by saying:

"If anything was left out I wouldn't know just what it was."

This was Baruch's first call on Eisenhower since the President's inauguration. It also was his first visit to the White House since 1948, the year he had a falling out with President Truman.

Baruch recalled yesterday that he dropped in at the White House in 1948 "to see Mr. Truman—to encourage him and to tell him my belief he ought to go to Philadelphia and take the position he finally did."

Truman, in spite of strong opposition within the Democratic party, was renominated at the Philadelphia convention that year. He broke with Baruch during the election campaign.

Cryptic Answers.

Baruch said yesterday he was reluctant to "use the White House for a sounding board" but he did offer some occasionally cryptic answers to reporters' questions.

He said of the forthcoming big three meeting in Bermuda: "It's always a good thing for friends who differ to get together and see what their differences are."

He said he thought Eisenhower "is doing all right" as President, adding:

"He's got the toughest job any man ever had."

Until this Administration, Baruch went on, Truman had the toughest job.

Mixed-Up Job.

Asked why he regards Eisenhower's job as harder, he replied: "Because it is so much more complicated and mixed up."

"You mean it was mixed up by President Truman?" a reporter asked.

"You supply that part of the answer," Baruch replied smiling.

Another reporter asked if he meant Eisenhower inherited a "mixed up situation.

"Exactly," Baruch said.

Baruch said he can't quite remember which President was the first he visited, but he was inclined to think it was Theodore Roosevelt.

He became known as a presidential adviser during Woodrow Wilson's Administration in World War I and has been on more or less intimate terms with every President since then.

Convicted

WILLIAM PERL

PHYSICIST FOUND GUILTY OF PERJURY IN ROSENBERG CASE

The New York Herald Tribune-Post-Dispatch Special Dispatch.

NEW YORK, May 23—William Perl, former Government physicist who worked on top secret Government projects, was found guilty yesterday on two counts of perjury in denying that he knew Julius Rosenberg and Morton Sobell, convicted atom spies.

Immediately after a jury — which acquitted Perl on two other perjury counts—returned the verdict in United States district court, Assistant United States Attorney Robert Martin advised Judge Sylvester Ryan that the Government has information directly tying Perl with the Rosenberg spy ring.

Martin said this data could not be made public but would be supplied to the Judge in private before sentence is imposed June 5.

Rosenberg and his wife are in Sing Sing prison under sentence of death.

ASSERTS AIR FUND SLASH MAY FORCE CUT IN OUTPUT

Continued From Page One.

system and civil defense preparations are essential to reduce the effects of the initial blows if the Soviet should decide to gamble on an atomic war. But we would have to depend heavily upon prompt and rapid delivery of our own bombs against enemy bases to stop such attacks. And, of course, our ability to strike back in this manner is our most persuasive argument against an all-out Soviet attack.

"Ammunition is effective only to the extent that it can be placed on targets. Atomic weapons are most effective when they can be delivered against the targets that count most. Our ability to deliver our bonds against these targets very rapidly must be assured."

All-Jet Planes Needed.

All-jet planes being purchased for the Air Force to replace piston-engined planes of the type used in World War II are expensive but necessary, he said. Only planes such as the B-29, B-50, B-47 and B-36 are capable of carrying atomic bombs loads as far as required by the interior locations of Russian war industries, Gen. Twining continued.

The B-29 and B-50 are powered by four piston engines each. The B-36 has six piston engines and four jet engines, while the B-47 has six jet engines. In answer to a question Gen. Twining said that, because of the high altitudes at which they operate, the B-36s cannot be considered obsolete.

"They are a good airplane now and will continue to be effective for a number of years yet," he said.

The first unit of B-47s to be sent to overseas bases for training will leave MacDill Air Force Base at Tampa, Fla., early next month for a 90-day training period, he disclosed. They will be sent to the United Kingdom and after completing the training period will return to this country.

Twining did not disclose the number of planes involved, nor their prospective base. A medium bomber wing normally includes about 45 planes.

The Air Force has sent large numbers of jet fighter planes overseas, but previously has had jet bomber units only in this country. On Wednesday it was announced that two B-47s had made a nonstop flight from Maine to England without refueling.

Vermont Farm Toll.

BURLINGTON, Vt. (UP)—There is "a funeral every two weeks at some farm home in Vermont due to an accident," according to Harry Pontious, director of safety for the Farm Bureau Insurance Companies, who urged Vermonters "to put some effort" in acquiring safety.

PLAN TO CUT RATE OF LACLEDE GAS SUPPLIER TO FPC

Agreement Would Trim $1,450,000 From Recent Mississippi Fuel Corp. Increase.

By SAMUEL J. SHELTON JR.
A Staff Correspondent of the Post-Dispatch.

WASHINGTON, May 23—The Federal Power Commission yesterday received for approval an agreement which would shave $1,450,000 from the wholesale natural gas rate increase recently put into effect by Mississippi River Fuel Corp., supplier of Laclede Gas Co. of St. Louis, and other utilities.

Based on 1952 gas consumption figures, the new rate would mean an increase to Mississippi's utility customers of $5,129,000 as compared with the approximate $6,579,000 rate increase put into effect by Mississippi last April 10 after extensive litigation before the commission and in the courts.

H. A. Eddins, Laclede vice president, estimated that considering probable gas consumption in 1953, the cost of the rate increase to Laclede would be $5,000,000.

An application to pass the increase on to Laclede's customers is pending before the Missouri Public Service Commission.

Reached After Conferences.

The agreement submitted to the FPC yesterday was reached after more than a week of conferences between representatives of Mississippi, its utility customers including Laclede, the City of St. Louis, Missouri Public Service Commission and FPC staff counsel.

Approval of the proposed settlement was recommended by the FPC staff counsel and if agreed to by the FPC commissioners it will become effective on their order.

Terms of the proposed settlement, signed by attorneys for Mississippi, Laclede, Mid South Gas Co., and the FPC staff, set the wholesale price of natural gas to Mississippi's utility customers at $1.80 demand charges plus a 17-cent commodity charge.

The rate put into effect by Mississippi on April 10 was a $2 demand charge and 18-cent commodity charge.

The demand charge is a flat monthly payment based upon a stated maximum amount of gas the utility expects to use on any one day of the year. It is, in a sense, compensation to the pipeline company for the facilities it must have available to meet a high demand for short periods. The commodity charge is for the amount of gas taken each month.

The original compromise agreed upon by the parties contemplated a 17½-cent commodity and $1.80 demand charge per thousand cubic feet. President William C. Marbury told the Post-Dispatch the half-cent reduction in the commodity charge would mean an annual decrease to his company of about $360,000 and that it was accepted reluctantly.

Credit to Customers.

Provision is made in the agreement for a refund or credit to utility customers of the wholesale rate difference from April 10 pending an order of the new rate by the commissioners.

A telegram from City Counselor James E. Crowe of St. Louis stating the city considered the proposed settlement fair and was agreeing to it, was read into the record at the hearing. The city was an intervenor in the rate case as were Laclede and Mid-South.

In Laclede's presentation to the Missouri Public Service Commission for a rate increase reflecting Mississippi's higher charges, rates of $1.80 demand and 17½ commodity were used, Eddins said.

The final agreed-upon rate increase was only one-half cent less than the figure used, meaning the increase to Laclede would be about $250,000 less than anticipated, Eddins said.

PREDICTS HOUSE GROUP WILL OK DEFENSE BUDGET

Continued From Page One.

Secretary of the Air Force Harold E. Talbott, in which the Secretary expressed disappointment "that our activities have to be curtailed."

"I am still hopeful," the latter added, "that it will not be necessary for us to curtail any fighting aircraft nor curtail our research and development."

He told Yorty it is "my duty . . . to accept whatever appropriation the Congress and the Administration provide for us and to administer this appropriation in the most efficient manner possible so as to get the most out of each dollar."

Several Senators, including Margaret Chase Smith (Rep.), Maine, Hill (Dem.), Alabama, and Symington (Dem.), Missouri, previously have questioned the Air Force Cut-back.

But Ferguson said he thought Secretary Wilson had made a good case in his testimony explaining the reductions in spending plans and personnel for the Air Force, Army and Navy.

Wilson testified that despite the five-billion dollar cut-back there will be "an increase in the numerical strength of the Air Force of about 30 per cent but much more for combat effectiveness."

Three key Republican leaders came to the defense of the Eisenhower budget.

Chairman Short (Rep.), Missouri, of the House Armed Services Committee said the budget cuts were not dangerous.

Chairman W. Sterling Cole (Rep.), New York, of the Joint Atomic Energy Committee said the Air Force "still will spend 60 per cent of the military budget — and that ought to be ample."

Chairman Daniel Reed (Rep.), New York, of the House Ways and Means Committee said, "The question to be met is whether or not we are getting a solid dollar's worth of defense for each dollar this Congress is asked to provide in taxes."

400 ALIENS HIRED BY U.N. MUST NOW PAY U.S. INCOME TAX

WASHINGTON, May 23 (AP)—Some 400 foreign employes of the United Nations who are permanent residents of the United States are going to have to pay United States income taxes under a ruling by Attorney General Herbert Brownell.

Officials reporting this today said the ruling, based on the McCarran-Walter immigration bill which became effective last December, may be contested in court.

Heretofore, under laws governing relations between the United States and the international organization, aliens paid by the U.N. were exempted from United States income taxes and this exemption was interpreted to cover aliens permanently residing in this country.

The effect of the new ruling, which the State Department has forwarded to the U.N., is to end the exemption as far as permanent alien residents who are employed by the U.N. is concerned. The ruling does not affect 1400 foreigners working for the U.N. who are in this country on a temporary basis.

Officials understand the ruling also applies to employes of foreign embassies living in the United States on permanent residence arrangements.

CHURCHILL SAID TO BE READY TO URGE BIG 4 TALKS

Continued From Page One.

of experts, advisers and technicians, Administration officials revealed today.

These officials said the President is thinking in terms of having "very few" aids accompany him to the conference. The British and French delegations also are expected to be small, officials said.

Still up in the air is a date for the meeting. It may be postponed until late in June if France has trouble forming a new government.

Administration officials privately voiced alarm at London and Paris statements suggesting the Big Three meeting is almost certain to set the stage for a later meeting with the Soviet Union. Such forecasts are regarded here as premature. United States emphasis is placed rather on the need to shore up three-power unity before talking of a conference with the Russians.

British-American differences over Communist China are among the problems likely to come up for discussion.

There is pressure in Britain, which recognizes the Communist Peiping government, to admit it to the United Nations, a move that is vigorously opposed here, particularly by Republicans.

Daniel A. Poling, editor of the Christian Herald, said in a speech last night that "responsible quarters" in London told him in 1950 and repeated within the last few days that the State Department has promised to recognize Communist China if an "honorable" peace is reached in Korea.

The State Department, however, categorically denied the United States had made any such promises. "There's no truth in it," a department spokesman said of Poling's statement.

GOLDEN WEDDING OBSERVANCE

Mr. and Mrs. Louis Thebeau, 6364 Graham road, Berkeley, will celebrate their fiftieth wedding anniversary with a reception at 8 p.m. today in the school of Holy Ghost Catholic Church, 6314 Garfield avenue, Berkeley. They were married in St. Ferdinand's Catholic Church in Florissant.

They will renew their marriage vows at a mass at the church at 8:30 p.m. Wednesday. Thebeau is 80 years old and his wife, the former Miss Agnes Teson, is 68. They have a son, Gilbert Thebeau; three daughters, Miss Margaret Thebeau, Sister Inez, a religious of the Daughters of Charities, and Mrs. Veronica Sontheimer, and 10 grandchildren.

RED PAPERS NOT MAILED

HONG KONG (AP)—The Chinese Communists now have limited the number of newspapers that can be mailed to foreign countries. During the first year of the Red regime, Communist papers from most cities of China could be sent to Hong Kong and other outside points. They adhered to the party line but contained regional news which was not so closely censored.

Last year all papers except selected ones from Peiping, Shanghai and Canton were taken from the list. However, other papers still "leak" out of China into Hong Kong and it is possible to obtain a fair cross-section of information.

RELIGIOUS THEATER MEETING

BRUSSELS (AP)—An international Congress of Religious Theaters will be held in Bruges (Belgium) between Aug. 12 and 17.

Religious theater groups from France, Switzerland, and Belgium will take part in the Congress which will include talks, seminars, carillon concerts by the Belgian organist Staf Nees, museum visits and an exhibition of documents relating to the activities of the Christian theater during the last decades.

SEALED PROPOSALS 25

NOTICE TO BIDDERS
Sealed proposals for furnishing bituminous coal for the University of Missouri, at Columbia, for the period beginning August 1, 1953, and ending July 31, 1954, will be received in the Office of the Purchasing Agent of the University of Missouri, Columbia, Missouri, until ten (10) o'clock A.M., Central Standard Time, on June 3, 1953; and will be publicly opened and read aloud at that time.
Specifications and forms of bid are on file at, and may be obtained from, the Office of the Purchasing Agent, 123 Jesse Hall, University of Missouri, Columbia, Missouri. Bids will not be considered unless submitted on forms supplied by the University.
By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, mined, manufactured, made or grown within the State of Missouri.
The right is reserved to reject any or all bids.
THE CURATORS OF THE UNIVERSITY OF MISSOURI.
By: Leslie Cowan, Secretary.
Date: May 21, 1953.

ADVERTISEMENT FOR BIDS
Sealed proposals for construction of an Elementary School Building will be received by the Board of Education, Reorganized School District No. R-XIII, at its offices in Frankford, Missouri, until 8:00 p.m. June 1, 1953. At that time and place bids will be publicly opened. Plans and Specifications may be had by depositing $25.00 check with the Architects, Behrensmeyer & Horn, Quincy, Ill. Deposit will be refunded upon return of the documents. The proposal shall be accompanied by a 5% Bid Bond, and the successful bidder must furnish Performance and Payment Bond. Bid acceptance period will be not over 15 days. We reserve the right to reject any and all bids.
E. P. HANSEN, President.

ADVERTISEMENT FOR BIDS
By order of its Board of Education, Reorganized School District No. R-VI, of Ralls County, Missouri, will receive sealed proposals at the High School building, New London, Missouri, until 10:00 A.M. (C.S.T.), May 27, 1953, for construction of an eight (8) room elementary school building and gymnasium at New London, Missouri.
Upon deposit of Twenty-Five Dollars, plans and specifications may be obtained from Bissman & Matthews, Architects, 1318 St. Louis Street, Springfield, Missouri.
The Board of Education reserves the right to reject any and all bids and to waive all formalities.
JOHN BOGUE, Clerk, Board of Education.

NOTICE TO CONTRACTORS
Sealed proposals will be received by Ritenour Consolidated School District until 8:00 p.m., Daylight Saving Time, June 2, 1953 for an Addition to Elmwood School. For information call Froese, Maack and Becker, Architects. By order of the Ritenour Consolidated School District.

Order Your Want Ad for 7 Days

SEALED PROPOSALS 25

ADVERTISEMENT FOR BIDS
Sealed proposals will be received at the office of the Secretary of the University of Missouri, 111 Jesse Hall, Columbia, Missouri until 11:00 a.m. Central Standard Time, June 4, 1953, and will then be publicly opened and read aloud for
SITE GRADING, EXCAVATIONS AND FOOTINGS FOR WEST PART OF MEDICAL AND SURGICAL SCHOOL
for the University of Missouri, at Columbia, Missouri.
Plans and specifications for the project may be inspected and information concerning the securing thereof and deposits therefor, the work to be done thereunder and the manner of payment therefor, the conditions of bidding, the required bid security and the Contract Documents, may all be obtained, together with the printed forms on which BIDS MUST BE MADE, at the office of Manager of the Physical Plant, Maintenance Building, University of Missouri, Columbia, Missouri, and at the office of Jamieson, Spearl, Hammond & Grolock, Architects, 1696 Arcade Building, St. Louis 1, Missouri.
By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles, produced, manufactured, made or grown within the State of Missouri.
The Curators of the University of Missouri reserves the right to waive informalities in bids and to reject any or all bids.
THE CURATORS OF THE UNIVERSITY OF MISSOURI.

ENGINEERS

Unusual Timely Openings for ENGINEERS WHO SEEK STABILITY and CAREERS

The South Wind Division of the Stewart-Warner Corporation, due to its expansion and long range program involving research and development of highly complex design in the manufacture of heating packages for both civilian and ordnance, thus having a bright outlook for stabilized employment and continued remarkable growth; will add several capable engineers with previous experience in Sheet Metal fabrication to its highly skilled and efficient engineering organization.

CHIEF INDUSTRIAL ENGINEER

Age 40 to 55; experience and executive ability are paramount; college degree not essential, capable assuming complete responsibility of all phases necessary for efficient, economical operation. Salary commensurate with experience and ability.

INDUSTRIAL ENGINEERING GROUP LEADERS

IE, ME, EE, or AE degree, 5-7 years' experience in engineering and supervision on sheet metal fabrication. Knowledge of MTM.

PROJECT ENGINEERS

ME, EE, or AE degree; 3-5 years' experience, knowledge of Thermodynamics, materials and sheet metal fabrication . . . Develop new products (1) automotive or aircraft heaters; or (2) high temperature pneumatic or hydraulic aircraft control valves. Here is the challenging opportunity for qualified men who want to use their training and experience at the highest level by taking an assignment and seeing it through to production.

PRODUCT CO-ORDINATORS

IE, ME, EE, or AE degree, 5 to 7 years' experience in estimating, processing, involving sheet metal fabrication.

. . . High starting salaries . . . Periodical wage reviews . . . Increases depending on ability and initiative . . . Advancement to higher positions . . . Company paid liberal life and hospitalization . . . Insurance retirement plan, other benefits . . . Excellent working conditions . . . Pleasant associations . . . Gracious suburban or city living . . . Assistance in obtaining housing.

It certainly will be to our mutual advantage to arrange a talk if you feel that you have the qualifications.

Our representative, Mr. Carl Baxley, will interview applicants in St. Louis Sat., Sun., May 23, 24. Call CEntral 5267.

Or write to Personnel Manager

SALESMEN WANTED 83

BEDDING SALESMEN

TO SELL QUALITY LINE BEDDING AND UPHOLSTERED DUAL PURPOSE FURNITURE. PLANT LOCATED KANSAS CITY, MO. TERRITORIES OPEN NEBRASKA, IOWA, ARKANSAS, OKLAHOMA, EASTERN MISSOURI AND ILLINOIS. GOOD SIDE LINE FOR MEN WITH ESTABLISHED FOLLOWING THESE STATES. GENEROUS COMMISSION. FULLY PROTECTED TERRITORY. REPLY WITH ALL PARTICULARS TO BOX W-347, POST-DISPATCH.

OPPORTUNITY

If you earn less than $150 a week and know you are capable of earning more, you may be offered an opportunity with us.

If you are married, "settled," like to deal with people, honest, reliable, neat, have a pleasing personality, and a good record of salesmanship, and own a car this 100 year old company will offer a dignified, pleasant semi-professional opportunity to conduct our business with repeat customers and new accounts after you have received complete schooling at our expense, while you earn; ex-insurance men, stock and bond salesmen, direct salesmen given preference. Full time work, no off season.

We require no deposits on average accounts, deliver nothing, carry no heavy samples.

Men qualifying will be given an opportunity to advance on merit to a position which will pay a substantial 5-figure income.

For interview call ST 1250 between 2 and 5 and all day Saturday.

USED CAR SALES MANAGER

Must be experienced in all phases of used car operation, such as reconditioning, appraising and financing; capable of building and directing competent and aggressive force of used car salesmen. This position open with prominent St. Louis new car dealer, selling one of leading makes; situated in ideal location; attractive compensation plan for individual meeting these requirements.

Box Y-368, Post-Dispatch

EXECUTIVE SALES REPRESENTATIVE

The man we are interested in must be capable of earning in excess of $15,000 annually. Preferably with a successful background of intangible sales. Must have Missouri real estate broker's or salesman's license. We are a national organization merchandising a unique business service; not a collection agency. Our representatives work throughout Missouri area solely on furnished live leads. No canvassing. Net incomes of our men average 15 to 20 thousand annually over expenses on a commission basis in contacting ownership and top management. Substantial earnings immediately—unlimited possibilities to right man. Car necessary. Write or contact Bob Meyer. CEntral 5267.

ATTENTION SALESMEN

We have openings for several men in our sales department; want men who are promotion-minded and not afraid of work; we have several choice locations of ground and acres suitable for subdividing; will take full or part-time salesmen; new, modern office to work from. See or call.

BUSINESS OPPORT'TY

BUSINESS OPPORTUNITIES 94

Be Your Own Boss!

Own Your Own Business!

Are you one of those persons who always wanted to own your own business—to be your own boss—but never had enough capital to finance yourself? If you are, here's your opportunity to become independent with only a minimum investment.

This business is the Authorized Westinghouse Laundromat-equipped Half-Hour Laundry. These neighborhood businesses have proved themselves in big and small towns as the most profitable of all self-service laundries.

No experience necessary. Our nationwide organization, ALD, Inc., has helped establish hundreds of successful Half-Hour Laundries. We can do the same for you.

The self-service laundry business is growing—new outlets are needed—in small towns—in neighborhoods of big cities. Financial return is uniformly high. If you are looking for a business you can own and operate, investigate the Westinghouse Laundromat-equipped Half-hour Laundry.

ALD, Inc., Mr. Jim Chagnon, 5783 Pershing av., St. Louis, Mo. PA. 1143.

No More "Job" Worries

Whatever the future holds, you will be INDEPENDENT as one of the more than 2700 men who now own and operate profitable Western Auto Associate Stores—retailing nationally accepted brands in tires, batteries, auto supplies, sporting goods, bicycles, tools, appliances, radio, TV and other profitable lines. No experience necessary.

We train you, teaching successful merchandising methods developed during more than 43 years leadership in our field. Desirable locations available. See or write T. C. SALVETER, JR.
Western Auto Supply Co.
4116 N. UNION

WOULD YOU LIKE TO OWN A CHAIN STORE WHICH NETS $12,000 TO $20,000 PER YEAR. INVESTMENT ABOUT $16,000. WILL TRAIN YOU. WRITE BOX W-341, POST-DISPATCH.

OWN YOUR OWN BUSINESS

A very exceptional opportunity to purchase a franchise for an established Ozark Paint Store with an all ready going business in Paints, Floor Coverings, Housewares, etc. Nice store, clean stock, reasonable rent, good community, merchandise inventory, fixtures, etc., about $12,000. Complete information at office.
OZARK PAINT STORES, Inc.
5127 Delmar Blvd.

AN OPPORTUNITY

To make over $1000 month net if you can handle a 24-hour restaurant doing over $80,000 yearly business, located on one of south St. Louis' busiest corner locations; long lease, air conditioned, heat and water furnished; newly decorated; ideal for 2 or 3 partners; good deal for financially responsible party; priced for quick sale; owner going west. Box L-8, Post-Dispatch.

BE INDEPENDENT

Own and operate your own Western Auto Associate Store; good location for sale in the St. Louis territory. No previous experience necessary. We train and assist you in your store operations. See or write T. C. SALVETER JR.

REMEMBER THIS
Interest rates vary greatly in buying a car. This should be considered by you because the finance charges and insurances are part of the overall cost that you are paying. We have always financed our customers' purchases through Mercantile Trust at legal bank rates. This will save you money and also improve your credit prestige for the future. Come in and see us. We have quality cars for less money.

RED CROSS CALLS FOR TRUCE IN KOREA PENDING TALKS

GENEVA, May 23 (AP)—The executive committee of the League of Red Cross Societies unanimously urged yesterday that all hostilities in Korea should cease for an agreed period while the present armistice negotiations continue.

The proposal was suggested jointly by the Red Cross societies of Great Britain and the Soviet Union and approved without opposition by the 31-nation meeting.

Dr. Boris Packov of the Soviet Red Cross originally suggested only an appeal to the beligerents to cease bombardment of towns and villages in Korea. Dr. Packov and all other delegations approved an amendment by Lady Limerick, representative of the British Red Cross, appealing for cessation of all hostilities "for an agreed period in order that the present armistice negotiations may take place in the most propitious circumstances."

YUGOSLAV PARLIAMENT VOTES LIMITED RELIGIOUS FREEDOM

BELGRADE, May 23 (AP)—The Yugoslav Parliament has stamped its approval on a government measure spelling out rights and restrictions of religious freedom in this anti-Soviet Communist country.

The bill was passed unanimously yesterday after a bitter attack on the Roman Catholic church by Vice President Alexander Rankovic, who charged the Vatican has interfered in Yugoslav internal affairs.

The measure guarantees, in principle, freedom of worship, but its denies Catholic demands for the right to operate religious schools for general education and refuses to recognize the legality of religious wedding ceremonies without prior civil ceremonies. It also prohibits any intimidation aimed at forcing people to join churches.

TEXAN TRYING TO PATCH UP MARRIAGE WITH CAIRO DANCER

CAIRO, May 23 (AP)—Sheppard King, Texas oil man, arrived here last night to attempt to talk his wife, dancer Samia Gamal, out of her announced intention to apply for a divorce. The two "talked things over" until 1 a.m. in the office of her lawyer, Amis Attia. Then Samia drove to her apartment in suburban Zamalek while King went to the Semiramis Hotel where she had reserved a room for him. Another meeting was scheduled for today.

King took up the Moslem faith in 1951 to marry the dancer.

DEATH OF FREDERICK JACKSON

HOLLYWOOD, May 23 (AP)—Frederick Jackson, writer and producer for the stage, screen and television, died yesterday of a heart attack. He was 67 years old.

He wrote more than 60 plays, the latest of which is "Dear Charles," current hit in London. Among his stage successes were "The Bishop Misbehaves," "School for Husbands," "The Hole in the Wall" and "The King's Messenger." He began his movie writing for the Pearl White serials in 1912. His later pictures included "Wells Fargo," "Stormy Weather," "Hi Diddle Diddle" and "Two Tickets to Heaven."

U.S. Envoy to Switzerland Quits.

WASHINGTON, May 23 (AP)—President Eisenhower accepted yesterday, effective May 30, the resignation of Richard C. Patterson Jr. as minister to Switzerland. No successor was named.

WEEKLY STOCK TABLE IN SUNDAY POST-DISPATCH; NO SESSION SATURDAY

A COMPLETE table of stock transactions on the New York Stock Exchange during the week, giving individual sales, high, low, close and net change for the period will be found regularly in the Sunday edition of the Post-Dispatch.

The New York Stock Exchange, American Stock Exchange, New York and New Orleans Cotton Exchanges, Midwest Stock Exchange, Chicago Board of Trade and St. Louis Merchants' Exchange do not hold sessions on Saturday.

GAINS IN HOG AND CATTLE PRICES IN WEEK; LAMBS OFF

ST. LOUIS LIVESTOCK EXCHANGE, May 23—Receipts today comprised 93 head of hogs which were carried over until Monday. No cattle, calves or sheep.

NATIONAL STOCKYARDS, May 23 (USDA weekly review of the livestock market).

Steers and heifers generally closed strong to 50c higher in week ended Friday, although some utility and low commercial offerings failed to follow this trend. Cows and bulls finished 50c lower and vealers $1@2 lower. Replacement steers were scarce, demand slightly expanded but mainly for good quality light weights. Good and choice steers and heifers bulked $21@23, a liberal quota $23 with high choice 1123-lb. steers $23.25 and high choice to prime 897-lb. mixed steers and heifers $23.25. Commercial and low good steers and heifers $18.50@20.50. Utility and commercial cows mostly $13@15.50, a few $16. A few bulls $16 early, closing with utility and commercial $14@15.50. A few prime vealers reached $28 but closed $26, lowest on this class since July 25, 1949. Good and choice vealers bulked $19@25.

Barrows and gilts closed steady to 25c higher for the week, sows mostly steady. Top prices ranged from $24.35@25, latter paid freely early Friday. For the week bulk of 180-230 lb. sold $24.25@24.85; 240-270 lb. $23.50@24.50; 270-330 lb. $22.50@23.85; 150-170 lb. $22.75@24.75; 120-140 lb. $19.75@22.50; 260-400 lb. sows $21.75@22.50; 410-500 lb. sows $20.75@21.50 and heavier sows $19.75@20.50.

Compared with last Friday, lambs were weak to 50c lower; aged sheep 50c@$1 lower; liberal part of run comprised new crop lambs, great bulk of which choice to prime 80-100 lb. from $28@29; top $29 until midweek after which $28.50 was high, only small showing of lower grade springers from $22@27.50; two loads old crop wooled lambs $26.25—new top since October for this class; some choice to prime 115-lb. shorn lambs $24.75; lighter weights of equal grade lacking; most shorn lambs $23@24.50; some 135-lb $21; some 121-lb $21.50.

LIVESTOCK ELSEWHERE

CHICAGO, May 23 (INS)—Livestock values were irregular at Midwest markets the past week. Some classes of cattle were up for the fourth consecutive week.

The average price of about $22 for steers at Chicago still is running around $11 under a year ago.

The top on prime grade fed steers was $25.25 the past week, the price paid at Chicago was highest since April 29. Highest price paid elsewhere ranged from $22.75 to $24.25, with many of these steers grading choice to prime. Bulk of the good and choice steers and yearlings sold at the various markets from $20 to $23. Kansas City had a top of $24 on one carload of prime grade heifers.

Hog prices were off 40 to 65 cent at Chicago with the closing peak at $24.75, down 50 cents from the week's high reached on Thursday. On the latter day the peak of $25.25 equalled the 33-month high reached May 15.

At the close of the week, top prices on choice light hogs were reported from $24.65 to $25.25 at cornbelt terminals. Bulk of te choice 180 to 270 pound butchers sold from $23.50 to $25.

Slaughter lambs were strong to 50 cents higher, except for declines at East St. Louis and Kansas City. Supplies of old crop lambs consisted of shorn offerings that sold from $20 to $26.50. Choice to prime spring lambs topped at $29 at East St. Louis and Chicago. Most of the good to prime springers brought from $25 to $28.50 over the market circuit.

Mississippi Valley Stockyards.

CATTLE: For week: Good to choice steers and heifers sold largely from $21@$23; few high choice up to $23.50; commercial and low good $18.50@20.50; good to prime vealers $19 to a top of $26.

HOGS: Wind up mostly steady with previous week's close; bulk of the good 180 to 230 lb., $24.60@25; light lights and pigs $22.50 down.

SHEEP: Old crop lambs in light supply (mostly clipped) bulked $21@24; springers $26@28, with a few hand picked up $28.50; cull and utility types $18@21.

Goat, full-haired Angora, 30@40c; kids and glues half price. Above prices for trimmed hides; green hides 1c per lb.

170,000 BRAZILIANS LIVING IN RIO DE JANEIRO SHACKS

RIO DE JANEIRO (AP)—Rio de Janeiro's "favelas," or hillside slums, could rank among the world's most populous. A recent survey by the National Yellow Fever Service found 90,000 jerry-built shacks spread through 54 different sites in and around the city.

These, the service estimated, accommodate 340,000 persons, or one-seventh of the city's total population. The number of "favelados," had doubled between 1950 and 1953. The census of 1950 showed 170,000 persons living in the favelas.

[illegible] MARKS WEEK'S STOCK TRADE

Gain 3.8 Points on Average for Best Level in Nearly Two Months.

NEW YORK, May 23 (UP)—High current and predicted railroad earnings set off a new bull market for railroad shares during the past week. The rails outdistanced all other groups. They gained 3.08 points on the week and closed near their best level since March 27, nearly two months.

Standard & Poor's predicted that rails as a whole will have such an earnings spurt in the first half of 1953 that they could decline 20 per cent in the second half and still hold even with the 1952 results.

The rails opened the throttle on Wednesday when their one-day rise of 2.83 points was the best for the carrier average since July 24, 1933, nearly 20 years.

Back of Rail Upturn.

This advance came after President Eisenhower had spoken in favor of retaining the excess profits tax and holding off tax relief to individuals. The railroads are not hit to any extent by excess profits under a ruling in the law which provides a six per cent return on capital investment.

There was some disappointed selling in issues that would profit by and end of the excess profits tax but it failed to dampen traders' spirits on Wednesday.

A bit of reaction on Thursday was overcome by another rally on Friday. The industrial department did little, however. It netted a mere 26 cents. Utilities were up 24 cents.

Sales for the market as a whole totaled 6,833,750 shares, or a daily average of 1,366,750 shares, contrasted with a mere 5,631,395 shares or 1,126,279 shares daily in the previous week when the market was about unchanged.

A total of 1401 issues appeared on the tickers during the week. Of this number 751 showed gains, the most since May 1 when there were 798 gainers, a total of 430 issues declined and 220 were unchanged.

Gains in the railroad section ranged to 5¾ points in Southern Railway and 4 points in Sante Fe.

Oil issues had several wider gains than the rails — 6 points in Superior Oil, four in Skelly and more than two in Standard Oil (N.J.), Williston Basin oils were in demand.

American Car & Foundry stood out as a strong spot in the railroad equipments. It rose 4¾ points — 3 of them on Friday when the company declared a $2 special and a 10 per cent stock dividend.

Aircraft rose on the week in response to President Eisenhower's statement that that segment of the armed services would be built up sharply.

M.K.T. April Income.

Mo.-Kan.-Texas Lines reported April net income, after adjustment bond interest, was $673,000, compared with $427,000 a year ago. Four-month period was $2,399,000, against $2,215,000 a year ago.

Member Corporation Applicant.

NEW YORK, May 23 (AP)—Woodcock, Hess & Co., Inc., of Philadelphia has applied to become a member corporation of the New York stock exchange—the first securities firm to do so since a change in the exchange's constitution.

Crusader for Peace

Visitor Cites Dangers In Latin America

By Mary Kimbrough

SOUTH AMERICA may be facing "a complete blackout of democracy," Mrs. Elsie L. Picon warned here this week as she stopped in St. Louis on her grassroots crusade for peace. Long a student of Latin American affairs, the Detroit civic and club leader gives all her time to the advancement of hemispheric harmony through the Women's International League for Peace and Freedom, of which she is national president.

MRS. ELSIE L. PICON

"President Juan D. Peron of Argentina has started a chain reaction of dictatorships," she said, "with the result that there is hardly a democracy left, except in Uruguay. Frankly, I'm scared because it looks like a complete blackout of democracy and I don't see how such things could happen to the south of us without affecting us."

★ ★ ★

MRS. PICON, who served as field secretary of Nelson Rockefeller's now-discontinued Co-ordinators Office on Inter-American Affairs, said that in one Latin American country there are 6000 political prisoners confined in dungeons "under conditions as bad as those of Germany under Hitler."

She pointed out that in many of the Latin American countries there is no middle class, only the wealthy and cultured class "which feels privileged to make decisions on government, and the peasants who have no voice in government and no hope for the future.

There is a definite resistance movement, such as that which grew in the European underground during World War II, she said, but whenever the majority votes against the ruling clique, those in power simply term the election "illegal" and keep right on ruling.

★ ★ ★

UNIFICATION OF the Western Hemisphere is made more difficult, she said, because of a "growing anti-American feeling" south of the border. Mrs. Picon said that in many cases dark-skinned Latin Americans are victims of discrimination in the United States.

"And every time that happens, you may be sure that the Communists make capital of it."

There are 153,000,000 residents of Latin American countries, she said, and four of the seven largest cities in this hemisphere—Mexico City, Buenos Aires, Rio de Janeiro and Sao Paulo—are south of the border.

"These countries constitute the largest bloc in the United Nations," she said. "How can we be sure they are with us"

★ ★ ★

AS A CONCRETE PROGRAM for better understanding, Mrs. Picon suggests the following steps:

1. Money for technical assistance.
2. Scholarships to worthy young Latin American students.
3. Exposure "in every American newspaper" of what is going on in the Latin American countries.
4. Universal disarmament.

The Women's International League for Peace and Freedom, established in 1915 under the leadership of the late Jane Addams, Hull House founder, has worked consistently for "universal, total disarmament and the elimination of all means of mass destruction."

Joining other women's organizations, the league for peace last year indorsed the establishment of a disarmament commission by the United Nations and cited the "progress being made in the United Nations in the development of new methods of peaceful settlements of disputes and in the development of practical techniques for collective action against aggression."

★ ★ ★

MRS. PICON'S HUSBAND, Josue Picon, now a resident of Detroit, was born in Peru. In 1938, after representing the Committee on Cause and Cure of War at the Eighth Annual Pan American Conference in Lima, she traveled through her husband's country, lived for a time with his family and on her return began to work on behalf of better understanding among the Americas.

In St. Louis, she established a nucleus group to work for the advancement of peace, representing several women's organizations.

"There's nothing that women cannot accomplish, working together," she said. "But first of all, we must have zeal. Then we will have progress."

Try and Stop Me

By Bennett Cerf

STANTON DELAPLANE is skeptical about those expensive dog whistles that are supposedly pitched so high only dogs can hear them. "How," demands "Stan," "can the manufacturers prove their claim? Can they get a single signed statement from a satisfied canine? Of course not. It's like the light inside a refrigerator that's supposed to go out when you close the door. People who sell them say so. But how do you know for sure?" "Stan" concludes that what we REALLY need is not a whistle, but television commercials that only dogs can hear. Amen!

★ ★ ★

A SOVIET DIPLOMAT returned to Moscow from a United Nations conference. "Wel," asked Malenkov, "did you accomplish any results?" "I did even better, Comrade," boasted the Red mouthpiece. "I PREVENTED any results."

FLOODWATERS OVERRUN LOUISIANA AIR BASE

Floodwaters of the Calcasieu river overrun the Lake Charles (La.) Air Force Base, leaving only a flight line and one runway (background) free of water. Automobiles and trailers owned by base personnel are parked on flight line to escape flooding. Planes were flown to nearby bases and 4000 airmen and their families were evacuated. Some 15,000 persons have been ousted from homes in the Lake Charles area by the rampaging Calcasieu and damage is estimated at $10,000,000.

Martha Carr's OPINION

REG. U. S. PAT. OFF.

Dear Martha:

SO many jealous daughters-in-law have written about their mothers-in-law. I have been both daughter-in-law and mother-in-law. It is true that an over-possessive woman can cause a lot of trouble and break up homes. If a daughter-in-law would respect her husband's mother, as she does her own mother, it would help. But when a boy marries, the wife's family usually takes over. Mother is a permanent fixture. My daughter-in-law had me pictured as a monster. From the beginning she told me she did not want me to visit them or ride in their car. Yet her family visits any time they get ready. She doesn't want me to see my son or grandchildren. She never visits me. It has been almost two years since my son has eaten dinner with me. I have tried in every way to be friends with her, helped her with her work, have given her presents (she says they are 50-cent presents but I am a widow and unable to buy expensive gifts). So some of you so-called mistreated wives, why not think of your husband's folks once in awhile. The husband's mother is just as dear to him as your mother is to you.

M. L.

This problem has existed for thousands of years, and I'm afraid will continue to exist. But let's not blame it exclusively on either the wife's family or the husband's family. And thoughtful, considerate in-laws are not limited to one side of the household; either. It's natural for a young husband and wife to be loyal to their parents, but unless they can show the same courtesy to the other side of the household, there's bound to be trouble.

★ ★ ★

Dear Martha:

I AM NEARLY 17 and will be a senior next year. In August I moved with my parents to St. Louis, leaving a boy I cared a great deal about. I've been invited to go back next year and live with my aunt, but I am very confused about the matter. Should I go back to be with him or stay in St. Louis with my parents?

CONFUSED.

What do your parents say? If they want you to be here, by all means remain at home with them. It is natural that you would want to be near this boy if you like him a lot, but unless there are other advantages to being in that community, why not stay here and meet new friends in a new school? You can still correspond with him and see him occasionally.

★ ★ ★

ANSWER TO Dimples: During the teens, a difference of a year in ages can be important, but if this boy acts older than he really is, and if you like him, I see no reason not to go with him.

★ ★ ★

If you can't think of just the right name for that newcomer, why not consult Martha Carr's list of names? For your copy of the leaflet, be sure to inclose a stamped, self-addressed envelope with your request.

Conduct of Youth

By Angelo Patri

WE are often grieved and puzzled by the conduct of youth. There seems too frequently to be a gap between their ideals and their conduct. They know what is right and yet do what is wrong.

The relation between knowing and doing is not simple.

The adolescent was not born with a set of morals. Ideals are actually adult conceptions. Youth may know the answers and may even repeat them with seeming intelligence, but the real meanings are garnered from experiences. Only when a boy has faced a situation and mastered it, when he has tested an idea, or when he has had manifold experiences can he know something about the principles of life.

★ ★ ★

THE ADOLESCENT finds himself in a strange world. The ways of their elders, their fashions, their codes, their attitudes, their prejudices are often bewildering to young people.

We are so impatient. When a boy or girl errs, we blame them and may say: "He or she ought to have known better. Look at him, selfish in the extreme. If he ever thinks of anyone else, if he ever puts anyone before himself, I have never caught him at it. That's the way he is. I have told him. But no amount of preaching does any good. He is the most ungrateful boy I ever saw."

Why speak of gratitude? Wait—wait until the years have done their work on the basis of what you have contributed and if the youngster has anything to thank you for he will surely do so.

★ ★ ★

NO MONTH GOES BY, even in my retirement, but some young man or woman will come in to see me and talk over old times. Invariably they end up with some such statement as this. "You don't know what you did for me that day you stood up for me. Remember the teacher said I was a lazy good-for-nothing and should be thrown out, and you said—'Let's give him another teacher, he's a bit tired. A change may do him good.' It did."

Have patience, understanding, faith. You must if you are to live successfully. Time brings understanding and peace. Why not wait instead of forcing, threatening, scolding, silencing? Remember that youth is not really able always to express their actual feelings. Why not remember a little of our own young days? Why do we hide the child we used to be? Why is it that we are so obtuse, so deaf, so selfish? What is needed is more frankness, more honesty among the elders.

Social Problems

By Emily Post

THE first letter in my mail today is from a young boy who is a senior in high school. He says: "I need your help with a problem that I am faced with! I am 17 years old and up until a month ago I saw a good deal of one girl—nothing serious—just good friends. Recently, I met another girl whom I like very much and I now see very little of the first girl; although we are still friends. Just before I met this second girl I had asked the first one to go with me to the senior prom, and she accepted. I would like to know if I am still obliged to take her, or may I take the second girl instead?"

You can explain to the second girl that you asked Mary to go to the prom with you before you met her and that you cannot possibly break the engagement. But you can't go to Mary and say that you now like Jane better and no longer want her to go to the prom with you, without deeply hurting her feelings and bringing upon yourself the disapproval of everyone.

★ ★ ★

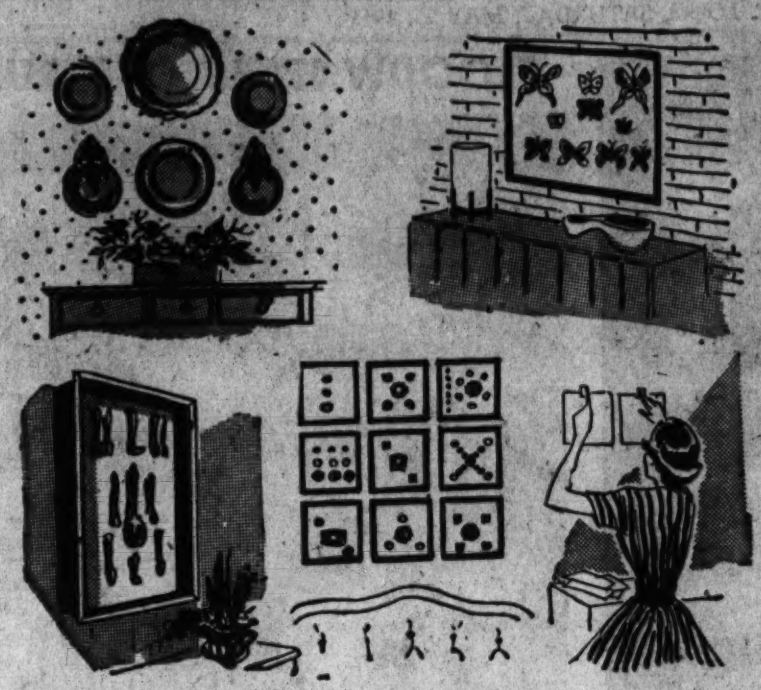
DEAR MRS. POST: At an informal dinner, are the dessert and coffee spoons put on the table with the other silver, or are they given to each guest at the dessert course?

Answer: Correctly, a dessert fork and spoon are brought in on each dessert plate. But in a house with little or no service, all the implements are put at the places when the table is set, with the exception of coffee spoons, which are put on the saucers of the cups.

Designing Woman

Decorate Wall With Collections

By Elizabeth Hillyer



DO you collect plates, spoons or old buttons? Does someone else in the family collect butterflys or old coins?

The walls of a room may be far more interesting if they don't depend entirely on conventional pictures for decoration. And ideas may be no farther away than those collections — put away, there's plenty of unusual and varied material that can be enjoyed twice as much when it's displayed on a wall.

★ ★ ★

THE PLATES and porringers sketched are from a collection of old pewter. The arrangement is simple, perhaps for the dining room although it could be for the living room or for a hall. Patterned plates might be arranged in the same way, but the pewter can be used on more kinds of walls. Its unpatterned, soft sheen looks well against figured wallpaper as well as on plain painted walls.

Junior's butterfly collection is the makings of a current favorite wall decoration. Butterflys framed with narrow moldings and on white backgrounds are often seen in both contemporary and provincial style rooms.

★ ★ ★

OLD SPOONS or other unusual bits of table silver take shadow box frames. Choose a background to bring out the rich glow of the silver, perhaps a dull velvet or velveteen in Wedgwood blue, turquoise, emerald, rose or a melon color, or a handsome grass cloth in a soft shade.

Ideas for displaying an interesting collection of old buttons can also be applied to a display of old coins. Here frames and backgrounds are the same, but no two arrangements of the small items are alike. Give the grouping variety by the selection of a variety of shapes and sizes and by mounting a few buttons or coins in some frames, more in others.

★ ★ ★

TO PLOT the hanging of plates or framed collections, first try out paper patterns on the wall. Cut patterns the size of each item and attach the patterns to the wall, with scotch tape on painted walls, with pins on wallpaper. Shifts, adjustments and changes of mind can't mar the wall this way, and when the arrangement seems exactly right, make faint pencil marks at the pattern edges to guide the actual hanging.

How It Started

By Jean Newton

"Give him an inch and he'll take an ell."

TO UNDERSTAND this saying, you have to know that the ell was an old standard of measurement for cloth. At the time of its currency, it differed considerably in different countries. While the English ell came to 45 inches, the Scotch ell was 37, and the Dutch and Flemish 27.

In its origin the word "ell" is a reminder that fingers were made before forks, and arms before yardsticks. Its source is in a Teutonic term meaning really forearm, but the association is with the elbow, which in Latin is "ulna."

The saying is a very old one, appearing in the "Proverbs" of John Heywood, the collection published in 1546 of proverbs, sayings and colloquialisms current in the common English speech of the day, and in some cases nobody knows how long before.

A significant example of its use is that of Bishop Hall, who wrote in the second decade of the seventeenth century, "It is the fashion of our bold nature, upon as inch given to challenge an ell."

Brain Game

HOW short is your memory? Six correct answers is excellent.

1. Who was President Truman's military aide?
2. Can you name Secretary of State Dulles's predecessor?
3. Who was the last Democratic Postmaster General?
4. Who preceded Alben W. Barkley as Vice President?
5. Who succeeded Henry Morgenthau Jr. as Secretary of the Treasury?
6. Who were the three Attorneys General in Truman's Administration?
7. Who was the last Secretary of War?
8. What is Mrs. Harry Truman's maiden name?

ANSWERS

1. Maj. Gen. Harry H. Vaughan. 2. Dean G. Acheson. 3. Jesse M. Donaldson. 4. Harry S. Truman. 5. Fred M. Vinson. 6. Tom C. Clark, J. Howard McGrath and James P. McGranery. 7. Kenneth C. Royall. 8. Bess Wallace.

Original Hollywood Pattern

No. 208

IN one pattern—skirt and shirt separates to take you through many seasons, depending on the fabrics you sew them in. Pictured here with the cap-sleeved shirt and skirt in one fabric to give dress look; other possibilities are long-sleeved shirt of contrasting material with skirt. Truly destined designs to take you anywhere, anytime.

Fabric suggestions: Tie-silk, cottons, surahs, linens, nylons for summer; light-weight woolens and gabardines when winter-warm-time comes.

Star Pattern No. 208 comes in sizes 12, 14, 16, 18, 20, 36, 38, 40. Material requirements: Size 16, two-piece with cap sleeves in one fabric requires 3¾ yards of 39-inch fabric.

For the Star Pattern No. 208 shown above, send 50 cents in coin to Star Pattern Department, in care of St. Louis Post-Dispatch, Box 350, Madison Square Station, New York 10, N.Y.

They'll Do It Every Time

By Jimmy Hatlo

Contract Bridge

By Ely Culbertson

SOUTH certainly could not be criticized for bidding the slam in the following hand, since he had 11 cold tricks, but his plan of play was impractical.

Neither side vulnerable.

	♠J1074 ♥832 ♦Q965 ♣84	
♠853 ♥— ♦AJ742 ♣QJ1083	NORTH WEST EAST SOUTH	♠Q83 ♥976 ♦1083 ♣7652
	♠AK6 ♥AKQJ1054 ♦K ♣AK	

The bidding:

South	West	North	East
2♥	Pass	2N.T.	Pass
6♥	Pass	Pass	Pass

West opened the queen of clubs. South won and cashed the ace of trumps. When the trumps failed to break he feared he never would get to dummy for a discard on the queen of diamonds; therefore, he staked everything on a rather hopeless pseudo-squeeze. He led out all of his trumps and the rest of his high cards, hoping the opponents would not know what to save. Unfortunately for him, however, neither defender had a particularly difficult problem. As soon as South led his last trump, West could afford to blank his ace of diamonds and keep a good club, and East had nothing but the queen of spades to save in any case. So declarer had to lose the last two tricks.

South could have been considerably shrewder! After finding out about the bad trump break, the logical play was to cash the other high club and then lead the king of diamonds. If West had the ace, as was actually the case, he could not make any return which would stop the slam. A spade lead would give South a free finesse; a diamond lead would afford a discard on the queen; and another club lead would yield a ruff-and-discard.

Even if East had the ace of diamonds he probably would have to give South the slam. A trump return would give dummy entry (in the trump eight) for the cashing of the queen of diamonds; a diamond return would permit an immediate discard; a club would give South a ruff and discard, as before; and a spade return would give South the chance to finesse.

Weekly Report On Public Health

By J. Earl Smith, M.D.

St. Louis Health Commissioner

NEXT Saturday, May 30, is Memorial day. This will be the first holiday weekend of the season and many St. Louisans are planning outings that will take them into the highways and byways.

Holiday weekends that start out with the happy anticipation of fun and relaxation can end on a tragic note. Don't let this happen to you!

Holiday traffic will be heavy. It is inevitable that too many people will be driving faster than is safe—a few will be reckless and take unnecessary chances.

So for your own safety and the safety of your family make allowances for the careless driver. Don't plan too long a trip for a short weekend. Start early and observe all traffic regulations. Be sure your car is in good condition—your brakes sound and your tires able to stand the wear and tear of highway driving.

★ ★ ★

BUT CAREFUL DRIVING alone will not insure a happy, healthy holiday. For many of us it will be the first exposure of the season to the sun.

A severe sunburn is no joke. Until your skin is accustomed to it, take the sun in small doses. An attractive suntan is not acquired in one day, but a severe sunburn, with painful and sometimes serious after-effects, can be.

If your destination is a lake or river you are probably planning to spend most of your time swimming and boating.

Unless you are an expert swimmer don't go out in water beyond your depth. Never swim alone or too soon after eating a large meal. Know your own endurance and don't become overtired. You might have difficulty returning to shore.

★ ★ ★

IF YOU LIVE in St. Louis you take it for granted that the water you drink is safe and your milk pasteurized. When you are away from home be sure you drink only water that is approved by the local or state health department and that the milk and cream you use is pasteurized.

Then, too, if you are city bred the chances are that you can't tell poison berries and plants from those that are delicious to eat. Learn to recognize this difference and be sure before you eat.

Your Food Problems

Bridal Shower Salad

By Edith M. Barber

THERE IS NOTHING GIRLS LIKE BETTER THAN A SALAD-SANDWICH MEAL, SO WHAT COULD BE MORE SUITABLE TO SERVE AT A BRIDAL SHOWER? FRUIT SALAD IS DELICIOUS, ATTRACTIVE AND LIGHT ENOUGH THAT WEIGHT-WATCHERS CAN WITH CLEAR CONSCIENCES FOLLOW IT UP WITH A RICH DESSERT.

FOR a bridal shower you may like to ask a few of the bride's intimate friends to share a simple supper before the big event of the evening—presenting and opening the gifts.

There is nothing girls like better than a salad-sandwich meal. As the tastes of the men do not have to be considered, the ingredients of the salad and the fillings or the spreads for the sandwiches may be rather dainty rather than hearty.

★ ★ ★

GRAPEFRUIT SECTIONS as a main item for a fruit salad are a good choice. They will probably be in canned form just now, fresh orange sections may be combined with them and berries or cherries used as a garnish.

If you like, the fruit may be jellied. This type of salad may be prepared in advance.

With a plain fruit salad, French dressing may be used for marinating and a richer, thicker dressing passed at the table.

★ ★ ★

SANDWICHES or canapes should have savory fillings or spreads. Watercress butter, cream cheese combined with minced olives and chicken or fish paste are good suggestions. With such a light main course, a heavier dessert may be served if you like. Even weight-watchers, provided with such an excuse, will enjoy ice cream with a chocolate or a butterscotch sauce topped with nuts.

Fruit Salad.

One envelope unflavored gelatine, one-half cup cold water, one and one-fourth cups hot canned grapefruit juice, one-fourth cup sugar, one-fourth teaspoon salt, one-half cup diced celery, one cup grapefruit sections, well drained, one cup halved orange sections, one-half cup berries or cherries.

Soften gelatine in cold water. Add hot grapefruit juice, sugar and salt and stir until dissolved. Chill until mixture is the consistency of unbeaten egg whites. Fold in celery and fruit. Turn into one large mold or individual molds and chill until firm. Unmold on salad greens and serve with fruit salad dressing. Yield: six servings.

Fruit Salad Dressing.

One-fourth cup orange juice, two tablespoons lime juice, one-fourth cup sugar, two egg yolks, one-eighth teaspoon salt, two egg whites, one-fourth cup heavy cream, whipped.

Heat fruit juices with two tablespoons of the sugar in top of double boiler. Beat egg yolks slightly and add salt. Stir in hot juices slowly. Return to double boiler and cook, stirring constantly until mixture coats spoon, about one minute. Beat egg whites until stiff. Add remaining two tablespoons sugar gradually and beat until very stiff. Fold cooked mixture into beaten egg whites and chill. Just before serving, fold in whipped cream. Yield: One and three-fourth cups.

My Day

Journey to Japan

By Eleanor Roosevelt

TOKYO, Japan.

HERE we are in Tokyo and I can hardly realize that I left New York City at midnight only 36 hours ago. The trip from Los Angeles was most comfortable. In Honolulu, though we arrived at 9:30 p.m., we were met by many kind people who hung leis around our necks until I could wear no more and had to beg to be allowed to carry them on my arm. We were driven to the delightful hotel on Wakiki Beach where I had a bath and actually lay down for 15 minutes and then back to the plane and on our way.

Constantly setting your watch back does do queer things to you and 6 a.m. on Wake Island was really 10 p.m. in New York. It was a beautiful day after breakfast the young engineer who is rebuilding the whole installation after the bad typhoon of last autumn, drove us around to show us what war had done and what the typhoon had done. We saw a delightful inner lagoon, which the reef keeps free of sharks where the 500 employes who live on the island go swimming. There is no school, but the few children of school age are taught by correspondence courses and the little children seem to thrive untaught.

★ ★ ★

WHEN WE LOOKED at the shelter where 180 people stayed alive through the typhoon, we realized what they had been through and it was hard to believe that the station wagon we were driving around in had lived through the same storm, even though it had been blown over a number of times and been filled with water because the water came right up over the island. Now there will be buildings which should withstand a 180-mile wind.

The Japanese certainly fortified the island well. There are still guns to be seen sticking out of the sand in various places.

We landed in Tokyo, coming in over the islands and circling the city. From the airport it is a long drive through drab streets, poor houses, poor shops. The type of approach you find in so many of our own cities in the United States. Nowhere in the world do we seem to plan an attractive drive in from our airports. Finally we reached downtown Tokyo and our hotel. A charming sitting room with a little balcony with green trees to shade us made me hope it may be possible to have breakfast on the balcony in the morning.

★ ★ ★

I HAVE ALREADY BEEN over my schedule for the next few days with Dr. Takagi and Mr. Matsumoto. I also had the pleasure of seeing Mme. Saito and Mr. Asano. On the plane I had a chance to talk with a very charming Japanese woman, Marchioness Hackisuka, who was returning from the United States where her daughter is in school. And as I walked into the hotel the first person I saw was Miss Marian Anderson, who has been touring Japan. They tell me she has had great success. She sings here tonight and we are going to hear her, which for me is a great pleasure.

Uncle Ray's Column

By Ramon Coffman

MANY persons have been puzzled about the statement that a star could "go out" years before anyone on earth would know about the event. This question is outlined in a letter from G. A. Broussard, who writes:

"I have read time and again that a star which we see tonight may have disappeared many years ago. If a star 100,000 light years away exploded and disappeared, it is said that we would keep on seeing it for another 100,000 years.

"I know that light travels 186,000 miles a second, but I always have been under the impression that sight is instantaneous. When we look at anything, our sight takes it in at once, or in a fraction of a second. Why don't we see a star as it is, instead of as it was?"

★ ★ ★

WE SEE an object only because light rays come into our eyes. The rays are reflected, or sent out, from the object and go through lenses in our eyes. They strike the retina which lines the inside of each eye, and nerves carry the picture to our brains. To see, we must have light rays, as well as eyes. In absolutely complete darkness, even the eyes of a cat would fail.

If we spy a cat or dog across the street, we may say that the sight is "instantaneous." The light rays come to our eyes in such a tiny fraction of a second that the time hardly counts. It is much the same when we observe a lightning flash a mile or two away.

★ ★ ★

IF WE COULD SEE a lightning flash which took place 3000 miles away, the light rays would travel to our eyes in just under a sixtieth part of a second.

Moonlight takes a little less than one and a third seconds to reach us. When the sun is at an average distance, its rays travel to the earth in eight and one-third minutes. The stars are so far away that their light takes years to reach us, millions of years in some cases.

BOOKS FOR THE BARON

by Anthony Morton

CHAPTER TWENTY-EIGHT

THE man pressed his hand against the side of the wall, to steady himself, then put a leg into the room. Soon he was standing by the window, staring at the girl.

Another man appeared at the top of the ladder.

The first put his hand into his pocket, drew it out holding a small rubber bag. The bag was tied at the neck with a piece of cord, and he unfastened it and then took out a pad of cotton-wool and a tiny, dark-blue bottle. As he uncorked the bottle, the other man joined him—and the pungent smell of chloroform stole into the room.

Mary lay on her back now, one arm outside the bedclothes, one bare shoulder showing just above the sheets. The man held the pad of cotton-wool in the palm of his hand, spread a piece of gauze over it. He went a little closer, then moved swiftly, thrusting the pad over her mouth and nose, pressing tightly. She kicked and struggled, she writhed desperately—but soon grew weaker as the chloroform took effect.

She lay still.

"Hurry," said the man with the chloroform pad.

The other tossed back the bedclothes, lifted the girl and flung her over his shoulder.

★ ★ ★

MAKING no attempt to conceal himself, Mannering walked about near the Whites' cottage—and five times in 10 minutes he was challenged. Gadden certainly hadn't taken any chances. The back and front of the cottage was closely watched. One of the guards was Wilkinson, who told him in a shrill whisper that eight men were within call.

Just after half-past one, Mannering decided to go back.

As he neared the North Lodge, he saw the lights of another car in front of him. He had passed nothing else on the road, the whole countryside was asleep; so the lights puzzled him. They were going in the same direction, which was odd, because he should have seen the glow before; the car couldn't have been in front for long.

The beam of his own headlamps fell on the gates.

They were closed; usually they were kept open.

His foot went down on the accelerator, and the car shot forward. The other must have come out of the drive, or been parked near it; someone had closed the gates to hold up possible pursuit.

He cast quick glances right and left—and in the glow, saw the shaggy shape of a dog. Leo! And a man.

★ ★ ★

THE dog went out of sight, and Mannering flashed past the man; next moment he heard something strike the back of the car. There was another noise, a loud clang; a fender was hit. He didn't turn around, but crouched low over the wheel.

The man he had passed was shooting at him.

The driver of the car in front was going fast. Mannering heard the squeal of brakes as it went around a bend. His own car held the road well, better than the one in front. The two seemed to be going at about the same speed. The driver in front must know that he was being followed.

Just here there was a long, straight stretch, and there was a chance of gaining. Mannering took the automatic out of his pocket and rested it on the seat beside him, so that he could pick it up more quickly.

He put his foot down hard, and the speedometer needle touched 70, but the leading car was still 50 yards ahead.

There was less than 20 yards between the two cars now, and the road was wide enough for him to pass—or would have been, had the other car kept at the side.

Now he could see a man's head and shoulders through the rear window. He saw something else, something which puzzled him—chestnut hair.

It wasn't a man. It was—Mary Scott!

She was in the car; leaning sideways, so that her head just appeared in the window.

The other driver was good; he'd steady the car and probably save it from overturning. They were still in the tunnel of trees, Mannering couldn't see another bend yet, so this was the time to catch up with his quarry.

The speedometer needle crept towards 75, but the leading car was traveling as fast, Mannering couldn't draw any nearer. Soon they'd take a pot-shot at him. He mustn't shoot until he was a little closer. If he put a bullet through that window, it might go through Mary's head.

★ ★ ★

THE car was no longer just a dark blur, but a clear shape in front of him. The number-plate was easy to read, but it was probably a false plate.

Flash—crack!

He heard another sound—a crash in front of him; the windshield was suddenly starred with white lines. The flashes came more quickly, three in succession.

Mannering pulled the wheel over, scraped against a hedge, and got back onto the road, but the car was pulling badly towards the side—and he realized with a sickening sense of failure that one of the tires was punctured. He saw the red light, much farther away now, and the fading glow of the headlamps.

The red light disappeared, the glow remained.

He had to stop to fix the tire.
